1 - Feels So Good by Atomic Kitten

This is a songfic about Lita Kino from SailorMoon. She has boyfriend troubles, and these songs will have something to do with it.

Disclaimer: I don't own Atomic Kitten, Feels So Good, or Sailor Moon.

*It feels so good, I knew that it would
Nothing's gonna take this day away
Cuz it feels so nice, oh so right
Nothing's gonna take this day away*

Lita Kino happily sipped from her drink at the Crown Arcade. Her day had been great with her boyfriend. She remembered what they had done...

*Was only yesterday, I tried to get away
And now there's been a major turnaround
I wasn't very sure, what I was wishing for
And now my feet can hardly touch the ground*

Just a few weeks ago, her previous boyfriend had dumped her. Then she found Cody. She had found him when she had been in the park, crying, and he came over to comfort her...

*Cuz the sun is shining, perfect timing
I needed someone to rescue me
From the ordinary, now I'm ready
So come on with me*

It had been raining, and, when she had been with her previous boyfriend, they had used his umbrella, so Lita was getting soaked, crying on a park bench. But then came Cody...

*Cuz it feels so good, I knew that it would
Nothing's gonna take this day away
Cuz it feels so nice, oh so right
Nothing's gonna take this day away*

Cody had let her use his umbrella, and took her to her apartment to dry off. After that day, she asked him out on a date, and he accepted...

*I'm where I wanna be, nothing to bother me
I took my cares and left them all behind
I had to get away deal with them another day
They're out of sight and out of mind*

They went to the arcade, and Cody used his money to pay for her playing games and buying food...

*And the sun's still shining, no denying
Something came along to rescue me
From ordinary, now I'm ready
So come on with me*

Cody had told her that he loved her, and then one day, he dropped her off at her apartment and kissed her!

*Cuz it feels so good, I knew that it would
Nothing's gonna take this day away
Cuz it feels so nice, oh so right
Nothing's gonna take this day away*

So far today they had taken a walk through the park, and then they went to a store and Cody bought her flowers...

*It's just what I needed, some emotional feeling
It's a wonderful feeling, nothing left to lose*

And she had wanted this cookbook, and Cody paid for it, even though it was so expensive!

*Cuz it feels so good, I knew that it would
Nothing's gonna take this day away
Cuz it feels so nice, oh so right
Nothing's gonna take this day away*

Lita felt so good about the relationship...

"Lita! Hey, Lita! Earth to Lita!"

Lita snapped out of her trance and looked at Cody. "Yeah?"

"We need to talk, come with me..."

I've never done a songfic before, please review! I hope you liked it! This will consist of at least three chapters/songs. The first one was Feels So Good by Atomic Kitten, the second one will be Hopelessly Devoted by Play/Olivia Newton-John (Olivia Newton-John sang the original, but I'm gonna use the new version by Play), and the third one will be Whole Again by Play. In Lizzie McGuire, the mom once said that the worst words from a boy to a girl are "We need to talk". I don't know anything about boyfriends, since the closest I've ever had is once in first grade a boy who I was friends with kissed me. But I didn't actually give him permission, he just pulled me behind a tree and kissed me. I didn't like him in the same way, though!

2 - Hopelessly Devoted by Play

Secondchapter! This one is Hopelessly Devoted, by Play. This takes place a few minutes after the first chapter.

Disclaimer: I don't own Hopelessly Devoted, Play, or Sailor Moon.

Guess mine is not the first heart broken

My eyes are not the first to cry

I'm not the first to know

There's no getting over you

Litaran home, crying. 'How could I get myself worked up in yet another relationship? It always ends this way!' She looked back on the past few minutes...

I'm just a fool who's willing

To sit around and wait for you

But, baby can't you see?

There's nothing left for me to do

'Cause I'm hopelessly devoted

To you

"We need to talk." The worst words a boy could say to a girl. How did she not see it? Those words almost always mean a breakup! But here she was, happily following him to a park bench outside, not realizing what was going to happen...

But now...

There's nowhere to hide

Since you pushed my love aside

I'm out of my head

Hopelessly devoted to you

Hopelessly devoted to you

I am hopelessly devoted to you

"Lita." He had said. "I...don't know how to say this. I think it's best that...we were just friends." Lita hit herself inwardly for not realizing what was going to happen...

My head is saying "Fool forget him"

My heart is saying "Don't let go,"

Hold on to the end

That's what I intend to do

'Cause I'm hopelessly devoted to you

"Really? Well, maybe that would be best." Lita had exclaimed as she had started running off...

But now...

There's nowhere to hide

Since you pushed my love aside

I'm out of my head

Hopelessly devoted to you

Hopelessly devoted to you

I am hopelessly devoted to you

'The problem is, I still have feelings for him! I still love him! Even though he doesn't love me anymore!'

Lita thought. 'He was so nice! I wonder if he was just leading me on!'

Nowhere to hide (nowhere to hide)

Pushed my love aside (You pushed my love aside)

I'm out of my head (outta my head)

Hopelessly devoted to you

Hopelessly devoted to you

Hopelessly devoted to you, babe

She didn't know where to go. 'All my relationships end like this! Do I have some sort of social problem or something?'

There's nowhere to hide

Since you pushed my love aside

I'm out of my head

Hopelessly devoted to you

Hopelessly devoted to you

I am hopelessly devoted to you

'Maybe I should go see Mina, she can help me out...' She turned and started heading for Mina's house...

Do you like it? Next chapter will be Whole Again, by Play. If you have any requests, I could try to do the song, if I've heard it before.

3 - Whole Again by Play

Thirdchapter! Whole Again, by Play! This takes place a few weeks afterthe breakup. And Lita hasn't found another guy,she's still heartbroken over Cody.

Disclaimer: I don't own Whole Again, Play, or Sailor Moon.

*If you see me walking down the street,
Staring at the sky
Dragging my two feet
You just pass me by
It still makes me cry
But you can make me whole again.*

Lita walked along, staring up at the sky, walking slowly, thinking about Cody. What had she done wrong? They were kissing one day, broken up the next...

*If you see me with another guy
I'm laughing and joking
Trying to get by
I won't put you down
Cuz I want you around
You can make me whole again.*

She had hungout with other guys, but never as a date. Only trying to get by with whatshe could...

*Looking back on when we first met,
I cannot escape and I cannot forget,
Baby you're the one
You can do no wrong,
You can make me whole again.*

She couldn'tseem to stop thinking about Cody! No matter howhard she tried...

*Time is layin' heavy on my heart
Seems I've got too much of it
Since we've been apart,
My friends make me smile
If only for a while,
You can make me whole again.*

It had been three weeks since he had said the fateful words, "We needto talk." That should have been enough time for her to get over him,but she still hadn't...

*Looking back on when we first met,
I cannot escape and I cannot forget,
Baby you're the one
You can do no wrong,*

You can make me whole again.

She sat down on a park bench, so she could think without having to worry about hitting someone or something...

So now, I'll have to wait,

But baby, if you change your mind

Don't be too late,

Cuz I just can't go on,

It's already been too long,

But you can make me whole again.

'I'll wait, Cody, so if you change your mind, I'll be here. But don't be too long, I wouldn't survive.' She thought...

Looking back on when we first met,

I cannot escape and I cannot forget,

Baby you're the one

You can do no wrong,

You can make me whole again.

'Why did he break up with me?' She asked herself. 'Did I say something to make him mad?'

Looking back on when we first met,

I cannot escape and I cannot forget,

Baby you're the one

You can do no wrong,

You can make me whole again.

'Maybe I wasted too much of his money on video games...'

Baby you're the one,

You can do no wrong,

You can make me whole again

'So please, I can't last long without you. Please come back to me...' She thought, walking away.

So did you like it? I might do more, just not now.
