It Wasn't You

I was looking out the window and I thought you here.
Then I heard a voice and I thought that ment your here.
Then I started running and looked out that door,
but all I saw was that crazy old store.

I thought I saw you but I knew you wanted me to call you
But all I knew it wasn't you who wanted me to call you.

I woke up out of bed one day and then I heard a noise.
But when I looked outside all it was a group of boys
I went to talk to them but all they did was ignore me
So I said to them,"Hey I'm that girl off t.v.

I know life isn't easy but all I know

I thought I saw you but I knew you wante me to call you
But all I knew it wasn't you who wanted me to call you

I didn't know it was that girl who liked you and I wish you didn't like her
but now it is to late I can't get you back. So don't come around me
and don't come crying to me if you want me back.

I was looking out the window and I thought you were here
then I heard a voice and I thought that ment your here

I thought I saw you and I knew you wanted me to call you
but all I knew it wasn't you who wanted me to call you.
