1 - Triad

Triad

I left it up to you,
How you thought it went crashing
Though I have to say,
I never saw you completely there

So then I picked a flower
who simply didn't care,
Withering away with sores and secrets,
But then it disappeared

A passing glance revealed
a broken mirror
Piecing itself together
Slowly finding its way to decision

But now, I'm cursed with a blessing,
Take it back to remove the arrow
I can't call the shots anymore,
I don't want to love you anymore

Fade. . .

Fade. . .

Be careful what you wish for
