**Chapter 1 - Heretic Gene**

# 1 - Heretic Gene

## Heretic Gene

Lay down to sleep  
When you dance into my mind's eye  
I can't break from it  
Only being devoted will fight it

Help me overcome the block  
Help me scale the tower you've built  
Will you recognize?  
This symptom is inherent in us all

Don't wait to stop  
Its arms will choke you  
Just take a breath and back off  
You can't treat them like dolls

Just throw away your expectations  
We're only human but with help  
I can fight this gene that creates this gap  
And make the jump from the fire

Through these modern times,  
To my surprise, I respect you  
You've shut up your built-in trap

You know I can't help it  
You know you can't help it  
But in the end we can overcome it
