Full Moon

By: Melissa Whitten

Night time falls
Tonight s a full moon
Standing beside me,
You begin to shiver
Your fur turns dark
Eyes turn black
A mysterious smile comes to your face
And you flash your fangs towards me
Before I can even speak a word
Your claws dig into my arm
I turn and run in fear
Then you pursue me
My blood attracts you now
I can t escape
There s no where to run
Nowhere to hide
From this monster
During the day,
You re gentle and sweet
But you re this on full moon
You are mean and viscous
From a mile away
I hear your howl
And pray the night be over.
Finally dawn arrives
They captured you during the night
Your wrists and ankles are bound by shackles
One last fight against the chains
Then slip into peaceful comatose
Sleep, WereSonic, sleep
Til next full moon.
