Chapter 1 - Ayume's Story	2
Chapter 2 - Kito's Story	3

1 - Ayume's Story

Name: Ayume

Age: Unknown but fairly young

Hair colour: Purple/Pink-red

Eye colour: Smokey grey

Wolf pelt: Brown and a reddish colour underneath

Wolf eyes: Smokey grey

The pack were travelling to paradise when they came across a town, the town was filled with flowers and looked untouched by humans.

As the pack rested in a small room under what seemed to have been a house at one point. Ayume was too young to remember the events that followed but she was later told of them.

Her father, Kratos, was the leader of the pack and had not rested with the others when he returned humans had already thrown poison gas into the room. He saw around half of the pack outside crying for the ones who had been lost. Kratos noticed only one of his pups, which was Kito - Ayume's Older brother. Kito told him that Ayume was still inside. Kratos gave up his own life to save Ayume from the gas.

A few years on and Ayume was still with her brother and the pack in the same town, the town had become over-run and filled with humans. The pack was forced to look like the humans and live underground. Soldiers everyday would search for the pack in order to experiment on them. Kito had trained Ayume to attack the humans without asking questions if they held a weapon. While Ayume was using her wolf instincts the rest of the pack were using guns and other human weapons.

When Kiba and the gang came into the town the pack were forced to save them. Ayume was more into protecting her pack than meeting them or having fun. She had been brought up since she could remember to think about her lifespan than about having fun. Toboe showed her how fun life can be when you act your age.

2 - Kito's Story

Name: Kito

Age: Unknown

Hair colour: Black

Eye colour: Yellow

Wolf pelt: Black/dark grey

Wolf eyes: Golden

Kito is Ayume's over protective older brother. He was brought up mostly by the pack leader and his father Kratos.

Over the months after the gas he made a promise that he'd never let harm come to his sister. The rest of the pack made him leader due to his loyalty to protecting his sister they were in turn protect themselves. Kito had changed his way of thinking to using human weapons to save other wolves from making the same mistake.

When Kiba came into the town Kito was the one to decide they were in need of saving. He put his own life and his pack's after the new comers. Kito had trained his sister to obey commands immediately or it would mean getting hurt.

When the battle between the humans started he had nearly shot his own sister when she had missed one of his orders.

Kito made the decision to let Ayume leave the pack to go find paradise when he saw her acting her age with Toboe. He promised he'd save the wolves that had been captured and then meet up with her.

He always had a heart of gold and always will no matter where he is or goes.
