# 1 - Lizzard Queeng's History

uhhh.... you fear me!!! I was born where only chickens survive...and the Naked Mole rats that were cloned with the genetic spores of the last republican presidents,,, and the "DUBYA" These naked Dubyas are our only source of food, vicious terrifying little frackers, these bastards will stop at nothing when cornered. Me and my friends the "chickens" hunt them down, their death cry is known far and wide "weapons of mass destruction,,, weapons of mass destruction!!! AAAHCH,,, AAAAHCC,,, "AAACH", OOHY,,, OWCH, OWCH, OWCH,,, eh, assassination ,eh,,, AAAAAHC!",,,,, bastards take a long time to die and even cut up in the frying pan you can't be sure they're really "dead" till after you eat them. Even then the indigestion is terrible, the great gouts of flatulent gas that incidentally build up are quite painfully, upon release they always form words, strange lies like "hey, Saddam's right behind you!!" or "you ARE safer now!" Life on that world was a dog, but I, the great uhhh um eh, er,, uh, ME!!! can do anything!!!! AND... ON... THIS... WORLD... I will be the Lizzard Queeng!!! So you might be cool, but do you sink like rock when thrown into the ocean????... I know from personal experience.....OOOH,,,,, shoot I feel the vortex drawing me back.....yoooooz.....guuuuuuuuyz.....suuuuuuuuck.....
