# 1 - Why Kairi is a stalker

(I don't know anything about the way sora really feels about Kairi Besides from what the games 1 and 2 are like.)

"Hello and welcome to interveiw with game characters. On todays show we have Sora and how he really feels about Kairi."

"So Sora any one who has played Kingdom Hearts 1 or 2 knows what you think and feel for Kairi. But do you actually have any feelings for Kairi?"

"Uh, well to tell you the truth, uh um well I think of Kairi as a stalker."

"And why is Kairi like a stalker to you?"

"Well before the first game I had just met Kairi and once she heard that the fruit legend was true she kept following me around with one of those cursed fruits Going "Sora wanna share a Paopu?" And "Sora lets intertwine our destinys!" Even when I went home she would follow me to my house. Sometimes she would throw pebles,then when I would look out my window to tell her to stop she would say "Sora let me in and we can share the Paopu." This one time I told her "If you stop following me around I will!" Of course I was only kidding but she thought I was serious so the next day at the studio she's like "Sora you said that if I stoped following you around you would and I did, so why won't you share the Paopu with me?" And I said "What are you doing now you're following me!" And of course she ran off crying."

"Okay well it's time to take our first comercial break!"

## 2 - Friendly moments

"Okay we're back!"

"Alright Sora so now that the viewers know why Kairi is like a stalker to you, why don't you tell us if you have any friendly moments or moments that you wanted to actually share the paopu fruit with Kairi?"

**"NO NEVER WANTED TO SHARE THE PAOPU FRUIT WITH KAIRI!!!** But yes there have been friendly moments."

"Would you mind telling us those friendly moments?"

"Sure why not there was this one time when we were going to the prom not as a couple or anything she spotted me and she stood by my side the whole time, but anyway her dress was beautiful and I said "You look very beautiful in that dress would you like to dance?" And of course she said yes but just then Riku came up behind her and lifted her dress and she slapped Riku so hard and kicked his nuts and her shoe was the type of shoe that has a pointy tip and Riku couldn't walk for 3 months."

"Okay well umm...Are there any more funny stories you would like to share?"

"Yes I have so many I'm only going to tell you a few the first one it was about 4 months after we had first met and here's the set up she's walking with Riku got him by the ear, and every time she saw that she could hit Riku's head against it she would and so about half way to her house, she was going to make him help her with her homework, She was about to hit Riku's head against a tree he suddenly flipped backwards and aimed to grab her ear but accidentally grabbed her butt! She tried to slap him but missed and slapped the tree and then Riku banged her head on the tree, she passed out and when we were taking her back to her house the wind blew and her skirt flew up and over my face Kairi wakes up and sees me with my head in her skirt she faints again. Next day she wakes up and tries to cross the street to get to school and she didn't notice the don't walk signal and so she gets hit by a car right in the hip and goes flying through the air lands on her feet and starts walking back home embarrassed she's trying to play it off like she didn't just get hit by a car."

"Okay time for our second commercial break!"

### 3 - Kairi foe?

"Okay viewers we've learned why Kairi is like a stalker to Sora, about some friendly moments, and now we're going to learn about why Kairi might be a foe."

"So Sora is kairi some what like a foe?"

"Yes some what she is."

"And why is that?"

"Well for starters she is always bugging me and then it's like a constant battle for her to leave me and Riku alone when we're messing around she always tells Riku "Don't be so rough on my sora Wora!" So yes she is like a foe."

"Alright Sora that means that your quote will end our show that was planned!"

"WHAT?!"

"We have a surprise for you Kairi was listening the whole time!"

"OH F\*\*\*K I'M SO DEAD!!!"

"Yeah you are!"

"Please don't pull me by my ear Kairi please! OWWW! OWWW! OWWW!"

"Come on You'll be lucky if your man hood survives this one!!!"

"Well thank you viewers for watching "Interviews With Game Characters!"
