Bio: Experiment 000 was actually a clone created by Mitch that was fused with chemicals and such, giving her the ability to shapeshift and use elemental attacks, among others. She attacked and destroyed most of the Sci-Tech Labs when she was in her superior form. After learning how to control her forms and transformations; and learning about emotions, Guilt made her pay back the company, but Fear prevented her from telling them it was her who destroyed most of it in the first place. Despite Modesty's attempts, she was elected to be the new Royal Queen of the Galaxy, and the last one was assassinated during the war between Vadimer and Pailyneos. Lust later created Arken.

Name: Pyra
