1 - The first night

We've been together for a good while now. I sleep in my room thinking of you. My thoughts turn into dreams. This is my first night dreaming of you, you talk to me like a lover even when our love has only started. It's a beautiful dream, unlike any other. I want to stay asleep, I can feel the night coming to an end. I try as hard to see your lovely face, keeping my eyes closed as tight as possible lulling myself into your arms. It's easy to understand the difference between lovers and fakes. Alas, the night is gone in my room I'm alone.

2 - The second night

I can't wait to dream of you again. This second night of your handsome face is just too much to bear!
Come to me O' Sandman, bring in a lover's dream. This night I'm in love with. Your talk of lover's is oh
so true. You hold me close, it's not even a dream anymore, I can smell your natural scent. It feels my
nose of love and enchantment. Oh no my love, the night is ending! I wake up, the sun is greeting me,
once again, I'm in my room alone.

3 - The final night

You came to my home! My heart races for your love. We kiss and I fly. We make our way to my room. I'm anxious for your physical love, but you say you love me too much, so I must wait. It's not fair but I understand. We lay down next to each other. I lie asleep next to your beating heart, the rythm pulling my mind into a deep sleep. Even when your next to me I still dream of you. I'm not sure if you were whspering in my ear while I was dreaming or if my dream of you told me what I wanted to hear from you. It was bliss, my heaven. I wouldn't want it any other way. Not again, my dream is ending, the night is ending. Don't tell me I slept my whole night with you. I wake up to see you still there, this night I am not alone.

4 - Another Night

Another night, another dream, but always you
It's like a vision of love, it seems to be true
Another night, another dream, but always you
In the night I dream of love so true

Just another night (just another night)

Another night, another dream, but always you
It's like a vision of love, it seems to be true
Another night, another dream, but always you
In the night I dream of love so true

In the night, in my dreams, I'm in love with you
'Cause you talk to me like lovers do
I could die, I could faint, but it's still the same
When the night is gone, I will be alone

Talk, talk, I'll talk to you
In the night, in your dreams
Our love so true
Talk, talk, I'll talk to you
In the night, in your dreams
Our love so true

Another night, another dream, but always you
It's like a vision of love, it seems to be true
Another night, another dream, but always you
In the night I dream of love so true

Another night, another dream, but always you
It's like a vision of love, it seems to be true
Another night, another dream, but always you
In the night I dream of love so true

In the night, in my dreams, I'm in love with you
'Cause you talk to me like lovers do
I could die, I could faint, but it's still the same
When the night is gone, I will be alone

Just another night, it's all that it takes
To understand between lovers and fakes
So be there, be there
