Chapter 1 - The Fools and Their Sun

1 - The Fools and Their Sun

A part in the clouds reveals the sun
a blinding bright too marvelous to behold
fools stare and try in vain to reach the star
they laugh and they ridicule all who don't see
why they should grasp what cannot be grasped
let them try and if they can fly
let them fly into the blue
into the sky and watch them burn
in the light of their precious sun
I walk past them in their piteous state
sick of their ways and their talk
watch them go and burn.
