1 - The smallest war.....

She had faith for all of them.

But not enough to solve this issue.

Some of them go off and cut themselves while others only try.

They attempted to stop the flowing blood with rags and tissue.

She prays this fight will end soon.

Yet her prayers have not been answered.

She lays sadly on the ground looking up and the moon.

She wished that it had never happened.

And so do some others.

She wonders when this fight will end.

So she sits and waits, looking for a sign of hope that will help.

Help.....

A word used when someone is in distress or danger.

She sits at her computer.

Typing in a fit of anger.

"That's it! I'm done! Good bye for ever!" she types and screams in her head.

The next morning you'll hear a siren wail.

And you'll know that the girl will be found dead.
