# 1 - Meeting of Fate

Ok here it is my first chapter as I have promised the Cast members will be here but there kinda late last I heard sumtin bout getting kidnapped on some bus driven by evil fans or whatever so hopefully they ll get here soon til then enjoy the story~~ Moon Atoka (also FYI I m using my self in the story and also my boyfriend so during the interview don t get confused k)

~~~~~\*\*\*\*\* ~~~~~\*\*\*\*\* ~~~~~\*\*\*\*\*

In a time where demons roamed there were three half demons that had never met but fate thought differently of it and they meet these half demons despised by humans and hated by full demons shunned them from the world, now have to face it together or there next fate is death&

A 15 year old girl was walking through a village wearing a black cloak that covered her long sliver hair, her freighting yet kind golden yellow eyes and of course her black dog ears. The girls name was Katsumi Atoki she is kind and gentle but feared by mortals who don t understand her, hated by demons for having mortal blood in her veins now has to hide the fact she s a half demon. Hmm I wonder what I can eat here? she said walking around and sniffing the air she then saw some rice balls and ramen to eat and she sat down and bought some making sure she thanked the lady while keeping her head down she ate quietly and quickly. That was good much better than what I had yesterday, she said remembering she only had some cooked fish. She got up and started to walk out of the village when a strong wind came through and blew her hood off It s a Demon a villager said and everyone started running grabbing children and the men getting ready to fight. Damn wind she said running into the woods and saw the villagers stopped chasing her and she was now alone in a clearing.

Else where in the forest were two boys one 15 and the other 16 there names were Tenki and Zetsu Setsu both half tiger demon brothers. Tenki s ears jerked a little at the sound in the village Sounds like a half demon was in the village Tenki Said Your point Tenki Zetsu said sounding uninterested. Lets check it out Zetsu Tenki said sniffing the air Wait it s a half demon a dog one to be exact, Tenki said and Tenki said, It s a girl dog demon . A girl are you sure Tenki Zetsu said sounding interested. Yes I m sure it s a girl, he said coming across the clearing and seeing Katsumi standing in the middle of it.

Katsumi heard someone approach and got ready to fight only to see a tiger demon with long black hair and striped cat demon ears looking at her and as soon as their eyes met their fate was sealed. Katsumi took a step back W-w- who are you? she asked sounding scared it s ok I wont hurt you my name is Tenki Setsu Tenki Said shyly. My name is Katsumi Atoki she said smiling and it made Tenki blush. Just then Zetsu walked in and saw Katsumi and he thought she was the loveliest girl he ever saw Hi my name is Zetsu Setsu I m Tenki s older brother Zetsu said confidently Hi I m Katsumi Atoki she said. Do you have somewhere to stay for the night? Tenki asked her well no I don t but I don t want to impose on you guys she said kindly Well it wont be imposing we d be glad to let u stay with us for the night: Zetsu said. Really, thank you so much she said hugging both of them which made them both blush a dark shade of red. Tenki started walking through the woods talking with Katsumi about her parents and where she came from and other topics he could think of, when at last they came to a medium sized hut it had three bedrooms inside and Katsumi was to stay in the last room. Thank you for letting me stay here she said taking off her shoes and opening the sliding door to a small room, No it s our pleasure to help a girl in need. The bathroom is just down the hall, Tenki said pointing to another door. Ok thanks she said nodding and for once in her life she felt like she had a home even if it was just for the night. *I feel safe here, I feel like I belong here with both of them even if it will only last for the night. To me this moment will last a life time* she thought as she lay in her room slowly drifting off to sleep but soon she had a pleasant dream which soon turned into a nightmare. *A boy holding his wife in his arms making sure she is safe and warm I m glad I met you Katsumi the boy said kissing her on the cheek. You mean it Tenki she asked him. Yes of course I mean it I married you after all Tenki said as she gave him a smile and the look in her eyes full of love and trust. While she was being held in his arms she didn t notice the dagger he had in his hand behind her getting ready to plunge it into her heart not only killing her but destroying her trust she had for him and her soul sending it to the after life. I m sorry Katsumi Tenki said regretfully as she asked Tenki what are you talking- she started to ask but couldn t finish because he stabbed her in the heart as she griped the covers in pain coughing up blood and looking into his eyes which were filled with many emotions pain, sadness, and of all of them regret for what he had to do. W-w-why Tenki? she asked as the gold in her eyes started to lose their color as he answered her I m sorry Katsumi I m so sorry he said as he laid her in the bed kissing her on the cheek and leaving the room while she died her soul shattered her trust destroyed and her heart broken she died.* Tenki came in hearing her cry and smelling the tears and he held Katsumi telling her to calm down but she pulled out of his arms and kept crying until he left her alone and she took a nap. She just started crying I think she had a bad dream, Tenki said to Zetsu Well she has had a rough past maybe she should stay here and make this her new home Zetsu said as she walked into the room. Let who stay here? she asked them both Katsumi would you like to stay here and make this your new home? Tenki said hoping she d say yes. I don t know I wouldn t want to be a bother to you guys she said Oh don t worry you wouldn t be a bother to us at all Zetsu said to her So what do you say Katsumi Zetsu asked hopefully. Katsumi looked at both of them carefully and seeing that they really wanted her to stay Ok I ll stay she said happily and both brothers hugged her. *Well it looks like this will be my home I can feel the happiness in here and I m glad I chose to stay. I feel as if I ll have a lot of fun with these two,* she thought hugging them back. If only she knew how much fun she would have she might not have stayed with them cause now the funs just beginning for these three.

## 2 - Arrangements and Fights

Ok here we have the next chappie and I hope you have been reviewing for those hungry children anyways as we can see things have been well no clue how long til I finish this story but hey great things take time, anyways Onwards with the story~~~~ Moon Atoka

~~~~~\*\*\*\*\* ~~~~~\*\*\*\*\* ~~~~~\*\*\*\*\* ~~~~~

Katsumi was so happy to have found a home that she didn't notice that two eyes were watching her. Hmm so the girl is still alive, be happy for now Katsumi for soon you shall be used for greater purposes and as soon as the man said those words he disappeared just as quickly as he was there. I'm going to go take a walk for an hour or two she said as she walked out the door. When she walked out the door she was greeted by the bright sunlight and the warm day. It's so nice out I can't believe I found a home but with two boys who I hardly know she said as she sat down on a rock near a lake.

As Katsumi was sitting on the rock looking at the lake she felt like someone was watching her and she was right someone was watching her, but when she turned around the person watching her was gone and she didn't feel his presence nor could she smell him. *Weird I could have sworn someone was there watching me&. maybe I was wrong she thought and she slipped her feet into the water and relaxing.* Katsumi placed her hand over the water and concentrated on it whispering Water Rose she said as some of the water lifted out of the lake taking shape as a rose. Perfect I can't forget to practice anytime I get she said as she let the rose turn back into water watching as it fell back into the lake.

Back at the house Tenki and Zetsu were in their rooms grabbing their swords. Let's see where is my sword? Tenki asked himself as he opened a closet and looked in other places until he found a long cloth covering his sword. Here it is Tenki said removing the cloth from a long white sword and smiled as he felt the pure power flowing from him to the blade and back again. Well I'm glad I found it for some strange reason I feel I might need it, well looks like you get to see battle again Yin Sword Tenki said smiling. Hmm I know it's here under my bed I think Zetsu said as he looked under his bed Ah here it is. Now I feel it is time to use you once more Yang Sword Zetsu said as he uncovered the long dark sword and he gripped the hilt of the sword feeling the power of its impureness following through him. Tenki was putting his sword back into its sheath and tying the sheath around his waist. Zetsu was doing the same thing and both brothers smiled when they saw each other seeing that they both had their swords.

The man was standing on top of a branch watching Katsumi practice. Hmm it's been far too long it seems she has fully harnessed her powers but she is still no match for me. I killed her parents and now I shall kill her. The man said as he climbed down the tree and stayed hidden in the shadows. Katsumi still felt she was being watched and she made her body tense trying to pinpoint the person. *Someone's there watching me better get ready to fight* she thought as she got up reaching for her sword. So Katsumi we meet again only this time you won't live, the man said as he stepped out of the shadows. Who are you and how do you know me? she asked scared for she felt she heard this voice before. Oh Katsumi that hurts don't you remember me how could you forget the man said right next to her ear and he whispered. I'm the one who killed your parents and when he said that Katsumi felt a chill of fear run through her as she remembered the night her parents were killed. *Katsumi was 6 years old running back to the hut her parents made hidden in the forest. I'm almost home* she said as she ran faster wanting to get out of the cold and into her parents' arms again. *Katsumi ran into the hut only to be greeted by the smell of blood and the smell of a wolf. MOTHER FATHER* she screamed as she saw her parents dead on the floor in her room, then a wolf demon appeared behind her and said *Your parents are dead but don't worry you're going to see them in the afterlife soon* the man said as he held a dagger to her neck. *Katsumi felt anger and sadness wash over her. YOU BASTERD* she screamed as a black aura surrounded her and pushed the wolf away and then Katsumi ran but not without taking her sword, a ribbon, and her mother's fan. *I promise to avenge you* she swore to her parents as she ran through the night. Then the man swore to kill her soon and he left but not before he burned the hut and her parents and spreading the ashes into the wind.

Katsumi blinked back tears as she realized villagers didn't kill her parents but they were killed by the wolf demon behind her. So you killed my parents & you bastard I LL KILL YOU. She said to him. Ha you think it's that easy to kill me even though I killed your weak human mother and your weak dog demon of a father said the wolf demon. How dare you say that she said as she pulled away from him and turned around with lightning speed sticking her foot in the air so she could kick him square in the face but he sensed the kick before it hit him and he ducked down low avoiding the attack. You cannot hurt me so give up and let your death be quick and painless the wolf said.

Tenki heard Katsumi yell and he grabbed his sword and ran out the hut. *Damn it where the hell is she* Tenki thought as he kept running sniffing the air for the scent of dog blood then Tenki smiled as he caught the scent of her and he started running even faster. *Hold on Katsumi I'm coming* Tenki thought as he made it to the clearing. Tell me what's your name? She asked, as she was getting ready for another attack. My name is Kane you might as well know since I'm going to kill you anyways. Kane said smirking. Tenki attempted a kick at Kane's head but he missed and ended up standing next to Katsumi. Katsumi are you ok? Tenki asked looking at her with concern. Don't worry I'm fine Tenki she said. It seems we have another fighter but I can not kill you now my dear but soon & remember your death is in my hands. Kane said as he disappeared into the ground. Who was that? Tenki asked looking at Katsumi. He's the demon responsible for killing my parents she answered looking down making her eyes hidden under her silver bangs.

Katsumi was getting her cape with the hood on, Are you sure you want to leave Katsumi? Tenki asked looking sad to see her go. Yes, I don't want you or Zetsu getting mixed up in my life&but I do promise to return she said looking at him with tears in her eyes. And you're sure you don't want us to come with you? Zetsu asked her, Yes I'm sure, she answered wiping the tears from her eyes and putting her hood on. Just be careful Katsumi, ok, Tenki said to her while she walked out the door. Aren't I always careful? she asked him sarcastically then Tenki took her arm and pulled her close to him hugging her tightly Just come back safely. she said to her. Don't worry I'll come back soon she said as she hugged him back put then pulled away and smiled. Cya Tenki, bye Zetsu. She said as she waved to them running into the forest disappearing into the leaves.

And that was the last time they saw her.

~~~~~\*\*\*\*\*~~~~~\*\*\*\*\*~~~~~\*\*\*\*\*~~~~~

Its been 5 years since I last saw Katsumi, 5 years since I saw her run through the trees, 5 years since I last saw her face and already I feel she s never coming back. My name is Tenki Satsu and I fell in love with a half dog demon named Katsumi who disappeared 5 years ago and never returned until now&

Katsumi was walking through the forest in the middle of the night she was now a little older looking her hair was down to her butt and was even more sliver than before, her eyes were as golden as gold itself but still had the softest shade of yellow hidden in them. *To think five years went by&five years of looking for Kane&five years of traveling and fighting and now I m back in this clearing again.* she thought as she stopped in the clearing where she learned who the killer of her parents were. Five years of lies and five years of truths. She said as she stood in the middle of the clearing looking at the full moon brighten the lands, she stood there and held out her hands as it began to rain. It was raining cherry blossoms beautiful pink cherry blossoms some fell and landed in her hair others gently caressed her cheek as the silently landed on the ground.

Tenki was walking through the forest but then he stopped and sniffed the air *sniff sniff* this scent. No it couldn t be she disappeared. But maybe it is her. He said to himself as he ran towards the clearing and coming to a complete halt seeing what looked to be a heaven sent angel *she s as beautiful as and angel. No she s not an angel she s a goddess.* Tenki thought as he watched the mysterious girl gaze at the falling cherry blossoms her hair glowing in the moonlight and that s when his breath caught and his heart stopped for when the girl turned around he saw Katsumi looking at him. Ka-Kat-Katsumi. Tenki said as he stepped towards thinking this is a dream and if he took one breath he d wake up from this dream. Tenki it s you its really you. She said as she ran to him and embraced him in a tight hug I ve missed you Tenki, It s good to see you again. She said looking at him up and down. Tenki stood there staring at how beautiful Katsumi was she was like a goddess in his eyes, he didn t realize what he was doing until he felt his arms move on there own and pulled Katsumi close to him and then he placed his lips on hers and kissed her softly and passionately. Katsumi stood there in shock

but then she relaxed and wrapped her arms around his neck pulling him closer only pulling away to breath. Tenki and Katsumi stood there gasping for air as they looked at each other until Tenki said Katsumi I-I love you. Tenki said looking at her with loving eyes I-I love you too Tenki. She said tears welling up in her eyes.

While they were kissing they didn't realize that Zetsu saw and heard everything and he was beyond pissed to realize that Tenki got the girl he fell for. Damn that brother of mine. Zetsu said as he walked away from the scene hurt and angry at Tenki for taking Katsumi away from him *How dare he take her she was mine hmm now if I got rid of him then Katsumi would be mine for the taking.* Zetsu thought evilly as a dark power ran through his veins.

Kane was walking through a village of dead mortals who he himself killed *A river of blood, a song of death, my heart beats cold, the scent of death in the air, a wolf must kill its prey, to be soaked in blood is its fate, a path of death a path made from fate, I am only a pawn in life's eyes and until I'm dead I kill.* Kane thought as he continued walking. 5 years since I last saw Katsumi. 5 years and all that time she was searching for me and never found me. Kane said aloud to himself but then he felt a wave of anger and sadness cut through the air like an arrow Ah someone I can use as a pawn. Kane said disappearing into the ground.

Zetsu stopped under a tree to catch his breath when he felt a presence watching him and this presence had a lot of power. Show yourself demon Zetsu said getting into a battle stance. I see you're the brother of Katsumi's friend Kane said stepping out of the shadows reveling himself so what if I am, what's it to you? Zetsu asked him. I can feel your anger you want revenge for your brother taking away the girl you loved the one that was supposed to be yours. I can help you win her back but you'd have to give yourself up to me and turn over to the dark side. Kane said looking straight into Zetsu's soul slowly feeling it turn darker so what do you say turn over and win your girl or stand by and watch what should have been yours taken by someone else? Kane asked. Fine I'll give myself to you, now how do I get her back? Zetsu asked him only one way to win her back Kane said and then said you must kill your brother Kane finished but then added Do you think you can kill him or are you scared? Kane asked making Zetsu madder Of course I can kill him Zetsu answered and then he felt an evil force go inside him turning his eyes as dark as a black hole and turning his heart cold as ice Zetsu could feel the power of evil building up inside him. Now here are your new orders you kill both Tenki and Katsumi Kane commanded and Zetsu nodded and turned around and went to go look for them.

## 4 - The Lovers Quarrel

An were back folks it seems things have gone hectic in the last chappie with Zetsu ready to kill and now things are going to hell in this chappie and the interviews will be getting some guests to come say a few words anyways Onwards with the story~~ Moon Atoka

~~~~~\*\*\*\*\*~~~~~\*\*\*\*\*~~~~~

Katsumi and Tenki were sitting in the clearing watching the cherry blossoms fall to the ground, the scene so romantic Tenki scooted closer to Katsumi and he wrapped his arms around her waist shyly while blushing a soft shade of red. *I cant believe this she loves me, I.. we kissed she has gotten so much lovelier since the last time I saw her* Tenki thought unaware of his brother coming also unaware of Katsumi leaning against him and resting her head on his shoulder. *Tenki I love you so much& you re everything to me and I ll always be by your side and protect you* she thought to herself and she didn t sense the presence of Zetsu coming closer either. *This ll be easy they don t even notice I m here yet* Zetsu thought as he crept up on them and accidentally stepped on a twig

Katsumi s black dog-ears twitched and swiveled around to the source of the sound *Something s out there* she thought as she felt the wind blow cold wind and the clouds grow darker covering the moon. Tenki something s coming and I think we should leave right now, she said while getting up and pulling Tenki out of his thoughts. Are you sure you sense something Katsumi? Tenki asked getting into a battle stance *sniff sniff* she sniffed the air trying to figure out who it was but before she could say anything she was pushed to the ground by an invisible force What the hell is this? she asked Tenki while trying to get up. Its Zetsu s Zero Gravity attack Tenki said pulling out his Yin sword ready to fight Why is he attacking us? she asked getting out her Lunar sword ready to fight. Zetsu stepped out of the shadows smirking with his sword ready to attack them Ah so I found the traitor and his little dog& now how should I kill them one at a time or at the same time&. slow and painful or fast and painless? Zetsu said amused at there shocked expressions Zetsu what are you doing? Tenki asked confused to see his older brother *damn Kane got to him now* she thought as she got in front of Tenki. Tenki he isn t your brother anymore Kane got to him and now he s gone we ve got to kill Zetsu she said to him Katsumi he s my brother I cant kill him there must be another way to save him Tenki said hoping there was another way Tenki I m sorry but there isn t once Kane Gets someone you cant save them&. I know this must be hard but Zetsu choose this path and he must now face the consequences she said to him calmly.

Kane appeared up from the ground How smart and right you are my dear Kane said and then said, he chooses to come of his own free will he& he came out of *jealousy* and *hate* he had

feelings for you Katsumi and you in turn chose his younger brother and now he feels heart broken and betrayed. Kane said in a matter of fact tone. Damn it Kane your dead now she said ready to take him down Tenki you take down your brother&Kane is mine she said to him with acid in her voice and a fire in her golden yellow eyes, Tenki looked at her and nodded standing with his back to Katsumi's back. Katsumi was facing Kane who was in front of her and Tenki was taking on Zetsu who was in front of him both Tenki and Katsumi had their backs pressed together ready to fight. **THE TIME IS NOW** thought both Katsumi and Tenki **NOW THERE DEATH IS HERE** thought both Kane and Zetsu. Katsumi charged forward towards Kane sword in hand ready to take him head on **NOW YOU WILL DIE** she screamed *Lunar Slash* she said as she spun the blade around stopping it on the fourth turn and a black orb of demonic power comes out of it and covers the enemy thus blowing it up, only when the smoke cleared Kane was standing there smirking as if a gentle wind just blew his hair looks like your power is weak Kane said as he rushed forward holding out his hand and a strong force pushes Katsumi off her feet and right into a tree.

Tenki saw this and ran to help her but was stopped by Zetsu sorry little brother but your fight is right here Zetsu said with malice in his voice. Zetsu rushed toward Tenki he sheathed his sword and dodged his attack *Yang Darkness* Zetsu shouted as he spun the sword around above him and a black and evil cloud appeared heading towards Tenki ready to swallow him up in darkness. Tenki saw this and jumped out of the way avoiding the attack but Zetsu saw this and blasted a powerful force at him, which slammed into a tree Damn him Tenki said as he pulled himself up already tired *Katsumi is she ok?* Tenki asked himself as he looked to where she was and saw she wasn't there **KATSUMI** Tenki said as he saw her thrown back again but then saw her push herself off the ground and attack Kane again.

Katsumi jumped right back up after being thrown back into a tree again *Ice Crystals* she said as she took her sword and slammed it into the ground and ice covered the ground and sharp crystals came up towards Kane, but instead Kane jumped up and landed on the tip of one of the crystals and used an invisible force which once again slammed her into another tree Silly girl your crystals don't hurt me& none of your attacks hurt me Kane said amused by her efforts. Katsumi stood up using her sword to support herself **DAMN YOU, Inferno Phoenix** she screamed as she slashed the sword upward and a giant bird made of fire appears and dived straight toward Kane ready to burn him You can't dodge this attack Kane she said with venom in her voice ready for the to end. Or so you think I can't Kane said as he let the attack hit him only to see it turn and head straight for Katsumi. **NO KATSUMI!** Tenki thought as he rushed forward and got in front of her taking the hit of the attack Ten-Ten-TENKI NOOOOOOO! she screamed as Tenki was pushed back into her and they both fell with Tenki lying on top of Katsumi out cold. Tenki are you ok? she asked tears filling up in her eyes **TENKI SAY SOMETHING!** she screamed as she sat up placing his head on her lap, Tenki opened one eye and looked at her I'm ok. Tenki said to her wiping a tear from her eye. Katsumi got up and stood in front of Tenki the air around her changed from one of anger to red hot fury **KANE YOUR MINE NOW** she screamed as electricity built up around her *Ice Serpents* she screamed placing one hand on the blade and pushing forward and gigantic snakes made of ice appeared and they curled themselves around

## 5 - The Death of a Brother

Ok were back again for another chappie and interview so far things have been bad and it just might get worse for our group but anyways Onwards with the story ~~~Moon Atoka

~~~~~\*\*\*\*\*~~~~~~\*\*\*\*\*~~~~~~\*\*\*\*\*~~~~~~

As Kane Disappeared Zetsu stepped forward ready to fight Your mine now Zetsu said as he rushed forward towards Katsumi ready to strike her down. Katsumi stood her ground ready to protect Tenki from Zetsu. Tenki tried to get up but failed to do so, Katsumi don t kill him& he s still my brother Tenki said but Katsumi wouldn t listen Tenki I have to kill him it s the only way to set his soul free from Kane s control&I m sorry but it has to be done she said to him taking out a black ribbon *Death Ribbon* she said holding out the black ribbon and she threw it into the air and as soon as it touched the ground it slithered towards the Zetsu and wrapped its body around him slowly suffocation him into his death.

Tenki saw this and felt tears sting his eyes but he would not let them fall. *Tenki&I m sorry but it had to be done* she thought to herself as she smelt the salty tears in his eyes. Zetsu was lying on the ground dead, Katsumi went over towards him to purify his soul but before she could even touch him she felt a invisible force push her down into the ground. Damn it Zetsu she said into the ground as she tried to get up but Zetsu s *Gravity Force* wouldn t let up. You should ve chose me Katsumi, and none of this would have happened to you&. or Tenki Zetsu said to her and then said Katsumi say you love me and I ll spare you&but I d have to kill Tenki Zetsu said to her.

Katsumi looked at him even though it was painful to move under this pressure. Why the hell would I say that to you& I ll never say I love you, when I love Tenki and only Tenki she said to him, with every word dripping with venom. Zetsu&. why do this? Tenki asked him as he got up to help Katsumi. Why do all of this you ask? Zetsu said then added, Because I love Katsumi more than you possibly could that s why Zetsu said letting his *Gravity Force* slip a little. Katsumi felt the pressure slowly give away and she slowly pulled herself up and she gave Zetsu a death glare. *Good he s distracted&. now to get up without making any sound* she thought as she flexed her fingers, then before Zetsu could stop her she spun around and gave him a hard kick to the chest and he was pushed back off his feet into a tree. There now that s what you get for trying to kill me and Tenki, she said as Zetsu climbed to his feet. Tenki looked from Katsumi to Tenki and sighed *this isn t going easy* Tenki thought as he walked over to Katsumi Katsumi are you sure we cant help him? Tenki asked her and she shook her head slowly Tenki I m sorry we have to kill him she said calmly

Zetsu shot up out of the ground and pinned Katsumi down and held a dagger to her throat. Come any closer and she's as good as dead. Zetsu said as he pushed the dagger tip closer to Katsumi's throat. Let her go Zetsu. Tenki said slowly and as calmly as he could making sure each word had enough venom to it. Never little brother, you took the girl I loved and now she will die along with you. Zetsu said amused to see his brother's face get angrier and sadder at the same time, Katsumi was getting madder. Tenki just kill him don't worry about me. She said to him feeling the dagger press against making a drop of crimson red blood ooze out onto the dagger. Tenki just looked at her and smelt the blood on the dagger and he got even madder and got ready to attack. Ok big brother you asked for it. Tenki said glaring at Zetsu who looked back at him amused. Oh so you plan to let her die, how nice. Zetsu said getting ready to plunge the dagger into her throat as Tenki pulled out his sword. Katsumi hold your breath! Tenki said and then added *Inferno Mist*. Tenki screamed as he stuck the sword into the ground and mist made of fire came up from the ground making the clearing get hotter. Zetsu let go of Katsumi and he jumped back into the forest, Katsumi held her breath waiting for the fog to clear up. Tenki pulled the sword out of the ground and the fog cleared up instantly. Katsumi are you ok? Tenki asked as he ran over to her. Tenki I'm fine, she said as she picked up her sword. But your brother isn't going to be fine when I find him. she said coldly as she looked around sniffing the air so she could find him. *damn he's hidden his scent&how am I supposed to find him now?* She thought getting her self in a defensive position.

Zetsu appeared behind Tenki and got ready to attack but was instead blasted back by Katsumi's *Lunar Slash*. Zetsu give up now you can not win against the two of us. she said pulling out a black ribbon. Impudent wench I shall never give in. Zetsu said coldly getting up. Tenki let me handle this, she said to him and Tenki nodded and stepped back. *Ribbon Scythe* she yelled as she clutched the ribbon of death and it turned into a black scythe. Zetsu sensed no power coming from the scythe and he laughed, You think a scythe with no power is going to harm me? Zetsu asked. Katsumi just stood there staring at him. You think my scythe has no power but just you wait. she said her voice changing into one full of pure evil. *Devils Angle* she said as two black wings came out. Tenki could feel the change in her aura go from anger to pure hatred. *Katsumi* Tenki thought as he watched the love of his life get ready to attack.

Zetsu stopped laughing when he felt the change but he still sensed no power coming from the scythe. Katsumi saw him distracted and took the chance to attack. *Power of Darkness* she said as she took flight above him then came down with the scythe in front of her. Zetsu saw her disappear but he didn't see her come down at him until he felt the blood fall from the wound near his neck. H-H-how can a scythe of no power harm me? Zetsu asked as he fell to the ground dead.
