1 - The Beginning

Amy was at her apartment settled in Station Square. She was in mass confusion with what doesn't Sonic see in her. She sat on her bed, puzzling to find an answer. She laid down and stared at the ceiling. "What's wrong with me? What doesn't he see in me?" she asked the ceiling. The ceiling didn't answer. She got up and walked to the television room. Amy searched for the remote then eventually gave up. Went up to the TV to turn it on and switched to the news channel. Then went into the kitchen to microwave a TV Dinner.

-TV NEWSCASTER-

"Strange sightings of a odd looking air-craft floating above Sta-" Amy shut off the TV with the remote that has been resting by the sink.

"Shocker, please, tell me something I don't know." She sarcastically said while popping open the microwave. She grabbed the tray of food and sat at her tiny table. Then, there was a knock at the door. Amy slowly rised and walked to the door to find Cream and Cheese standing in the doorway.

"Hi Cream. May I help you?"

"Amy, I was wondering if you wanted to help me move somethings into my new apartment, home, place..." Creams voice trailed off.

"Sure Cream. I'll be happy to help."

"The moving truck is coming tomorrow at nine, so you can come around eight- thirty-ish..." her voice trailed off again.

"Okay, I'll see you then." Amy replied.

"Thank you so much Amy Rose!" Cream said then gave Amy a big hug.

"No problem."

"Amy Choa Choa!" Cheese squeld.

"Bye Amy!"

"Bye Cream." Amy waved good-bye to her young friend who barely has any troubles in the world.

Amy returned to her TV dinner not in front of the TV. She stirred up her macaroni and cheese. Then turned the TV on to surprisingly seeing Tails on the TV showing some humans his new and "improved" plane.

"Why isn't Sonic there supporting his best friend?" she wondered aloud. Then got up to throw her TV dinner tray in the trash.

2 - A message from her loved one's pal.

Amy awoke the next morning, startled. She had the scariest dream about her going missing and how everyone reacted. No one seemed to notice she was gone in her nightmare.

She looked at the clock that read 8:19. "Oh crap, I gotta go help Cream move in!" and just as that she flew out of bed, pulled on a red dress with a white stripe on the bottom, combed out her short, pink hair, then pulled on a pair of boots. She ran out of her apartment when the clock read 8:23. She skipped breakfast and ran down to Cream's new home.

There was a small moving truck with towers of brown cubes waiting to be brought in. Cream was carrying a large brown box with a strip of silver duct tape on the side. Amy ran up to help her with the box.

"Oh, Amy I thought you forgot." Cream replied, still struggling with the box.

"How could I forget? You're my best friend." Amy took the box from Cream and hauled it into the elevator. Cream pushed a round button with a "3" on it and the elevator began to rise.

"Cream, what did you dream about last night?" Amy asked.

Cream thought for a minute. "Hmm... Well, me and Cheese were at the Emerald coast beach and we went swimming and we saw Tails sitting on a towel. He was reading 'Today's Physics'. Then he came and swam with us, then..." the rabbit paused.

"Then WHAT?" Amy asked interested.

"Then I woke up before something bad happened." she giggled. "Oh, look. We made it" more giggles rose from both of them.

Amy dragged in the box that happened to be full of Chao, Food, and Physics magazines.

"Why do you have these?" Amy asked, holding up one of the older 'Physics Weekly' magazines.

"Well, I think it is interesting. Tails likes 'em." Cream replied

"But, he's smart. He's a brainiac. Of course he likes them!" Amy laughed. Cream seemed to think it was pretty funny.

Amy went to Cream's bedroom and started to put the magazines and books on the bookshelf, until, a familiar blue streak flew across the streets.

"...Sonic" she whispered to herself.

"Huh? Who?" Cream asked, puzzled.

"Ummm..." Amy needed an excuse, fast. "I said... TONIC. You know, it's a drink. I saw it on the cover of this food magazine." Amy held up a magazine with a glass filled with a green liquid with an olive.

"Mmmmmm! That's good stuff!"

"...Oh. For a second there I thought you said, SONIC!" Cream and Cheese started to laugh hysterically.

"Yup, funny." Amy replied, faking a giggle.

"I think that'll be it!" Cream said with great excitement. "Thanks for all your help."

"Any time." Amy said. Cream hugged Amy and Cheese gave her a kiss. "Thanks Cheese"

"Chao chao!" Cheese answered. Amy left with her heart at the pit of her stomach.

"Was my dream real? Could it happen? Does that dream tell me I'm not loved by ANYONE???" Amy asked herself. She went to the Starbucks on the corner and ordered a caramel frappichino. Then sat outside.

"Hey Amy Rose." Tails said coming up to her table with a vanilla cream in his hand.

"Hi Tails. How's the plane?"

"Okay, I 'spose. How are you?"

"I'm slipping through reality. Besides that I'm okay."

"Sweet. So, did you hear about..."

"About what?" Amy asked.

"You dunno? Well, there was a odd lookin' air craft and your 'hero' is gonna try and stop it." Tails fluttered his eyes.

"Oh stop it, Tails! We both know he doesn't like me! I would think you would know first since your Sonics best friend and the smartest out of the group." Amy said.

"I know, I know. But, don't waste your time on him. He's so in love with himself. I know I'm his friend, yours too, but he thinks your annoying as hell. I think I should tell you before your heart is torn again." Tails told Amy.

"Thanks, Tails. Your the best." Amy said then Tails retreated to his workshop.

3 - Idea comes to mind

Amy left Starbucks after she finished her frappichino. She decided to go to the SS Mall. She looked in the store Limited Three and saw... Rouge? Why would Rouge be at the mall at THIS time of day? Amy finished questioning herself and walked in and started to browse by the shoe rack.

"Well, if it isn't Amy Rose. What brings you here on this fine day?" Rouge said with a voice that sent shivers down Amy's spine.

"Uh... just browsing. Heh heh..."

"Oh, I thought you came here to see me!" Rouge laughed.

"Well, sorta. I want to-" Rouge put a hand over Amy's mouth.

"I know what you want. You wanna know why Sonic doesn't like you."

"Dang, how the hell did you know?" Amy questioned.

"Who doesn't?" Rouge motioned Amy out of the store. "I know one way..."

"YOU DO???" Amy asked, eagerly.

"Keep your trap shut and listen!" Amy held her mouth and Rouge continued. "You need to kidnap yourself. Or better yet, have someone else kidnap you." Amy thought.

"Well... Eggman is too busy trying to destroy San Francisco..."

"What about Shadow?" Rouge suggested.

"Not a bad idea. Hey! Why are you helping me?" Amy questioned Rouge.

"Okay, you know where Knuckles would be?" Rouge asked.

"Duh! By the Master Emerald! Where else?"

"Thanks" Rouge said, "Oh, and by the way, shadow hangs out around Center Street and Muave Avenue." Then Rouge left Amy thinking.

"DAMN GUN! Why do they make their stupid aircrafts so weird looking?" Sonic questioned himself. He spent the past five hours chasing a stupid plane that was held by GUN.

"Now what?" He started walking back to Center Street from the outskirts of town. He wanted to just, chill.

Amy walked down Muave Ave. with hopes to find Shadow. She tuned down an alley that seemed like a home.

"Shadow, are you here? hello..."

Shadow jumped from the top of the apartment complex to the ground behind Amy practically shaking the ground.

"Why the hell are you here and what the hell do you want?" Shadow confronted Amy.

"Sha... Shadow. I... I need to ask you a question."

"Shoot" Shadow replied, Arms crossed.

"I need you to-" Shadow put his hand over her mouth.

"-To kidnap you? No problem." He finished

"How did you know?" She asked.

He stiffened. "I'm the ultimate lifeform. Remember?"

"Oh, yes. Yes, I remember."

"So, when do you want me to kidnap you?"

"How about...tomorrow."

"Sounds good." He replied then dashed off.

4 - Truth come out

As soon as Sonic walked on to Muave Ave. he spotted Amy walking out of an alley-way. He ran up to her as fast as he could.

"Amy, what the hell were you doing?" he asked

"Why do you need to know?"

"I just want you-"

"You just want me to stay out of trouble so you don't have to sve my @\$\$? Fine. I understand. I won't get into trouble. Just leave me be."

"Look, I save your @\$\$ so I don't feel like a piece of s--t if you die or become injured. I would hate if you died!"

"No you wouldn't. You'd be jumping for joy if I died. You wouldn't care."

Sonic filled with rage. "I do care you brat! If you think I don't care, you better get a reality check because I DO CARE!!!"

Amy gave Sonic the cold shoulder and walked off. "Whatever." She said.

SONic went bisurk and ran to Tails workshop.

"Knuckles. KNUCKLES! Where the hell are you?" Rouge said as she was lurking around to find her loved one. Amy said he would be here on Angel Island, so there she was.

"Looking for me?" a voice said from above.

"Why are you sitting in that tree? Aren't you supposed to be sitting by the emerald?" she questioned the acidna sitting in the tree.

"I can see it from here. And besides, my butt hurts after a while if I sit there for too long." he answered.

"Okay...? I just came here to say hi and see whats up."

"Well, nothing is up. Except the sky but who cares."

"Do you wanna go to dinner tomarrow night?"

"Ummmm.... where?"

"You pick. Not to expencive tough." Rouge added.

"Okay, how about... The Eatery on Center Street."

"Sounds good. Meet you there at eight." Then Rouge left.

"TAILS!!!! What the hell did you tell Amy?" Sonic said bursting in.

"Huh, oh your talking to me? Sorry, I have to work on my plane. I have another interveiw at eight tomarrow. Not like you care." Tails said in a stuck up voice.

Sonic was seething. "Look, buddy. I sorry I couldn't make it. Why does that make you mad?"

Tails stood up. "I follow you around all the time and do what you tell me. The one time something good happents to me, you can't make it. Couldn't the stupid plane wait? I guess I'm always second best."

Sonic peered at his feet. "I'm sorry. I truly am. Can you just tell me what you told Amy?"

"Fine. I told her that you sortof don't care for her. You think she's annoying." he answered.

"Thanks. And I promise, I WILL be at your interveiw tomarrow night."

Tails let a grin spread across his face.

Amy setteled in bed so she would be ready for Shadow to kidnap her tomarrow at five o' clock. Then she shut her eyes and fell asleep.

5 - Shadow's here

At around four o'clock, Amy was cleaning up her bathroom when all of a sudden, the doorbell rang.

"If that's Sonic, I'm gonna be ticked!"

But to Amy's surprise, it wasn't Sonic, it was Shadow.

"Shadow you're early, three and a half hours early to be precise." Amy said.

"I know, you just seemed upset after the argument with Sonic yesterday. I came to cheer you up."

"Well I- HEY! How'd you know that?" She asked.

"I'm the ultimate lifeform. I know everything!" He joked. Amy shot a look at him. "Okay I was spying on you."

"OH!! He hates me I just know it!" she cried and ran to sit on the couch. Shadow walked and sat behind her and started to massage her shoulders.

"No worries. It'll work out fine." He said trying to keep her happy and still massaging her shoulders.

"If not, I will use plan B!"

"What is plan B?" Shadow asked her.

"If plan A doesn't work you'll see." She said.

"Whatever. Can you show me the rest of your apartment?"

"Certainly" she replied.

Amy showed him every room then they reached the bedroom.

"And this is the room where the bed is!" She said twirling around.

"Uh, the bedroom?" Shadow guessed.

"I'm tired! Shadow, there is something I wanna tell you..."

"What's that?"

"If I never see you again, will you remember me?"

"Who wouldn't?" he chuckled.

"Take this." and just like that, she put her arms on his shoulders and kissed him. And Shadow kissed her back. His hands were on her waist. They spun around then fell on the bed, and they both fell asleep.

6 - Fifteen minutes and counting

The clock read seven thirty when Knuckles finished tightening his bow tie. He looked in the mirror and commented his-self.

“Ha ha! I am one sexy beast!”

“Where are you going tonight Knuckles?” a voice said from behind him.

“GAH!!! Oh, hi Tikal. I'm going to eat with Rouge at the eatery. Why?”

Tikal shook her head. “No reason. Be careful.” She patted him on the back.

“Uh, about that thing I told you about, um...” His voice became lost.

“I'll be prepared.” She replied. “Go have fun.” And Knuckles was gone.

“Set your plane here Tails!” Director Mike instructed.

“Okay!” Tails landed the plane on a purple dot so the plane could be seen.

“Can I do anything to help?” Sonic asked?

“No, not really. You could sit there for now.” Tails pointed to a chair for Sonic to sit in, which he did so.

It was only fifteen minutes before Tails got his one hour and fifteen minutes of fame. He was gonna be on CNN NEWS. LIVE! The excitement filled within him as the opening became closer.

Amy yawned and opened her eyes. She rolled over to see Shadow sound asleep, and snoring. Then she rolled back over to look at the clock.

“SHADOW!!!” she started to shake him. “Wake up! We only have twenty minutes left! Gah!” She flew out of the bed and started to tear her dress up.

“I'll get the rope.” Shadow said as he walked to the kitchen and yawned at the same time. Amy finished

making herself look like a car wreck then turned around to Shadow could tie the ropes around her arms.

“DANG! Not that tight!” she squealed.

“Better?” Shadow asked.

“ Yeah, I'm good. Mouth piece.” She instructed. Shadow tied another piece of rope around her mouth so she couldn't talk.

“Mrleets voh!” she said.

“Let's.” Shadow replied helping her out the door.

7 - The clock strikes Eight

Knuckles approached the Eatery and saw Rouge. She was wearing a dress that would break almost ten dress code rules.

"You look, pritty." Knuckles commented.

"Thanks. Ready to eat? It's almost eight."

"Sure" They both walked in and were seated at a booth.

They both pondered the menu for about five minutes until the bunny waitress came over.

"READY SET ACTION!" yelled Dijon the camera girl.

"Hi. My name is Miles Prowler. But everyone calles me Tails. I am about to show you my newst plane, the Hurricane!"

Tails talked a about his past for a good fifteen minutes, then the commercials had to have their turn on the television.

Shadow and Amy reached the top of the tallest building in Staition Square. Shadow sat amy near a pole and tied her to it. Then Shadow pulled the rope from her mouth.

"Thank you so much."

"Any time know, to yell my motive to grab Sonics attention." He started to walk to the edge of the building. He steped over the chain that laid on the roof so he would not suffer a fate on the hard ground.

"OH SOOOOOOONIC! COME AND FIND ME!!!!!!!!!!!!!!!!!!!!!!!"

8 - Last Five Minutes

"Will that be it for you two?" Cream asked Rouge and Knuckles.

"Nah. We'll be fine" Rouge replied then Cream was off to get the ordered food.

After hearing his named yelled at the top of the buisness building, Sonic had to go and become the hero again.

"Tails..."

"Do what you gotta do." Then Tails gave Sonic a thumbs up sign.

"I hope Amy's okay..." and he ran off.

"That ought to grab his attention." Shadow said, proudly. Amy was too busy looking at the chain and scrap of metal on the roof which she was sitting upon. Then she saw someone standing in the doorway of the roof access door.

"SONIC!" she yelled, trying to make it seem like Shadow captured her. But Sonic came running toward Shadow with the scrap metal piece in his hand. He was going to kill Shadow! Sonic dove on top of Shadow knocking him to the ground. Sonic had him in a position that he could not get out of. Sonic pressed the scrap metal on Shadow's neck, choking him. Shadow thought he was going to die if someone didn't stop Sonic soon.

"STOP!" a voice screamed. The metal came off of Shadow's neck.

"Amy, he was going to kill you.."

"No! He wasn't!" she shot back at him

"What? Then what-"

Amy cut him off, "I asked him to kidnap me so you would come to my rescue. I wanted to see if you cared."

"Amy you b-"

"Sonic don't call people that! Damnit!"

“ Shadow, stay out of this. You would have been dead and gone to hell if I was still choaking you!”

As the argument went on between the two male hedgehogs, Amy went to her plan B. She grabbed the chain and wrapped it tight around her neck.

“Hope your happy Sonic” she said then she ran off the building.

“AMY!!!!” Sonic yelled and he dove after her. Then there was a high pitch squeal twenty seconds later.

9 - After the Squeal

Right when Cream was bringing the ordered to Knuckles and Rouge, a high pitched squeal was heard from outside.

"What the hell was that?" Rouge asked.

"I know that squeal! That's Amy!" Cream said and dropped the food. She ran out the door followed by Rouge and Knuckles.

When the three arrived at the front of the tall business building, all the camera people were looking up, including Tails.

"What happened buddy?" Knuckles asked Tails.

"Looks like a suicide... by ...(gulp) Amy." Tails answered.

"NO!" Cream yelled.

All that could be seen was a dangling body hung by the neck wrapped by a chain. Sonic reached the bottom and Shadow came out of the building.

"Let's hold the crowd back." Shadow instructed. Tails, Knuckles, Rouge, Cream, and Shadow told people to stand back while Sonic brought the body that was Amy's to the ground. His eyes were poisoned by tears.

"Amy, if I could go back in time, I'd take it all back. Why did you have to die? Why did you kill yourself. WHY???" By this time, he drenched Amy's hair with his tears. He held her so close. He could still feel some warmth from her body. The warmth started to fade away. When her body became cooled as stone, he was crying, hysterically.

"You tried, that's all that matters." Shadow said from behind.

"I didn't intend for her to kill herself. I was such an @\$\$ yesterday. I told her off and got so pissed! I just thought, go to hell with her!"

“You loved her.” Shadow responded.

“I acted like I didn't, but, I... YES I LOVED HER! I STILL DO!!!!”He screamed.

The crowd died down and the group was surrounding Sonic and Amy's dead body.

Then Rouge opened her mouth to speak.

10 - The "Plan"

"Sonic, you can be such an @\$ to people, with your gloating and when she followed you. I could say this is all your fault and live with it, but I won't. Just, I got an idea." Rouge said with a hint of confidence. "Wow, an idea!" Knuckles said. "This is not a good time for your sarcastic remarks." Tails said. "What is your idea Rouge?" "Me and Cream will take Amy to Tikal. Need I say more?" she said. Cream nodded and was pretending like she knew what Rouge said. Sonic stood up. "Do you think it would work?" he sniffled. Rouge just shrugged back. "Never know until we try. Okay Cream, lets go." And just like that, Rouge and Cream (with a little help from Cheese) they lifted up Amy's cold, dead body. They fley up into the sky and past the buildings. "You do know you caused all this stupid." Knuckles said.
