Chapter 1 - harlequin angels

2

1 - harlequin angels

now im on this stage

painted face and hips that bring all the tips

men staring dumb struck another nights work

and with some luck

i might get by another day

gotta love hells unwanted

harlequin angels with painted faces

covered in sequins and beads

a pair of eyes catch my attention

and were burning the strip joint down

innocence and naivety seated in the front row

and its all eyes on me again im losing face again

little girl dont choke no one wants the committed

remeber your place in line with the other

but i'll be the one who falls

and now im working my life away for a smlie

from a perfect stranger
