# 1 - A Train Ride

Tis a fanfiction of FMA. There's a girl named Kimera and she came from Korea. Poor Kimera lost her dad and her mom got killed by a car accident. She learned alchemy from her tutor in school. One day Ed and Al were in riding in a train to go uh... somewhere? Kimera went in the train. She sat near Ed and Al. She was thinking about her mom and dad. "Why did this stuff happen to **me**... I miss mom and dad so so...much..." she muttered to herself. As she thought and thought about it she started to cry. Ed noticed her while Al was snoozing. "Um... is something wrong?" She looked at him with deep eyes. She looked away. "I'm sorry... It doesn't concern you." She cried some more. Suddenly she stopped crying. "Hello..?" Kimera wouldn't answer. She fell over. Well, if Kimera gives herself too much stress she passes out. Ed shook her. "Hey, are you okay!?" She still wouldn't answer. On the next stop Ed carried her to a lake. Al followed too. "C'mon wake up..." Kimera's eyes opened. "Victory!" "Huh..? Where am I..?" she asked. "You passed out in the train. So we took you over here." "Well... Here's the story... My dad died of a disease... Then mom took care of me. She already was sick of cancer. Then she told me she was going to the store to buy stuff and then...then..." Her eyes started to water. "Then what?" Ed asked. "Then... I never saw her again. \*Sniff\* \*Sniff\*" She started crying again. "Ed, I hope you didn't make her cry." Al said. "What?! Don't blame this all on me!" She looked down. She started giggling while listening to them argue. Then she started laughing. They stopped argueing and looked at her. Ed smiled. Then they all started laughing. Stay tuned for next time! X3
