5 Ways To "I Love You"

If you were the moon
and I were the sun,
we'd be an eclipse
-- together as one.
Words can't explain
how I feel about you
so I'll just say "I Love You",
and hope you love me, too.
you are my life, my blood
the only one for me.
Without you in my life
where would I be?
when you are not around
It's never the same
there is no love, no joy
just heartbreaking pain.
So if we're close together
or far apart, I'll never forget
how you touched my heart.
