Chapter 1 - True Feelings

2

1 - True Feelings

*We always hang together
As the teens would call it
Even though you often show it
I know you really want it*

*You hide your feelings
I hide my feelings
We all hide our true feelings about each other
In this world*

*I have hookers
You have wives
We're ladies men
And nothing otherwise*

*People think we're together
And you always correct them
Even though I now realize
That you wish it was true*

*You say you find another girl
Another possible wife
Even though I understand
That you truly want a man*

*I like women
You like women
Women are fun, more exciting
Yet, I am intrigued by you*

*Egh, gay is just a word
A word people look down on
But even though I figured out
That you love me
I still can't comprehend*

*You looked at me
You smiled weakly
You opened your mouth and raised your hand
Then you said the three most evil words*

You said 'I love you'

*And you went on
You kept on saying you always have
And always will love me truly*

*I couldn't say it back to you
Even though it might be true
I will not say 'I love you too'
Until you show me you mean it.*
