Real Reality

Sit in the darkened room

The empty place called your heart

You dreamed only to find there's nothing to dream for

You hoped only to find there's nothing to hope for

Dream all you want

Hope all you want

You can fantasize that you're world is real

But it's just an illusion you created

Just to shield yourself from the real world

I just wish you had woken from this false slumber long ago

I had discovered all of the truth

But you stayed behind, hoping you'd find your fake reality real

Dream all you want

Hope all you want

You can fantasize that you're world is real

But it's just an illusion you created

Just to shield yourself from the real world

Just wait until your perfect world shatters

Just wait until the real world leaks in

Than you'll finally see...

The real reality
