She didnt want anyone to know she still cared for knuckles

Meanwhile deep in the jungle

Tikal: no my ankle really hurts

Knuckles: it better

The two come into a meadow to rest

Tikal: I hope eggman has something to eat im starving

## 6 - the escape plan .final chapter

the team reached the meadow when a stampede started

sonic: what has them all riled up?

Shadow: I think that has something to do with it

They all look back and there was the rex feeding on something out of a jeep

Rouge: well there goes our military problem

They start to back away slowly when they turn around there was another one staring them right in the face

Tails: THERES TWO THERES TWO!!

Shadow: we can count

that being said they start to sprint to the compound

They burst through the front door and when they finally decide there safe they begin to check on each other every one was there except.....Eggman all that remained was a glove

sonic: god rest his soul

Tails: wow an entire compound running off of geothermal power

Knuckles: hey tails come here

tails runs over to knuckles

Knuckles: do you think you can fly that thing?

he points to a car chopper

Tails: maybe if its not damaged it could be our ticket out of here, but first we have to turn on power to open the bay doors

Knuckles: that shouldnt be hard

Tails: I know because the control room is right there

Tails goes in and flips a switch lights flicker on and radios start to hiss but all damaged.

Tails walks over to the plane

Tails: its out of fuel:(

Everyone is devastated until Knuckles says: wait didnt you say there was a chaos emerald here sonic?

Sonic: yeah there is somewhere in this compound

Amy: is this what your looking for

She walks up and hands tails a red emerald

Tails:yes it is thanks amy they must have used this to power this chopper when it ran out of fuel

Knuckles: how long will it take to install?

Tails: not long why?

Knuckles: because we have company!

he points to three raptors jumping down from the beams of the ceiling

Shadow: everyone in the chopper

Knuckles: Ill hold em off Tikal I just wanna say.... I love you

Tikal: NO YOUR NOT STAYING(tears in her eyes)I WONT LET YOU

Knuckles: Close the loading bay window now!

A giant thick glass window came down

Knuckles fought off the raptors but became really wounded in the process  
he crawls up to the glass by sonic and says:Sonic!

Sonic neals down

Knuckles: you have been and ever shall be your friend go with out me

Sonic: no were taking you with us

Tails: hurry sonic theres no time

the chopper takes off and starts to fly home

Tails, sonic and tikal were all in tails work shop

Sonic: I cant believe hes gone

Tikal: (sniffing) I kn-kn-kn\*sniff\*know ill m-m-m-miss him(starts crying again)Tails: what was that listen

Sonic: all I hear is wind

Tails: no listen

All of a sudden the door swung open and there stood.... Knuckles! he was alive

Knuckles: AAAAAAAAAAAAAHHHHHHHHHHHH

Sonic: I know you hurt buddy we just gotta get you to a doctor

Knuckles: no i stepped on one of tails' damn legos.

Tikal: OH MY GOD ITS A MIRICAL(RUNS UP AND HUGS HIM)

Sonic: yes do tell

Knuckles: well you see when I saw you take off I used every amount of energy I had left and ran got on the top of the building and grabbed the side of the chopperand rode but when we got to station square I fell off so I had to walk back here. Sonic Well all that.

Tikal: all that matters is that your alive

Tails: we have to tell the others
