Chapter 1 - School

1 - School

School is like a jungle you have the top of the food chain the lion that acts so tough on the outside and is so weak on the inside. Next you have the beautiful tiger that has the power and uses it to make everyone do what she wants you to do. At the lower part of the food chain you have the elephant which is very smart yet not as powerful at a school the elephant would be pushed around by the lion and ripped apart by the tiger. School is like a jungle.
