1 - Mido's Banishment

In a village, which is far back in the woods, live people that look like nothing more than young adults. These people are called Kokorian race. They lived in giant trees that reach the sky with the shadow of the leaves bringing skeptical beauty unto the land. Small creeks and rivers flow threth the land of Kokoria that brought glistening beauty to the land also. A teenager that had very few friends that fought to protect the village. They're names were Link, Saria, Siano, Pyrist, and Malice.

Link was a young lad who was raised in Kokoria all of his life and seems to be as an outcast of the Kokorian's. He had long blonde that reached down past his back. Blue eyes that shown in the darkest of hour. He wore the signature colors of the Kokorian, which were a Green tunic shirt and brown leather pants. His weapons were a Kokorian Sword and a Deku Shield. He was not afraid to fight for his village. He loved his village enough to die for it. Even though some say that him and Saria had relations.

Siano was another outcast that hardly has a frown upon his face. He has long red hair that also reached down past his back. He had red eyes that show a history behind them, but he has never revealed his history behind them, not even to his closest friends. He also wore a red tunic and black leather pants. He also wore a pair of Iron boots that slows down every one that tries to wear them, but he has grown to run fast in them, and plus it was also his weapon of choice.

Pyrist was a young girl that was shy towards every one. She has never spoken to any one other than Siano. Her and Siano had a close bond between them that was impossible to break. She always seems to have a small smile on her face that grew when Siano came around her. She refused to fight unless she dearly needed to. Her weapon was a great jewel of power called Din's Fire, which casts a stream of fire across the land and destroys the enemies. She had long blue hair that came near her ankles. Here eyes were red, but her eyes also read that she was a lonely person that wants some one to be with them. She a brown leather sleeved shirt under a green tunic and brown leather pants.

Saria was another story behind every one of these fighters. She loved to relax and have a good time. She hated to fight also like Pyrist, but when she needed to she had to. Her and Link travels around together all the time; because, she hates to be away from Link. Her weapon of choice is a long spear with a diamond point on the top of it that glows in the sun. She wore a green tunic with brown leather pants. She had green hair that reached down to her shoulders.

One day Link and Saria was walking threth the Kokorian Village and came across Mido.

Mido was a pompous fool that thinks that he rules Kokorian Village. He had Red Spiky hair. Green Eyes that showed hatred, and the green tunic and brown pants. His weapon of choice was also a Kokorian Sword.

Mido: Saria, why are you hanging around this outcast?

Saria: I don't need to answer you Mido. You don't own me.

Mido: Well I am the king of the Kokorian Village so I do ow....

Malice: No you don't you freak.

Malice was a true outcast that hid in the shadows of the village. You mostly saw him around nighttime. Malice was the creepiest person there in the village. He had a scar that ran down his eye and down past his mouth. He had a red eye and a green eye. He always said that the Red Eye helped him in his ability to fight against enemies that were stronger than him and the Green Eye helped him see in the darkest of dark. He had long white hair that reached around his feet. He wore a green tunic with black leather pants that had rips and tears all over it. He always carried a giant axe around with him that usually took three people to lift, but with him it only took one hand.

Mido: What did you say to me?

Malice: You heard me Mido.

Mido: You want to fight over this.

Malice: I don't need to waste my time to the likes of you.

Link: Guys calm down.

Malice: ...what ever.

Malice walks off and disappeared into the deeper darkness of the village with his hair flowing in the wind.

Mido: You son of a...

Link: Mido calm down it usually takes every one that I hang around with just to take him down. Just you wont do nothing... AT ALL!

Saria: Link does have a point Mido you don't stand a chance against...

Mido: SHUT UP!

Link went to get his sword.

Link: You don't tell her to shut up.

Mido: I don't care because you won't do anything.

Siano: Mido, we should just kick you out of this village once and for all. You are nothing to us. You're just some one that likes to piss every one off.

Siano came walking down the path towards them

Both Link and Saria nods.

Mido: Ok we'll fight to see who gets kick out of here. The loser will be kicked out.

Malice: Just what I have been waiting to hear out of you.

Malice came walking threw the shadows with his axe in hand.

Mido: Yo...You, why do you want to fight me first?

Malice started laughing and got serious real fast.

Malice: Because all the time I have been here, I have had nothing but PURE HELL OUT OF YOU!!!

Mido trembling, then forced a weak smirk across his face.

Mido: F...fine. I will fight you first.

Malice: Good.

Malice came down with his axe with a forceful blow that knocked Mido about ten feet back.

Link: (That is a strong force he holds.)

Mido: That isn't fair. I am not even ready.

Malice: Then draw you sword and fight.

By the time Mido reached for his sword Malice had him pinned down with his axe.

Malice: I win. Now get out of here before I kill you.

Mido gets up and walks out of the village with his head down.

Link: You didn't need to go the hardcore on him Malice.

Malice looked at Link with a look to turn fire to ice.

Malice: I fight how I want to fight.

Malice walked back into the shadows with his axe dragging the ground.

Siano: Wow... he is pretty scary...

Saria: I know, but he is the strongest one in the village.

Link: True, but he needs to think that Mido will not survive out there.

Siano: Yeah and if Mido comes back he is better of dead with Malice around here.

Link and Saria nod once again.

2 - Malice's True Colors

Link and Saria turned back and started to walk back. Siano looked at the path that Malice went through and started down through it. As he went through the path the air started to get thicker and the atmosphere started getting heavier.

Siano: What kind of place is this?

He started getting woozy, exhausted, and sick.

Malice: What are you doing here?

Malice jumped down from a tree and landed in front of Siano.

Siano: How can you live in a place like this? The air is thick.

Malice: I have no choice other wise I'd not be as strong as I am today.

Malice looked off and started walking away.

Siano: WAIT...AHH...

Siano clutched his heart in agony.

Malice: What the...shoot. You know damn good and well not to come through here. Your body is not used to it like mine is.

Siano: I don't care just get me outta here.

Malice: What, you can't walk.

Siano: No I can't so get me outta here.

Malice looked at Siano and watched him cry in agony.

Siano: Please...help me.

Siano passed out from the pain and Malice picked him up and took him to the original art of the village.

Mean while, Link and Saria was just arriving at Saria's House.

Link: Well I guess I better be going now.

Saria: Ok I will see you later.

Saria started blushing as Link turned around to walk off. Just then Malice came around the corner carrying Siano.

Link: What did you do to him Malice!

Malice: I didn't do anything; he came around to my part of the village.

Malice throws Siano down on the ground. Link looks at Malice with rage.

Link: You are lying to me. So now tell me.

Malice: I am not so get off of my back.

Link got directly in Malice's face.

Malice: I told you to back off man.

Malice pushes Link about 10 ft from where he was standing.

Link: You bas...

Siano: No Link he is telling the truth.

Link looked at Siano then back at Malice.

Link: Fine.

Saria rushed towards Link and helped him. Malice turned and walked back into the shadows.

Saria: You ok Link?

Link: Yeah...(Why is he so strong? He brought back Siano with those Iron Boots on like it was nothing.)

Saria: Is something bothering you Link?

Link: No not really... I was just thinking. Hey Siano you ok?

As Link looked over he saw Siano being nursed back to regular health by Pyrist.

Saria: How does he look Pyrist?

Pyrist: He is doing fine. It just looks like he was under physical stress.

Link: I need to go see The Great Deku Tree. I will be back later.

Saria: I will come with you.

Link: Well there is no use of arguing with you, so come on.

Saria: YAY.

Saria runs up and hugs Link.

Later as they were traveling down the path towards The Great Deku Tree, Saria feel and hurt her ankle.

Link: You ok Saria?

Saria: Yeah I just think I hurt my ankle.

Link smiles and helps up Saria.

Link: Well you can ride on my back until we get there ok?

Saria: Ok...thank you.

Link: Hey don't worry about it. Accidents happen.

Further down the path Saria wanted to get down and as she was walking around a shadowy figure that popped out of the ground came up and kidnapped her. Link looked around to see nothing then he saw a small shadow figure crawling across the ground with Saria's fairy following it. He looked up to see another being carrying her off.

Link: SARIA NO!

Link went to a chase after the shadow to lead to a dead end.

Link: Where are you?

The being jumped down and stood behind Link. Link went to attack it to have his blade knocked away.

Link: YOU!!!

3 - Battle Of Revenge

Link looked at the shadowy figure to see it was Malice; he was covered in blood and had Saria in his arms.

Malice: I am not the one that you should be afraid of.

Malice put Saria down with blood trickling from him.

Link: What happened to you?

Malice: Your demon spawn came and attacked me then he tried to kidnap Saria.

Link: Demon Spawn...so you are the one that got Saria. Then what was that crawling across...the...ground.

Malice: That was your demon spawn. He is filled with complete and total rage against you. He came to kill Saria that is why I grabbed her and took off with her.

When Malice got done saying that a shadowy figure came up behind Link and went to stab him. Malice grabbed his axe and struck the demon. The demon fell back and got back up.

???: Hmm faster than what I'd expect out of a giant oaf like you.

Malice: Don't toy with me demon. I will kill you even if it is with my own last breath.

Link looked at them puzzled then remembered that he has fought this demon once before but somewhere he doesn't remember. Link grabbed his sword and prepared for battle.

Link: Malice this isn't you battle. This battle is between my demon self and me.

Malice: Are you kidding me...him...he killed her...

Link: Who?

Link suddenly remembered that another Kokoria that died not to long ago that was close with Malice. And on the day of her death Malice was acting weird and they thought it was Malice who killed her. Her name was Kinyo. She was a Kokoria that acted a lot like Malice only difference she didn't come out during the night. Her and Malice was also the closest Kokoria in the village and after she died, Malice was very rarely seen. She was 5'10 and she had red hair that was down past her shoulders and the original uniform of the Kokoria.

Malice: You should remember her Link... She was a friend of yours.

Link: Yeah I remember her now. So what do you think we should do with this freak.

Malice: Skin him just like he did to her.

Link looked over at Malice and it was a different Malice that Link knew. This Malice had the rage of hell fire running through his blood. The Malice that was known to Link was gone and a different Malice has risen from the hidden parts of Malice.

Malice: I will kill you the slowest and the most painful way I know.

Malice took off towards the figure and stabbed him in the stomach and the figure disappeared from there. Malice looked around in rage and fury

Malice: WHERE ARE YOU COWARD! REVEAL YOURSELF!

By that time Malice had another wound cut across him. Malice went through the air with blood flying everywhere and crashed down breaking his arm. Malice got up like it was nothing.

Link: Malice stay down it's my turn.

Malice: No...I will kill him.

Malice got his axe up again and slung it down crushing his opponent. Link came in the fight and struck the demon across the back of the neck and the demon started to fade out.

???: Well well it seems that the fight is about equal even though it is kinda sad it takes two people to take me down.

Malice started to snarl up with blood dripping from his mouth.

Link: No it isn't sad. You know what is sad. You surprise attack people and try to kill them that way. Now that is sad.

???: Think what you want Link...think what you want.

As the last words were spoken the air started to thin out and the sun started to shine more and more. Malice looked up and then he started coughing up more blood.

Link: Malice are you ok?

Malice: Yeah now go take Saria back home I will be there shortly.

Link looked at Malice then nodded. He picked up Saria and carried her away to the village,

Malice: (Kinyo...I tried.)

Malice turned back and crept down the path with a trail of blood following him. As they arrived at the

village they were greeted by all of the Kokoria. They started asking Link random questions and then they saw Malice dragging himself threw the path and they started running off. Siano came up and took Saria.

Siano: Hey Link, what happened?

Link: A battle, but not between Malice and me.

Siano looked at Link in a confused look and then at Malice. Then took Saria off to her home.

Malice: Listen you are not safe her Link. Especially with that freak walking these grounds.

Link: I know, but this is my home so I'm gonna stay here.

Malice: Hmm suit yourself. Just be careful

Malice was out of breath and Link looked at him in concern.

Link: Are you ok?

Malice: Yeah just a great amount of blood lose...I will be ok.

Malice turned and started walking off and fell to the ground unconscious.

Link: Malice, wake up man.

Link picked Malice up and struggled to get him to the Witch Doctor. He started walking and stumbling over his feet and feel a few times, but he eventually got him to the Witch Doctor's house.

Link: Help Malice is ill and needs your help.

Witch Doctor: Yes I can tell. Put him down on the bed and let him rest for a little bit.

Link done what the Witch Doctor said and placed Malice on the bed and left. As Link left the Witch Doctor started to crush up some berries and medical fruits, then she placed the concoction on the wounds and started to wrap Malice up in bandages and other stuff.

Mean while Link went to check up on Saria. When he got up to her house she was wide-awake and smiling at Link.

Saria: Hey there Link. Where have you been?

Link: Well Malice is right now at the Witch Doctors home being healed.

Saria: Oh? What happened to him?

Link: He was in a battle with me to defeat this demon that attacked and killed some one that was dear to him long ago.

Saria: You mean...Kinyo?

Link: Yes.

Saria: Oh...ok. At least you're ok.

Saria got up from her bed and hugged Link.

Saria: I am so glad that you're safe Link.

Link at this time is speechless and looks down at Saria and smiles.

4 - Reincarnation

Later that night Malice awoke and got up. He checked his body for the wounds and they were all covered in bandages. He looked over to see the Witch Doctor asleep. He quietly got his clothes on and left. As he was walking to his house he looked up and noticed that the moon was crescent shaped and had a red glowing aura around it.

Malice: (It is almost time for the next hell spawns to be awoken.)

Malice dashed towards his home then noticed the air and texture of his area was thicker than usual.

Malice: ...No it can't be.

Malice started running faster to his home and when he finally got there he saw an image in front of his door. It was neither ghost nor human. When he got up to his door he realized that the figure was Kinyo. He felt to his knees in tears and started to bawl.

Malice: Kinyo...is that really you?

Malice reached out to her to feel a cold and pasty skin.

Kinyo: Malice yes it is I. Listen Malice I need to tell you something.

Malice: What is it?

Kinyo: The one that you fought yesterday. This creature is known as Dark Link. He was sent here to destroy Link and all of Link's loved ones. You must protect Link with everything you possess.

Malice: What about you, Kinyo?

Kinyo: I must leave her and go back to the sacred realm.

Malice: No please don't leave me.

Malice got up and wrapped his arms around the corpse body of Kinyo.

Malice: I don't want you to go Kinyo.

Kinyo: I must Malice, I was only allowed the time to tell you what I did.

Malice: But, I love you Kinyo. I won't ever let you go Kinyo.

Malice started to bawl twice as much as he did and a tear went down the face of Kinyo and her body started to warm up and grow brighter.

Kinyo: Malice listen I...

Before Kinyo could get out another word Malice already kissed her. Kinyo started to cry also but not of sadness, but of happiness.

Malice: If you must go take me with you please.

Kinyo: I can't, gods know that I want to, but I can't.

Malice: ...ok, one of these days I will be with you again Kinyo.

Kinyo: I know Malice.

Kinyo smiled and started to fade into the darkness. As she faded Malice just stood there and sobbed.

Malice: I will kill Dark Link for the both of use Kinyo, I promise.

Kinyo: Ok Malice. The gods have called me back...good-bye.

Malice: NO WAIT!

By the time Malice reached out his hand she was gone.

Dark Link: Such a shame she had to die a slow and painful death.

Malice: YOU! I will KILL YOU!

Malice grabbed his axe and struck at Dark Link plenty of times and it didn't faze him.

Dark Link: When will you learn that you cannot kill me with mortal weapons?

Malice: Oh really?

Malice placed his axe back where it was and pulled out another that was glowing blue with the spirit of the great Deku warriors powering it.

Dark Link: What is that?

Malice: This ohhh this is the axe that was passed down thre generations that was used to protect the Kokoria Village. Each warrior that used it has casted there soul into this magnificent axe.

Before Dark Link had a chance to step back Malice already struck him threw the chest and sent Dark Link flying back 20 feet.

Dark Link: (That is the Axe of The Gods. It cannot be. That was destroyed centuries ago.)

Malice started growing a light blue aura around him and every second the aura started growing and growing. The light from the aura was so bright that it casted all threw out the village. Kokoria started

coming out of their homes to see the magnificent light.

Malice: I know that the rumor is that this axe was destroyed years ago, but it is in my possession now.

Malice raised his axe and a blue aura started growing at the top of it. Dark Link was petrified and just gazed at the light. The aura started glowing yellow and he sent the aura blasting towards Dark Link. This one attack sent him through the village and into a wall of rocks. Malice went chasing after him and when he finally arrived Dark Link was gone. Malice looked around to see the other Kokoria staring at him and awe. Malice went back through his part of the village and stopped at the entrance of his path to throw his fist up in the air as a sign of a victory. As Malice arrived a quarter of the way there he spotted Link, Saria, and Siano.

Link: What was that?

Malice: This was the axe that was handed down to me from my ancestors...why?

Siano: WHY WERE YOU USING IT. YOU KNOW IT IS FORBIDDEN TO USE THE WEAPONS OF THE GODS UNLESS IT IS AN EMERGENCY!

Malice looked down and looked back at Siano.

Malice: It was an emergency... Dark Link showed up again. He said that no mortal weapons could kill him. I had to use the Axe of The Gods to at least hold him back for a while.

Siano: NO you could've come and got Link or me.

Malice: If you were in my place you would've done the same thing Siano.

Siano looked down because he knew that Malice was right.

Link: He does have a point there Siano.

Siano: Fine...but next time, don't use the axe.

Malice: Fine...

Malice left and went back to his home. When Malice arrived he placed his axe in a case that was protected by the seal of the gods. Malice then crawled into his bed and went to sleep.

The next day he woke up and the air was not thick nor the atmosphere.

Malice got up and he put his clothes back on, he looked outside to see Link, Saria, Siano, and Pyrist. He jumped down from his porch and greeted them.

Malice: Hey everyone.

Link: Malice, don't get over excited, but Kinyo she is back.

Malice looked at Link in disbelief.

Malice: Ther... there is no way. I thought she was dead.

Link looked at him was a giant smile.

Saria: Come on if you don't believe us Malice.

Malice followed behind them and as they entered the entrance of the center of Kokoria Village, Malice saw a group of Kokoria standing around. The group walked up to the crowd to see what looked to be a miracle. Malice started plowing through the crowd to see Kinyo. Malice was left speechless and by the time he had thought of something to say Kinyo already embraced him in a hug.

Kinyo: Malice, I missed you so much.

Malice: I...I missed you too Kinyo.

Malice wrapped his arms around Kinyo and a tear started to crawl down his cheek. The Kokorian's had never saw Malice like this and they thought he was possessed by a demon or something.

Malice: What happened, you said that you could not come back to life?

Kinyo: I know, but when you attacked Dark Link that must of broke a curse or something.

Malice noticed something in her attitude. He started to walk back.

Malice: No...no this cannot be. You are an imposter. No this is just a dream.

Malice started to hit himself over and over in the head to just knock himself out.

5 - Night Of The Harvest Moon

Later that night Malice woke up and saw Kinyo sitting from his bed asleep in a chair.

Malice: (I still don't see how it is her...)

Malice got up and walked out of his house to see that it was almost around dawn. He looked up at the sky and half of it was glowing a bright red and the other half was a dark dull blue. He looked around and the air was the exact same as it was after he woke up yesterday.

Malice: I just don't understand.

Malice leaped off of his porch and went to the village. As he was getting there he noticed a small amount of blood on the ground where he knocked himself out. He stared at it for a while and turned around to see Link.

Malice: What are you doing up so early?

Link: I usually get up around this time it is you that is asleep until the afternoon.

Malice laughed a little bit and looked back up.

Malice: Link when you all went through the passage to my home yesterday morning did you all notice that the air wasn't the same?

Link: Yes and we both know what is coming.

Malice: Yeah the night of the forsaken Harvest Moon. There will be monsters and demons that appear that seem impossible to defeat.

Link: Yeah it has happened 2 years ago and that is when Dark Link was casted upon this world... I guess he just decided to take out the weakest one here...but I don't understand something. All of these Kokoria are so weak it isn't even funny. Why did he decide to attack Kinyo?

Malice: I'd like to know that myself. I mean you got the know-it-all brothers that are worthless, only thing there good for is some small information.

The winds started to howl with the pain of the one of the dead. The smell of blood and burning flesh filled the air followed by more screaming.

Link: It has come earlier than we have expected.

Malice grabbed his axe and went into battle stance. The winds stopped, but the smell of blood and burning flesh still filled the air.

Link: What is wrong?

Malice: I don't know. I just have an eerie feeling in my gut. The time has come to prevent the demons from entering our village.

A shadow appeared on a ledge in front of both Link and Malice. A figure came sprouting out of the shadow and the shadow showed as Dark Link.

Dark Link: Well it seems like it is time for the feast.

Link: What do you mean by feast?

Dark Link: Kill all that stands in our path and devour their bodies whole.

Dark Link started to evolve into a monstrous form with fangs and horns sprouting from his skull. His body engulfed his sword and claws came from his fingers about five inches long. His eyes went from a dark red to a dark crimson color. He grew about 3 more feet and towered above both Link and Malice.

Dark Link: The time has come so my advice to you is to run for dear life.

Both Malice and Link stood there in battle positions waiting for the attack. Malice started to snarl up again at the sight of Dark Link with the exact same rage that he possessed at their last encounter with Dark Link. Malice went charging at Dark Link in a blink of an eye. Dark Link dodged the attack and threw Malice sailing and crashing into Siano's home.

Siano: What the...

Malice: We need your help Siano. So get up before it is too late.

Siano: *yawn* Why what is wrong... I see now... I will be out shortly.

Malice went charging back at Dark Link while he was focused on Link. Malice slashed Dark Link across the back and blackish looking blood came gushing out of the demon's body. Dark Link turned towards Malice with fire burning in the demon's eyes and went to attack Malice. By the time Dark Link had his hand raised in the air to slash Malice, Siano came running and kicked the giant demon in the head with these boots that were glowing a golden aura.

Malice: I see that you're using the forbidden weapons finally.

Siano: Yeah I know. Link and I will take care of this freak of nature; you go wake up the rest of the Kokoria. And get Saria and Pyst tell them to get their Forbidden Weapons. After that you also go get your forbidden weapon so we can demolish this freak.

Malice nodded and dashed across the village banging on everyone's doors waking them up. When he got up to Saria's home, he banged on the door several times, but she didn't answer. He went in to see Saria still asleep. He walked in and shook her to wake her. When she finally got up she had no clothes on

and noticed that it was Malice in there.

Saria: MALICE!!! GET OUT OF HERE NOW!

She started throwing stuff at him including her spear.

Malice: SARIA STOP I didn't know that you were naked ok, but listen. The demon is back but he is fighting Siano and Link right now. I came to wake you and Pyrist up.

Saria: Well Pyrist will not like you stepping in her home while she is asleep such as myself...now can you step out so I can get dressed.

Malice: Yeah also get the Spear Of Destiny...We're taking down the full demon form of Dark Link.

Malice stepped out and darted towards his home. When he got in he saw Kinyo still asleep, but in Malice's bed. He quietly snuck in and grabbed the Axe Of Power and took off back to the battle. When he got back to the battle both Saria and Pyrist was standing there fighting along side with Link and Siano. Malice jumped in the air and came crashing down on the demons back. He then took his axe, slammed it into the demons back and ripped his flesh on his back even more.

Malice: How many times have you all struck him?

Siano: We lost count about ten minutes ago. It seems that he will not die.

Malice looked at every one's weapons and then saw that Link had his regular Kokoria Sword.

Malice: Link run to your house and get the Sword Of Banishment now.

Link nodded and took off towards his home. When he got there his home was broken into. He looked high and low for his sacred blade and couldn't find it. He then remembered that he had another sword that was more sacred than the Sword Of Banishment. The Sword of Din, this sword had its blades twined within one another and it glowed a radiant red and had the inscription of the goddess Din written on the handle of the sacred blade. Link ran outside and every one was knocked out with blood spattered everywhere. The demon grabbed Saria and picked her up and sent to eat her. Link jumped up in the air slicing the demon's arm off.

In mid-air he caught Saria and when he landed he placed her on the ground.

Dark Link: What in the world. The Sword of Din, where did you take hold of that blade?

Link: Lets just say that I keep it for a favor.

Link jumped in the air and struck the giant demon across the skull. The demon turned his head and withdrawn for a second. When he turned back Malice and Siano was standing with blood covering them both.

Siano: It is time to kill you...

Malice: With the ultimate force known to man...

Link: The forces of the goddesses Ferore, Nayru, and Din.

Link and Malice raised their weapons in the air and a light started to pulsate between both of them. The lights from them grew bright enough to be seen clear across the land of Hyrule. An image started to form between the both of them, which was the Triforce. The holy light from the symbol shot a blast at the boots of Siano. When the light dimmed down all of the energy that was summoned was placed into the Golden Boots. Siano took off running and clashed the demon over the skull and then Malice went speeding around Dark Link at a break neck speed. The only visible thing was for the giant demon was a vortex that was forming under it. Malice leaped into the air and struck the demon with his axe under the chin of the demon. Dark Link came crashing down onto the ground and was bleeding uncontrollably. Link looked at the fiend and delivered the final slash to its skull penetrating it cutting right into the brain of the demon. Dark Link started screaming in pain from the attacks that was delivered to him.

Dark Link: There is no way that you are able to kill me. Why.... WHY!

Dark Link started to fade back into the darkness and the village started to lighten up with the light of the sun. The smell of blood left the field of Kokoria Village. Malice looked up and saw a cloud of smoke cross over everybody from where he lives. Then he looked over to see that Saria and Pyrist were still out cold.

Malice: Link, Siano. You all go take Saria and Pyrist to the doctor.

Siano: Where are you going then?

Malice: I need to check something.

Siano picking up Pyrist and Link picking up Saria darted off towards the Witch Doctor. Malice looked at his part of the village where he lives at and the eerie darkness was back. Malice went through the passage and the air was heavy once again. His old life was back to haunt him again.

Malice: I can't stand this anymore... I must leave this valley of pain and memories.

When Malice arrived at his home Kinyo wasn't there. He looked down and dreaded that his love was gone once again, but this time it was forever. He then looked over on his bed to see a note. He picked up the note and opened it to see it was Kinyo who wrote it.

(Malice listen I had only come from the heavens to watch you fight once again. But as it seemed that the battle was only a draw because Dark Link left in the heat of battle. And listen this night was the night of the Harvest Moon. And when you get this letter I will be gone once again. I will not show back up for another two to four years. I don't want you to weep over me, I know at first when you first saw me in the village with every one around me you thought that you were still asleep. You weren't dreaming or anything. It was the real me that was there. In the flesh and all. I just wished that we could have had more time together than what we did. And with my last words I must tell you that even though I am not there with you I will always love you and I will always be with you.)

Malice smiled and started to cry a little bit. After a while Siano came up behind Malice and put his hand

on Malice's shoulder. Malice looked away and wiped away the tears with his sleeve and looked at Siano.

Siano: Dude it had to happen man. When she showed up back in the village, she told Link, Saria, Pyrist, and Me that after the battle between Dark Link and us.

Malice: Don't worry, everything happens for a reason so I don't feel too bad, but I must leave this valley of pain and memories. I cannot stand it here anymore.

Siano: Well there is a tree that is wide enough to make a possible home for you, but it will be sort of cramped. You just need to carve it out. And while you're doing this you won't have a place to stay so you can stay at my place until you're done.

Malice: Thanks dude, I really owe you one.

Siano: Hey don't worry about it.

6 - The Lost Romance

Later that evening Malice came to get his axes and axes from his home. He then grabbed the note that Kinyo left and placed it in his pocket and left that cursed place once and for all. He spent days working on carving the tree and digging into it. A month later he was finished with it. The area where his new home is was a pretty decent sized area. It was big enough to place a two wagons and a half. He wiped the sweat that was rolling down his head and smiled.

Malice: Finally I am done. I only need to put my stuff from my other home in here.

As Malice was walking through the valley once again his heart fell down into his stomach and made him ill. The smell of blood filled the air then left. The wind kept blowing at a steady pace then quit. The sound of dried up grass crushed under his feet as he walked through the valley. Deeper and deeper he got, it seemed harder for him to get to his destination. He struggled to get to the old home and when he arrived there, there was a figure of Kinyo glowing from the porch. As Malice walked up to it he was smiling with tears rolling out of his eyes once again. As he walked closer to the figure it started fading and when he got to where it was, it was gone. He walked into his old home and moved all of the cobwebs out of his path and saw the old stuff he left behind covered in a thick amount of cobwebs. He lifted his necessities and left that place. Later that night he came back with Link and the rest behind them. Pyrist stepped in front of them and casted Din's Fire to burn the old home down. A blue magnificent flame blasted out of the sacred jewel as it attached itself to the old house. As the house was being turned into dust by the rolling blades of fire and collapsing towards the ground, the image of Kinyo appeared again with a happy expression on her face. He tried to show everyone else but they only saw the bright rolling fire. Then when Malice started to give up he all saw her image in the fire.

Kinyo: Thank you all. By defeating Dark Link my spirit is finally set free and Malice please don't forget me.

Malice with tears in his eyes looked at the image and smiled.

Malice: I won't ever forget you Kinyo.

The smile on Kinyo's face grew bigger; she then looked up and started to go up into the air. She looked down back at Malice.

Kinyo: I love you Malice I always will.

Malice: I will to Kinyo.

The figure disappeared into the night sky with the embers of the fire following it. Malice turned away from the burning pile of rubble that used to be his home. He went into his new home, relaxed for a while, and crawled into bed. That morning he woke up to see a shadow on his wall, but it wasn't a threat unto him. He looked over to see that Link and Saria was standing there. Link was smiling and walked over towards Malice.

Link: Hey dude, umm listen we need to use your axe for something.

Malice: ...Foooooor what???

Link: Well see Pyrist stayed at Siano's place over night and well lets just say that his door is locked and he isn't letting know one in.

Malice just sat there on his bed and laughed.

Malice: Something about the birds and the bees I am guessing.

Link cracked out laughing while Malice got up. Malice grabbed put his shirt on and grabbed his axe.

Malice: Well time to crash a small party.

They arrived at Siano's home shortly after to see Pyrist quietly opening and shutting the door, and then leave with her face as red as blood. She also had a grin from ear to ear; she then looked over at Link and them and stopped smiling, but her face turned redder.

Pyrist: What are you all doing her!?!?

Malice: Ohhh nothing just to check up on Siano. You haven't spoke to him lately have you.

She buried her face into her shirt and let out a little chuckle.

Pyrist: So you all know what we were doing am I right?

Malice: Sort of which who knows.

Siano came out of his house with a big yawn and looked down at Malice and the rest. He smiled and his face turned red also. He paced over to where everyone was standing.

Siano: Well I guess there isn't that much of a point with keeping a secret from any of you all now is there.

Malice: Nope not really.

Link: Soooo what were you all doing in there?

Pyrist face turned into a pale white and she took off towards her house. Siano looked at her and went to chase her, but Malice grabbed his arm preventing him to.

Malice: Well we're still waiting for an answer Siano.

Siano: We're not doing nothing...why what do you think happened?

Malice: Well I don't know probably...

Siano: ...OH DUDE NO WE WERE NOT MATING SO GET THAT OUTTA YOUR HEAD MAN.

Malice released his grip and let Siano and he took off towards Pyristhouse. The rest of them were just standing there confused. They all looked at one another then shrugged.

Link: Well that's what I thought they were doing...now the question on mind is what WERE they doing.

Saria walked up beside of Link and rested her head on his shoulder.

Saria: Really it gets you to thinking a lot.

Malice crept up towards Siano's home and looked inside. He didn't see anything unusual other than the bed a mess; which for Siano that was not strange. Malice then looked back over at Link and Saria.

Malice: Everything seems to be the same so I don't really see what happened. She probably just stayed the night over there and nothing happened.

Link: That is strongly possible.

Saria: Well there is no point in letting this crap up our mind.

Saria grabbed Link's shirt and dragged him to Link's house. Malice just stood there with the wind blowing through the village and the sound of leaves rustling; he then looked back at the house which was dark inside of there and then at the bright blue sky and the snow white clouds. He then walked to his house and laid there on his porch listening to the wind hit the leaves and the blades of grass singing a small tune. He started to doze off and finally passed out. Later that evening with the sun setting, the sky was a bright red with the sun a bright orange color tint to it. The wind had died down into a small breeze that gracefully grazed the leaves. Malice rose up from his slumber and saw that every one was standing near the entrance of the village. Malice got up, wiped the dirt off of his pants and went to check what was going on. He dove into the crowd and dug through them to see it was Mido.

7 - Dawn of A New Awakening

Malice looked at Mido with a snarl that appeared across his face. Mido stood there with a grin spread around his face.

Mido: Malice I challenge you to a battle.

Malice: I thought I told you to get lost and stay lost.

Mido: Well I could really care less what a freak like you says.

Malice: I warned you that if you came back you'd be killed on the spot.

Malice pulled his axe and pointed it towards Mido. Mido just laughed and raised his arms in the air. A black portal started to come out where his hands were raised. The smell of fire and blood filled the air and the fiend started to appear out of the black hole. A red demonic eye appeared out of the darkness and then crawled out of the vortex with a blood-curdling scream. It had the exact features as Malice did. The demon pulled his weapon out of the portal. The weapon appeared to be a twin bladed axe that had some strange writing on the darkened handle of it.

Mido: Well Malice it seems that you won't be doing any killing after all, but on the other hand this creature of your darker self will.

Malice: MIDO DO YOU KNOW WHAT YOU HAVE DONE!!!

Mido: Why yes... I KNOW THAT THIS DEMON WILL CAST A DARK PATH ACROSS THE WORLD...and I don't care.

Malice: You selfish retard.

Malice looked at the fiend slung at it with a strike that seemed to deeply wound it. The demon just pulled the blade of Malice's axe out and threw it with Malice attached to it. Malice went crashing into ash about 20 feet away. Malice came out threw the rubble and started to laugh.

Malice: So this used to be my former self... Well then if this is true then this creature should not be attacking me. It should be striking you.

Mido: No you are wrong, Dark Malice listens to me and attacks those who I want it to. Thus leaving no one behind.

Malice: Well then let's see if this is true. You know how to speak am I right?

Dark Malice: Of course I do you blundering idiot.

Malice: Well then why are you even here, answer me that.

Dark Malice: Well it wasn't my wish. This fool casted me upon thisvillage and made me destroy it. Which was tremendously great, but I don't like idiots commanding me.

The fiend turned towards Mido and slashed down upon him. Mido started to bleed out threw his left arm that fell off. Mido fell to the ground and lay there with his eyes starting to turn a pale gray.

Malice: (I need to find a way to reverse this fast.)

Malice darted the other direction and busted threw Link's door. Link, sitting down rose up and looked at Malice. With concern in the eyes of Malice, Link already knew that a battle was going on. Link grabbed his sword and looked out of the door to see Malice rushing towards the demon once again. Malice jumped high in the air and came crashing down on Dark Malice with his axe slicing the fiend in the skull. Dark Malice looked at the axe and saw that it wasn't the other one. It was the Axe of Power. The axe started to glow and sliced the demon straight across the face. With a black thick liquid pouring out of the wound, the demon screeched in agony and started to retreat the opposite direction to see Link.

Malice: Link we need to take care of this creature as quickly as possible.

Link: Tell me something I don't know.

Malice went to strike to demon once again but missed and struck a wall. The impact from the axe left a crater that was about two feet long and deep within the indentation was the shape of the axe's blade, which was a foot long. As Malice tried to pry his Axe out of the wall Link went and stabbed the creation in the abdomen region. More of the thick black liquid came pouring out of the wound. The demon turned around to a dull end of an axe to its face. The demon was in a daze then Malice and Link charged at the fiend and stroked it across the chest and neck. Therefore the demon spewed out a fountain of the black liquid and fell to the ground disintegrating.

Link: Is that all?

Malice: I hope so...we have fought nothing other than shadowed figures of our former selves and so far we have won every battle even with Dark Link...except the last battle, which was a draw.

Malice placed his axe aside and Link sheathed his sword. The battle was over for today; they looked over at Mido, which was already dead. A calm gray covered his eyes with dried up blood on the ground around him. The Kokoria Villagers looked in awe as he stood there. They turned around to hear a roaring applause across the village. The demon was vanquished, the smell of smoke and blood left the village, and peace has claimed the land once again. Saria, Siano, and Pyrist plowed threw the crowd, and then Saria ran up and jumped into Link's arms and wrapped her arms around his neck. Malice just looked at them and walked off. As he was leaving a crew of diggers came and started digging a grave for the body of Mido. Then a village priest came and started casting the body's spirit into the heavens. Malice walked into his home with dead silence surrounding him. He looked around and saw that nothing was different; he then looked over towards his bed and went to sleep. The next morning the skies were gray and there was rain pouring like a waterfall down unto the earth. He walked outside and looked around to see that every one was still inside of their homes. He took a walk around the village and looked threw their

windows to see that every one was inside either still asleep or sitting next to a warmfire. He then looked over towards the entrance of the village to see that it was locked up so no one can come in or out. He went into this cave that had fire wood kept safe from water so that it wouldn't get soaked. As he walked inside he saw a fire blazing already inside of the cave and some one he had never saw was inside keeping there self-warm by it. He saw that it was a Kokorian female. She had white colored hair like Malice's and she was huddled up into a ball. Malice walked over towards her and she got up and reached for a club.

Malice: Wait a second; don't try that, by the look of it you're not even in the shape to even battle.

Kokorian Girl: Why should I listen to you? You are nothing but a fool.

Malice: Fool huh? Well any ways I was wanting to see if you wanted a warm place to stay for the night other than this damp cave, but since I am a fool I guess I'll be taking the fire wood and be on my way...

Kokorian Girl: Wait, no. Listen I am sorry. I am just very irritable; because I haven't eaten in three days.

Malice: Well I got food at my place if you want some.

Kokorian Girl: I am in your debt.

Malice: Don't worry it's the least I can do...but there is one thing that you can do for me.

Kokorian Girl: What is that?

Malice: Tell me your name.

The girl just stood there and looked down upon the cold ground.

Malice: You do have a name don't you?

Kokorian Girl: Yes, my name is Kuzi.

Malice: Well Kuzi, come on lets go get you some food. And here take this.

Malice gave her his leather jacket that he had.

Kuzi: Thank you... By the way I still hadn't got your name yet.

Malice: My name is Malice.

Kuzi: Thanks Malice.

Malice: Like I said don't worry about it.

Malice grabbed about five pieces of firewood and placed them under his shirt so they wouldn't get to wet. Malice looked outside to see that the rain has died down a little bit.

Kuzi: Hey Malice. Do you mind if I ride on your back until we get there?

Malice: No why do you ask?

Kuzi: It's just a habit.

Kuzi jumped on Malice's back and then Malice darted towards his house. With the rain hitting on the face of Malice it seemed like sharp little blades hitting him. When they arrived there Malice opened up his door and put the logs down on to the floor.

Malice: Hey Kuzi...

Malice looked at his shoulders to see that she was asleep. Malice smiled and then placed her down on his bed and started fix hersomething to eat. About an hour later she awoke from her slumber to see a whole entire entrée was prepared for her. She started eating like as if she had never seen or tasted food. When she was done eating she looked around for Malice and she couldn't find him. She walked opened up the door to see that Malice was coming back with more firewood. As Malice jumped onto his porch he saw that she was wide-awake and waited for his arrival.

Malice: Well hey there Kuzi. You enjoy your nap?

Kuzi blushed and smiled at Malice.

Kuzi: Why yes I did. And thank you for the meal Maly.

Malice: Maly...

He laughed and placed the rest of the firewood on a pile that he had stacked in his home

Malice: So now you're calling me Maly?

Kuzi: Sorry I didn't know that you didn't like that.

Malice: No its fine, to tell you the truth it's sort of cute.

She blushed and smiled again and wrapped her arms around Malice.

Malice: Now what's this for?

Kuzi: I hadn't had the chance to thank you.

Malice: I told you that you didn't have to worry about it.

Kuzi: I know, but I wanted to anyways.

She looked up at him with emerald eyes that shined brightly in the light of the sun. Malice started to blush

as she kept looking at him. She then put her arms around his neck and pulled him closer towards her. Then he coiled his arms around her and then Malice's face turned as red as fire as she kissed him. Malice was surprised of her actions, but even though they just met it felt to him that he had known her for a very long time. As their lips unlocked, Malice's face was so red it went into a crimson color. Kuzi smiled up at him with her emerald eyes; his heart felt deep into his stomach for he was once again in love.

8 - Would You Love A Monster Man

As they released one another, Malice still had hold of her hands.

Malice: Kuzi don't get freaked out over this, but for some reason like I... don't know my heart just sinks down into my stomach. I think that...

Kuzi placed her finger over Malice's lips with a smile on her face.

Kuzi: Malice no need to say anything. I already know what you're about to say. I love you also. I know that we just met and all, but it seems we have known each other for a long while, am I right?

Malice's jaw dropped and he was speechless for a second.

Malice: Wow, are you a mind reader also?

Kuzi laughed and looked at Malice again.

Kuzi: No I am just a lucky guesser.

Malice just looked at her still in awe. He then released her hands as a spin chilling pain went threw his back. He fell to the ground holding his back in pain for a second and got back up.

Kuzi: Are you ok?

Malice: Yeah, but there is something wrong. I just don't know what it is.

Malice looked outside and saw a dark and eerie smoke that came across the land. He saw three shadows that come out of the entrance of the village, which was engulfed with darkness, with bodies that was unfamiliar to him. These shadows were just like the demon spirits of Dark Link and Dark Malice. When the body of these shadowed fiends came out from the shadows, they had the appearance of Saria, Siano, and Pyrist. Malice took off towards there homes and started to bang on all of the doors of his comrades. As the other Kokorian's came out of their homes, they all fell to the ground other than the Kokorian warriors. Malice went back to get his axe and to check up on Kuzi. She was also out from the aura of the demons. Malice looked down at her and then darted to the field for the battle.

Saria: Why are there three of them?

Link: That's what I'd like to know. They usually come out one at a time. Now what ever is sending them wants to get rid of us.

One of the figures walked up to Link and handed him a letter. All three of them then disappeared into the shadows and the same with the dark clouds of smoke. Link looked down at the later to see it was from some one with the name of Ganondorf. As Link opened the letter, another little demon popped out of it

and went running across the ground.

(If this is one of the few who keeps killing my soldiers of darkness. I want you and your squadron to come to the Hyrule castle and show your self's. Other wise I will keep sending more and more of these shadow demons after you until, they have finally controlled your land. If you received this letter at the end of this day, you have two more days to come to the Hyrule Castle. If you refuse then lets just say that your little village will be no more.)

Malice: What is that Link?

Link: It's a threat. This person named Ganondorf wants us to come to Hyrule Castle in the next two days or he will destroy this village.

Malice: It takes a day just to get there. What the hell is he talking about in two days?

Just then another shadow fiend came threw the entrance on horseback. The shadow fiend had a skull with fire surrounding it and a skeleton like body. The demon hopped down from his stead and walked towards every one. He then looked at Malice and raised his hand and motioned him to follow the phantom. Malice gripped his axe till his knuckles were as white as clouds.

Malice: What is it that you want with me?

Phantom Ganon: Well see my lord Ganon has sent me to come and get you for you have unspoken power within you. So you either follow me or your friends will parish.

Malice: Neither will happen, because I will not come with you and if you lay even a bony finger on them you casted into the realm of hell in a heartbeat.

Phantom Ganon: Well if that's how it is, then how about a little battle. You win, you will stay and your friends will not be harmed. And if I win you will come and your friends will be killed. I will give you an hour to make up your mind.

Phantom Ganon got back on his stead and took off into the darkness. Malice looked over at Link and the rest of them. They all had the eyes focused on Malice with rage. Malice then walked away from them with hatred back in his heart. As Malice was walking he was thinking to himself.

Malice: (What did he mean by unspoken powers?)

As the hour passed by Malice arrived unto the battlefield to meet Phantom Ganon.

Phantom Ganon: So have you made up your mind?

Malice: Yeah. I will fight for them even if it does mean death unto me, but I worn you. You hurt any one I will come back and slaughter you the most sick and sinister way known.

Phantom Ganon: Fine. Now how about we get this battle going.

Malice grabbed his axe and Phantom Ganon jumped off of his horse and had a sword that was around five feet long and 2 feet wide. Malice stood there and waited for the first attack to happen. This was going on for about ten minutes and finally Malice went charging in with a forceful strike that avoided Phantom Ganon and thrusts into the ground. As Phantom Ganon rose his sword up in the air, Malice kicked him in the head sending his skull flying threw the air.

Malice: One good thing about having skin. You don't have to worry about losing your head.

Malice finally pulled the axe out of the ground and when he turned he saw that Phantom Ganon was standing once again ready for battle. Malice charged once again towards the fiend, but instead of slashing downwards he slashed across and when the blade of the axe came within an inch of Phantom Ganon, he jumped and landed on top of the axe's blade.

Phantom Ganon: TOO SLOW!

Phantom Ganon struck Malice across the eye; he then looked away and covered up the area that was cut. He then looked at his hands that were soaked in blood. He ripped off some of the cloth from his pants and tied it around his head to try and stop the blood flow.

Phantom Ganon: One good thing about being nothing but bones. You don't bleed.

Malice looked at the fiend with rage once again in his eyes and also the color of his green eye were changing colors from was changing into a full red such as his other eye. Malice grabbed his axe and wait for a second looking for blind spots on the fiend. He saw that the phantoms left side was completely vulnerable. He took off with break neck speed around the fiend and had his axe out slashing the demon. Phantom Ganon put his hand to the side that was cut and a purple haze came out of it. The haze started to fill the air every second making it denser by the second.

Malice: What is that stuff?

Phantom Ganon: Oh the cloud of smoke hahaha that's just a poison gas that pours out of me every time I am struck. So don't breathe it in.

Malice started to grow incompetent of the demon. He ripped off another piece of clothe from his pants and tied it around his face as a gas mask. He then took off towards the fiend again with his axe raised high then noticed a jewel that was imprinted unto Phantom Ganon's forehead. He then thought that if he wanted to take this fiend down he had to strike the skull. He jumped into the air and came down with another forceful blow, but as the fiend started to move the axe followed the skull and nicked it causing slimy black liquid to pour out of it. Malice looked down at his chest to see the Phantom Ganon also struck Malice in the leg and arm. Malice, now limping, turned around and got ready once again, but by the time he had gotten completely turned around Phantom Ganon was with his sword in the air and was coming down slicing into his shoulder. Malice fell down to the ground in agonizing pain screaming bloody murder.

Phantom Ganon: You know to stop this you just got to surrender.

Malice: Surrender to the likes of you. Never.

Malice tripped P.Ganon and went down with his axe but it was knocked out of his hands by the sword of Phantom Ganon. Then the fiend struck Malice in the arm with more and more blood gushing out by the second. Malice fell to the ground once again in pain screaming. Just then a dark flame came unto the body of Malice and started to cover him. The flame got so big that it engulfed everything in a 10-foot radius. Fangs grew from Malice's mouth and his hands grew out blades that extended unto the ground. Malice got up and looked at him self with wonder then looked at Phantom Ganon. He darted towards the fiend with speed that was as fast as light. Malice then started to go around the demon causing a vortex stronger than what he has ever made. A wall of fire started to engulf the fiend and in a blink of an eye Malice struck and tour apart Phantom Ganon piece by piece leaving him still standing though.

Phantom Ganon: How are you able to control this ability of yours?

Malice: I don't I just destroy.

Malice lunged himself into the air once again and came down with a forceful blow that cut the fiend in the middle of the skull. As Malice landed behind the fiend he turned around with another forceful strike that cut the skull in half. Malice stopped and turned around to see a fountain of the black liquid pour out of it. The shadowed horse came and took Phantom Ganon away back into the darkness. Malice then turned back into his original self and came crashing down onto the ground over excessive blood lose. Every one surrounded him as he started to fade.

9 - Reawakening Of A Monster

As he awoke from his rest, he looked around to see that he was inside of his home. He got up still very woozy, staggering around everywhere. His wounds were slightly bleeding from where he got up. He looked outside to still see the blood from both himself and Phantom Ganon. The village had the horrid smell of fire and blood that still filled the air. The darkness was gone from the village for right now. Malice jumped down with his hands on his sides and walked around the village. There was not a sound coming from anywhere. He suddenly heard a scream from a far distance. He dashed quickly to see what the screaming was. As he arrived he saw the Kokoria burning in a giant fire. He looked over and saw Kuzi being thrown into the fire by the fiend Phantom Ganon. Or at least he thought. He rose up to realize it was a nightmare. He looked around his home to see no one was around him. He then walked outside to see that Kuzi was waiting for him. Relieved he took a deep breath and wrapped his arms around Kuzi. She moved his arms off of her and walked off. He tried to follow her but as he was getting down from his porch his side was in pain. He looked down at the ground to see fresh blood dripping off of him, but it wasn't a lot such as it was during the battle. He looked back up to see that Kuzi was gone, but he did see Link, Saria, and Siano.

Siano: Hey Malice I see that you finally woke up.

Malice: Yeah I guess... Did you all see a girl with white hair walk by?

Saria: No, why?

Malice: ...just wondering.

Malice got back up still holding his side in pain. He brushed off the dirt that was on his legs. He then looked at the cave the Kuzi was originally in to see here looking around the corner of it.

Link: Hey is there something bothering you?

Malice: Not really.

Malice walked pass every one and towards the cave. As he arrived there he saw nothing but darkness in the cave. As he walked further on the cave he started seeing a small dim light that was showing deep in there. As he was walking in to the light he saw Kuzi their crying huddled into a ball again. He walked over to her and she grabbed the club as she when they first met.

Kuzi: Get away from me Malice.

Malice: Listen Kuzi, I know not of my actions of what happened. I went into a dark world as I was still battling the fiend.

Kuzi: Don't lie to me Malice. You knew what was going on that whole time.

Malice looked down because he knew that she was right, but he didn't want her to know. He looked back up to get cracked across the head with the club that was in her hands. He stood there with blood dripping down from his forehead with a dazed look in his eyes. He was trying to keep his balance standing up, but after a few seconds he fell down smacking his head against a rock that was resting beneath him. He was knocked out once again. He woke up in the saddened darkness of the cave. He tried to get up, but couldn't see a thing in front or near him. He tried to fell his way around the cave, but as he reached he felt nothing, but the air rushing threw his fingers. He finally felt something, but it was cold. He tried to grab his axe but suddenly remembered that he didn't have it. He raised his fist in the air to try and hit the thing. But as he swung the object, it was as stiff as the shell of a shield. He felt the object to see that it was a body of a Kokorian. He stepped back to stumble across another one. He then got up and tried to run, but the further he got the more of the smell of rotting flesh field the air. He finally came to a light at the end of the cave to see that it was Kuzi once again. She was sitting around the bodies of the Kokorian people.

Malice: Kuzi...what is this place?

Kuzi: Welcome to your last sleeping place Malice, unless you can transform back into the form that you were in.

Malice: You...why do you work for that fiend?

Kuzi: Because the future king has granted me immortality to bring you back to the castle of Hyrule.

Malice: Oh well that's going to be kind of hard now isn't it.

Kuzi: Why do you say that?

Malice had a sword that was in the hands of one of the dead Kokorian's and jabbed Kuzi in the chest then threw the skull.

Malice: That's the reason why.

He then took a piece of log that was in the fire, pulled it out and torched Kuzi into a pile of ashes. He then turned around to leave, but the dead Kokorians rose up and started to attack Malice. He fought his way threw, but the further he got the harder it was to fight them off. He finally got to a point where he was at a dead end and the zombie Kokorians had him cornered. He had a sharp jagged pain that went threw his head. He fell to the ground as his body was starting to be engulfed by not fire this time, but a red aura that glowed around his body. It was neither hot nor cold. The aura changed into a deep metallic blue and then the aura started to grow colder by the second. His body started to be engulfed by ice. Giant shards of ice stuck threw his body cutting threw the Kokorian zombies. The light from the aura glowed so alluring that it filled the whole cave in a mater of seconds. The zombies started to withdraw back into the darkness, but were stopped by giant wall of ice. As they tried to go threw the ice they halt and was turned into ice statues. The remaining ones stopped to gaze back at Malice. He rose up his hand to discharge several shards that infiltrate them all combine them to the walls of the cavern. As he walked threw the cavern annihilate all the fiends that defy him as he left the cave. He walked out to see that it was nighttime and no one was awake to see this monstrous form he has become. He walked to his home and changed back to his normal self.

Malice: (For me to go into these forms...I must be in danger... but why?)

Malice collapsed on his bed and looked out his window to see the stars. As he gazed out into the he slowly fell into a deep sleep.

10 - The Journey Starts

As he awoke from the slumber he looked around to see no one there. He got up and looked outside to see a group of Kokorians standing in front of his home. They were enraged and were about ready to attack him. Then one of them came up and looked at Malice.

Kokorian: Link, Saria, Siano, and Pyrist have left and you are still here. They are fighting for our lives and you sit here on your lazy @\$\$.

Malice: What... when did they leave?

Kokorian: A day ago. If I were you I'd leave now before you end up in a coffin.

Malice was surprised at the comment then ignored it. He went into his home and grabbed his axe, his armor, and other items as he left headed out. Shortly after he left the force of a dark aura was around him. Knowing not of what it was he kept running till he came up to Link and the rest. He finally saw them camping out by a river that was not too deep. As he walked into the base he was tripped and pulled up into a tree hanging upside down. Siano came rushing out with a knife and fork.

Siano: FOOOD.

Siano jabbed Malice not knowing it was he. Malice smacked Siano over the head with his fist and he stopped.

Malice: Siano.... GET ME DOWN NOW!!!

Siano: OW... OH shoot. Sorry Malice didn't know that was you.

As Siano was getting Malice down from the trap that he set, Malice hit him over the head again.

Siano: OW WHAT WAS THAT FOR?

Malice: For being an idiot.

Link: Hey guys stop fighting.

Malice looked at Link and now that Link was pissed off at him.

Link: Malice where the hell were you?

Malice: To tell you the truth I have no clue.

Link looked at Malice and turned away. Malice grabbed his shoulder and turned him around.

Malice: What the hell is your problem?

Link: You should have left when we did.

Malice: Well excuse me but I was in a battle myself.

Link: Oh yeah where at?

Malice: In that cave that the firewood is kept at.

Link: Yeah right. What were you doing fighting off moss from devouring the logs?

Malice drew back and punched Link in the face sending him flying back a couple of feet. Link got up and ran at Malice and struck him to only enrage him more. In a couple of seconds they both was in a knock out drag out fight. Saria and Pyrist came out and tried to stop them but they were only able to stop Link. While they were restraining Link Malice was coming still striking Link over and over again. Siano came and restrained Malice finally and they were still trying to go at one another. Finally there energy wore out and they fatigued and out of breathe.

Malice: Don't ever mock me Link!

Link: Why, we all know that you won't fight unless your life is in the line.

Malice went after Link again but was stopped by Siano again and he knocked Malice out. Malice soon awoken from the brawl between Link and himself and he was inside of a tent being nursed by Saria. Malice went to get up but he was in pain from cut wounds from his side.

Saria: Don't try to get up.

Malice: Why are there wounds on me?

Saria: After the battle Link came and struck you with his sword. Siano got it from him and knocked out Link also.

Malice still enraged from the battle got even more furious. He still tried to get up but the pain was throbbing so much that he was in tears trying to get up.

Saria: See I told you to stop. Now your wounds are opened back up.

Malice: Why aren't you nursing Link?

Saria: Because when you said that thing about the cave. I knew that you weren't lying because every century there is a demon that comes out that has unremarkable beauty and lures Kokorian men into the cave to kill them. Link doesn't believe that is true. He says it is just a myth.

Malice: (that must have been the reason why there were so many Kokorians in there.)

Saria: Well I am done. Just don't try to move any time soon ok.

Malice: Yes Saria.

Just as Saria was about to leave Malice grabbed her pant leg.

Malice: Hey Saria. Thank you.

Her face started to blush a little bit and she walked out. Malice lay there looking at the top of the tent. He rolled over to blow the light out and went to sleep. In the morning Malice woke up before any one else did. He got up still hurting from the wounds but not as bad. He walked out of the tent and went to a nearby river to get some water. As he got threw the brush, he saw Saria bathing. He turned back to go back to camp and was stopped by Siano.

Siano: What are you doing?

Malice: Hey I was just coming here to get some water. I didn't know that she was out here bathing.

Siano: Bathing... Who is?

Siano looked past Malice to see Saria standing behind Malice with a pissed off look in her eyes. Siano's face turned as white as snow and he dashed off screaming. Malice turned around to see Saria and he was just as white as Siano was.

Saria: What were you doing?

Malice face turned white by the second to the point it was blue.

Malice: I...I was just coming to get some water. That is it.

Saria looked at him and smiled. She walked past him to get her clothes down from a nearby branch. She then continued to walk back to the campsite. Malice, still petrified, came out of the state and walked towards the river to end up to be stopped by another trap. Malice, now annoyed, started yelling at any direction to find some one to get him down. Finally Saria came back to get him down. Laughing, she cut him down from the branch he was hanged on and he was still sort of annoyed.

Malice: Did you set that trap?

Saria smiled and stuck her tongue out at him and laughed.

Saria: Maybe. Why what are you going to do if I did?

Malice: Nothing. Just to tell you that there were a few flaws in the trap.

Saria: Flaws? What do you mean flaws? I learned to make it from Siano.

Malice: Well for one the knot on the top of the loop surrounding the foot is sort of lose only thing some

one has to do is untie it and there free.

Saria: Well it is originally to catch animals.

Malice: That's understandable.

Saria: Hey, you want to see if those wounds have healed up enough to catch something?

Malice: Umm ok. What am I going to chase?

Saria: Me. If you catch me then I will give you a kiss. If you don't and end up in another trap then oh well.

Malice: ...Ahh what the hell I guess.

Saria took off threw the trees and brush and Malice chased after her. A couple of times he was almost caught in the traps but cut them with a dagger that he had in his pocket before he was completely caught. He finally caught up to her to see that she was caught in her own trap. She looked at Malice with an embarrassed smile and blushed.

Saria: Umm Malice could you get me down please?

Malice: And that's why you bring a dagger.

Malice climbed up on the tree and cut her down she fell down and hurt herself. Malice jumped down and helped her up. She looked down blushing and looked up at him.

Saria: So I guess I owe you a kiss.

Malice: Don't worry about it. It was fun enough just trying to catch you.

Saria smiled and wrapped her arms around Malice. Malice looked down at her with his face turning red a little bit.

Saria: Malice listen to me. Even though you and me are just hugging. We cannot let Link know about this. Other wise he would kill you for sure.

Malice: I know we can't let him know but him killing me. Ha really cute.

Saria: I am being serious Malice.

Saria looked at him with concern in her eyes and Malice just went along with it.

Malice: Ok I won't tell.

Saria: Thank you.

Saria wrapped her arms around his neck and kissed him even though he told her not too.

11 - Betrayal

As they released one another. Link came threw the brush to see them.

Link: What the hell do you think you are doing with him Saria?

Saria: Nothing...why is it any of your concern any ways?

Link: Because you are not going to be around this trash.

Malice: Trash huh? Well lets see how this peice of trash fights against a wimp such as yourself.

Malice pulled out his axe. He rushed towards Link and swung at him, but Link dodged and came back with a furious strike to the face. As the blood started pouring out of Malice's forehead it started to go into his eye. Malice went into blind rage the second the he saw his blood. He started swinging his axe rapidly everywhere that is able. Link scared took off with Saria with him.

Saria: Link let go of me. Malice HELP!

The second that Malice heard her scream he wiped away the blood from his up eye and took off after Link. As he almost caught up to him, Malice was snaged into his own trap. As he went up into the branches he took out a dagger and cut himself free, but as he landed he looked around to see that Saria and Link was gone. He ran towards the opening of the forest and brish and saw that Siano and Pyrist was still there.

Malice: Siano what the hell happened?

Siano: Hey man don't get mad at me. Link woke up and saw that Saria was gone and so were you and he went looking for you.

Malice: And now I can not find niether of them.

Siano: Well this is an open field so we could possible spot him from a good distance.

Malice: Or he could have still hid in the forest.

Siano: Your true about that...well what are we gonna do?

Malice: Siano you look in the eastern part of the forest Pyrist you stay here and yell if you see them and I will look in the western part of the forest.

Siano: Is it smart to split up like that?

Malice: Maybe not, but right now we got to because if he is planning to kill her then we need not to waste

time.

Siano: Ok lets go.

They split apart from one another and went on the search. They all ended up in traps that was sat up by Link but Siano and Malice was able to break free, but they heard Pyrist scream from the distance as they arrived there Link was about ready to kill her but was stopped by Malice. He grabbed Link's swords and ripped it out of his hands, but on top of that Malice's hand was cut to pieces. Link went to take off but was stopped by Siano. Siano kicked Link across the skull that knocked him out. As he went crashing to the ground Link's tried to stop his fall but he busted his head wide open on a rock. Malice went to check on Link carefully. He walked up and Link was not moving. He checked to see if Link had a pulse but he didn't. Malice bent his head down in disappointment. Link was killed when he busted his head on the rock. Malice kicked Link's corpse and sent him flying into the nearby river. Malice heard Saria crying in a hollowed out tree nearby and went to check on her. He saw her tied up with thorns wrapped around her wrist. He took them off while still bleeding from the sword to the hand and the thorns made it worse. Siano went and took Pyrist back to the camp site and Malice picked Saria up and took her back to the camp site also. She was still crying and bleeding badly. Malice looking at her worried not knowing what to do. He remembered a technique that he learned. He ripped some cloth from his pants and wrapped it around her wounds tight enough to stop the bleeding but loose enough not to hurt her.

Malice: Siano go back to the river and get some water to clean these wounds.

Siano: Ok.

Siano darted back into the forest with a pail. Malice looking at his hands then back at Saria's wrist.

Malice: What was he planning to do to you?

Saria: He was gonna kill me for being around you.

Malice cutiously ripped off some cloth again from his pants to use it as a rag then some more to wrap around his hands.

Malice: It just don't seem like Link to do this kinda stuff.

Siano returned with the bucket of water and placed it near Malice. Malice started washing Saria's wounds and he took a wet rag and placed it around her wounds once again. She started to cry a little bit. She looked up at Malice and hugged him. Tears started to pour from her eyes. Surprised he put one of his hands on her back and tilted her head up with the other one and kissed her. As they released on another her face was flushed and she stopped crying. Her face still turning red, she smiled and placed her chin on his shoulder with her arms wrapped around him. Later into the night, every one was beside of the fire with one another. Saira and Malice was laying down on the ground looking up into the stars. Their wounds healed Malice was stroking her hair with his hands. Her hand laying on his chest while listening to the fire crackle, the wind blow, and the stars a glistening.

Saria: Malice I am getting a little bit cold could you go get me a blanket please.

Malice: Yeah.

Malice got up and went into the tent and got her a
