This was inspired by the short-story Brokeback Mountain.

Many people dislike the nature of this story and movie because it deals with two homosexuals that love each other.

Why is it that female-to-female action is more accepted than man-to-man action?

1 - The Silent Embrace

The Silent Embrace

Standing side by side

Holding onto one another

Never knowing the true pain of loneliness

Forever thinking you will be together

Death covers all that was good

Forever entwining it with guilt and despair

The pain of losing your love settles in

Never escaping the edge of the blade

Reliving your experiences

How lovely they are

So crisp so clear

A mental photograph captured in time

The silent embrace you once shared

Knowing that you two stood as one
