This is poem I based on another I saw in portuguese, I don't know if their is anything smiliar in English that can be considered a copy, it there is, I will delete mine.

Anyway, this poem is like a fantasy story, but if you look hard, you will notice something interesting about it.

I hope everyone enjoys it.

1 - A Metal Poem

It was the night of Halloween
I Night Wished for the Dream Theater, the Theater of Tragedy
Guarded by the Blind Guardian, I got the gates opened and started my Epic journey
Through the Fire and Flames I traveled with a DragonForce in my sorrow heart
The land was as mystic as Kamelot and Angra!
Something I shall keep in my memory for Eternity.
The sound was like a Stratovarius playing his violin
Demons & Wizards crossed my way,
My wounds in my heart were as bad as a Hammerfall on me
When my Rhapsody of Fire ended, I felt as if it had been After Forever...
