1 - VP Cassie Desc

A twenty year old young Neko female, with short black hair around the back, becoming longer towards the front and hanging in front of her eyes. At the sides, her hair is done up in two buns, tied with black plaid bows, a pair of large dice attached to them. - Sprouting, unfurling and spreading from her shoulders were her wings, black as night and light as the feathers upon them, allowed through her loose black shirt by thin slits in the fabric. A red plaid skirt and black stockings covering her legs. - Over her shirt, she wears a long, black robe, which hangs off her shoulders, held by the crook of her arms. --- You could call her 'Lady Luck', but an aura around her would suggest you not to cheat fate.
