# 1 - Jak and the prisoner

## Jak and the prisoner.

A young girl ran hurriedly through the tall buildings of Haven city.

Her hands were bound in front of her with a tough metal with chains that clanged as she ran.

Her long green hair flew backwards as she ran quickly to the enclosure of an alley.

Shortly behind her were the Crimson guards yelling and shooting at her with their red guns.

'Please! help me someone!' her mind was screaming in pain of one of her earlier trips that had included her falling from what felt like a 50 foot tower.

That trip left her eyes foggy slightly from her usual green, bright eyes.

A small stream of blood fell down from her forehead and around her eyes.

Quickly as she could she darted into the passage way with the baron's head and a hammer on not knowing where it led.

Without looking she ran into a wall, what felt like a wall and she fell backwards.

Fearing it was a crimson guard she forced herself to look away from him.

“Jesh Jak, you seem to run into all of the babes....” called a voice that seemed rude, obnoxious.

**A hand helped her up even though the girl struggled to get away from the strong hands.**

**“LET ME GO!” she screamed trying to wrench herself free.**

**The hand didn't let go, but only set her up straight.**

**“I seen her come over here somewhere!” came a voice of a guard, deep and un-feeling.**

**“How'd they find us?!” Came another voice, deep and mysterious.**

**The door to the secret place opened slowly.**

**“LOOK THERE SHE IS!” the guards called opening fire.**

**The people scrambled but the guy who helped her up never let go of her he kept a hold on her tightly before he bent her down behind the desk.**

**“Stay there” he wisperd.**

**The girls green eyes widdend.**

**'His voice is kind and gentle! But....so fermilure'**

**Gun shots rang out over head before one of them hit the metal table making it callapse.**

**If it wasn't for the cuffs on her wrist she would have been able to get outta there quickly but the table fell to fast and fell on top of her instelntly knocking her out.**

**”JAK!” the furry orange weasel called on his shoulder tugging on his long ear.**

**“Not Now Dexter!” Jak compained after almost getting shot and shooting down another guard.**

**“But the girl! she.....”Dexter tried to tell him of the table falling on the girl but he just would liston.**

**“A little busy!” He argued a bullet cutting into his arm leaving his clothes ripping and blood slowly coming out.**

**“Jak! the girl! the table fell on her!” Dexter yelled in his ear making it ring.**

**Jak's green, adventurous eyes left the fight going over to where the motionless girl was laying there head bleeding even more.**

**This was a wrong decision, bullets rang through the air once again cutting through Jak's boddie.**

**Jak stumbled backwards painfully holding onto one of the shelves.**

**“JAK!” Dex yelled looking up at him.**

**Jak's eyes went dark dark blue, his skin it's self turned a lighter blue, horn grew out of his hair as it turned blue and went backwards, his nails went darker and light purple/pink electricity went around his boddie.**

**“Ohh now you got him pissed” Dex said smartly backing up a little.**

**Many of the guards backed away slowly before running quickly out of the little hide out as dark Jak ran after them.**

**Torn ran over to table hoisting it upward and looking at the girl.**

**“Jak! hurry up!” Torn yelled hoisting the girl on his back.**

**Torn felt his shoulder turn cold and he stopped quickly looking at the girl,. her boddie had turned the color of ice, her boddie became in-carved with symbols that repeated**

**'Death, destruction, suffering'**

**All over her boddie. Her hair became longer, thicker and at the ends there where little chains.**

**“What the?!” Torn said looking at her before another cold spark made his arm go completely numb and he dropped her.**

**“Jak! look out! behind you!” Dex called going to run over to him.**

**The girl got up and slowly went to him, her steps freezing, her eyes dull, cold as her skin.**

**“She morphed again!” Called one of the surviving guard.**

**“Lets get outta here!” Called a wounded guard.**

**The tried to crawl away but one snap of this mysterious girls fingers and they all froze before she stepped backwards like in invitation for Jak.**

**Jak nodded and aimed his gun at them each before long the ground was littered with ice.**

**Jak looked over at the girl she looked at him before a ring of ice formed around her consuming**

her, hiding from view.

“What is she?” Jak asked himself looking himself over in the mirror.

Just as he was finishing the ice broke and she fell foreword with a deep gash across her eyes.

”Come on, I know where we can go” Jak said looking at Dex who jumped on his shoulder.

“Why are we taking the girl?! she's the one who brought them here!” Torn said glaring at them.

“I'm not leaving here here!” Jak snapped glaring at him.

“Fine fine” Torn sighed watching Jak's retreating back

### Jak and the prisoner pt II

The girl opened her eyes shortly after that to something burning on her right arm.

She tilted her head to the side meeting with big green eyes she blinked...once....twice before she sat up

“How do you feel?” The boy who the orange weales called Jak said.

“Depends” The girl said rubbing her head before she noticed the cuffs where gone.

“You released them?!” she said looking at her hands.

The covves where something to keep her power at bay, to help them steadied and be unleashed at a certain time.

“Torn's making something for that power, I was sneaking around and found out a little more about you.....Jade Marmalo” he said looking at her straight in the eye.

“I need dark eco to steadied my powers....” she said slowly looking at him.

Jak looked at her for a minute before a approaching figure called out his name.

”I'll be back” he said before hoisting herself up again and going over to the darkened figure

“I don't trust her..” Torn wisperd to Jak

“She's like me, I want to see what she can do” he wisperd back to Torn.

**“You really are still a kid” Torn sighed shaking his head**

**Jak just laughed.**

**He walked back over to the girl named Jade and held out the bracelet that was slightly thick.**

**“Here, give me your hand” he said looking at her.**

**Jade stuck out her hand, un-expecting. Jak slid on the semi thick bracelet that had a crystal of Dark eco sticking out of it that made it shine a little.**

**“It's pretty” she whispered admiring it.**

**“I have a question....when they said you morphed again.....what did they mean?”  
Jak's eyes were curious but at the same time, adventurous.**

**“They injected me with some sort of DNA” she said quite calm although her eyes showed a different story.**

**“What did they inject you with?” Jak asked her.**

**Jade's eyes traveled around the room, avoiding his eyes.**

**As a child Jade always was curious about everything, she used to get in trouble by the town and her parents would just laugh it off.**

**But one day, it was different.**

**She came home one night when they were all dead a man in a black suit sitting next to the window, she remembered the fear and anger perfectly.**

**~~~~~Flash Back~~~~~**

**“Mommy? Daddy?” A young Jade ran to the room where they were last time seeing for floor covered with blood she backed away.**

**”Wha What happened?!” she said looking at the figure sitting in the chair.**

**“Ahhh Jade, there you are....” the voice said getting up from the chair.**

**“Wh-Who are you?!” she stumbled backwards afraid.**

**“I'm here with the children society, I'm here to take you away”**

**He was lying through his teeth but he didn't let the girl know.**

**“W-What happened to mommy and Daddy?” Jade whimpered softly.**

**“They were killed before I got here” he lied again.**

**There was an odd silence between that before the man got up.**

**“Come with me....” he said holding out his hand to the girl**

**Jade only stood there for a minute before the man held up a walky talky and spoke**

**“NOW!”**

**the doors broke open and a bunch of men ran in all wearing black suits. Soon they surrounded her taking her down with a thud before she felt a sharp pain in her arm when one of them men stuck a needle in her.**

**Before long she fell asleep quietly before the men got up.**

**“She's asleep sir” they whispered to him.**

**“Good, get her in the car” he smiled.**

**Next time Jade woke was in a green tube with only a silver needle clinging to her.**

**Wires were connected to her and there were a mask over her mouth to give her air.**

**“She almost died from the last doc!” someone was yelling.**

**“We brought her around sir!” a young woman argued.**

**“The baron won't be pleased..” the first man sighed before he appeared next to the tube where Jade was.**

**“Inject more sleeping med into her!” he yelled.**

**There was a blue liquid that flowed into her arm before she passed out again.**

~~~~~Flash back ends~~~~~

“Jade....Jade!” Jak shook her making her snap out of her day dream.

”Are you alright? you went off in outer space for a while there” he said frowning he put a hand on her shoulder.

“Jade...” He spoke softly to her before sitting beside her/

“I'm fine, really” She said shaking off his hand her shoulder.

They looked at each other for a few minutes before he sighed and got up.

”Hungary? I'll get you something to eat” Jak looked back at her.

“I'll go with you” She got up a bit wobbly.

“Are you sure? your wobbling” he said looking at her sternly.

“I'm sure” she smiled.

They walked out of the room before Torn stopped them.

”Better take cover...a sand storms coming” he said looking at Jade and Jak.

“Ok, do we have something to eat here?” Dex asked jumping on Jade's shoulder.

“Yes....in there” Torn said sighing and shaking his head.

Happiness spread through his orange feathers before he jumped down and ran over to where Torn pointed quickly as though he where on fire.

“Your awake.....” Torn said looking at her.

Jade looked into him,

there was a sudden flash of the man who kidnapped her and she let out a squeak before she darted behind Jak.

“Jade?” Jak looked behind his arm at her strangely.

She kept hidding with her head down.

“What'd I do?” Torn looked at her receiving an small whimper from Jade.

**Jak turned around before walking her away from Torn.**

**Going in a privet room he sat her on the bed.**

**“What's going on?” he wisperd to her.**

**Jade didn't answer at first, she kept her eyes as a down cast.**

**“W-when I was younger.....Mom and dad....they got killed....I wasn't there I was off getting in trouble again....these men came in the house, gave me somthing to sleep....I think he's one of them....I think he works for the baron” she said sadly.**

**“Who? Torn? No, he quit” he said looking at her.**

**“Get some rest, it'll make you feel better” Jak smiled, getting up and going out the door.**

**Jade sighed looking behind her at the bed before flopping back words, going to asleep.**

**~~~~~Dream~~~~~**

**A tall, black man passed the room keeping an eye on the wrist watch on his wrist, his face was blurred and he wore a black, black suit.**

**Finnaly there was a knock on the door followed by a squeaking of a cat.**

**When the doors opened there was a bed with a figure on it,**

**She was pail and her green hair was covering her face, one arm on the outside of the blanket, that arm contained an I.V.**

**Around her face was an air mask that fogged up as she exhaled.**

**“Its about time!” The tall man snapped going beside the bed,**

**The other two looked at the girl and back to the man,**

**“Leave!” He ordered, they obaided at once.**

going to the head of the bed he moved some of the hair from her face and looked at her with a frown.

She was young barely 6 years old yet! and we had to do this to her....

He sighed mentally while wheeling the bed over against the wall and putting a light on her.

“Hey” he whispered.

The girl didn't stir

“Wake up” he said again, gently putting a hand on her shoulder.

Again....the girl didn't wake up.

The guy bit his lip with a frown,

*was it possible that they killed her?! No.... she's still breathing*

He looked at the girl again before lifting one of her eye lids carefully.

*Did we put her in a coma?*

He couldn't stop thinking about that before walking over to his desk and fiddling around with his pen.

A movement occurred in the bed...the child was awaking....

With a soft moan she opened her eyes before slamming them shut again against the bright light.

“Hang on, I'll move that” the guy said getting up, almost running to her and switched off the light.

“How do you feel?” he whispered to her gently.

The girl looked at him through her groggy eyes.

“Weak....sleepy...” she yawned behind the mask.

The man got the blankets putting it up to her chest.

“Go to sleep” he wisperd to her gently.

As he ducked down to tuck her in making sure it was snug she memberized the face...this was  
Torn

#### Jak and the prisoner pt 3

Jade woke to someone shaking her gently calling her name before there was a loud bang followed by yelling.

She opened her eyes and looked over at Dex.  
"Come on, Jak needs your help!" he said looking at her.

Jade sat up quickly at that point. Looking around the room she seen a dark figure laying limply at the edge of the bed.

Quickly she got up going to the figure of Jak.

"Jak! Jak! wake up!" she called his names several times to no avail.

Picking up the limp boddie of Jak she put him on the bed.

"Dex watch over Jak" she called to him going out of the room.

As soon as she walked out of the rooms he stopped quickly bombs and people where flying everywhere.

"Torn! what's going on?!" She yelled over at the figure of Torn.

Torn looked at her before blowing up another person and running over to her.

"They found this place again! how the hell are they doing this!" Torn glared like it was her fault.

"Don't look at me like that! I didn't do it!" She snapped

Instead of arguing back back he thrust a gun in her hands.

**“If your going to stay here fight” he said looking back where the guards where.**

**Jade smiled and aimed the gun at the guards.**

**“I rember you now” she called over the noise.**

**“You where there when I was 5” she called.**

**Torn stopped for a minute and looked at her,**

**“Yes...I thought you would never rember” he calmly.  
More shoots rang out over head.**

**“What happened to Jak?” she asked shooting at some Crimson guards.**

**Torn didn't say anything at first, his dark deep eyes scanning the area with the Crimson guards and everyone.**

**“He was running to try and save you, but he got caught up in the line of fire, both sides shot him” he said looking guilty.**

**“Don't worry, I'll get them all!” she shot the gun. Once....Twice till all of them where dead ina mater of seconds.**

**Jade ran over to where she laied Jak on the bed before quickly checking his wounds.**

**Torn looked around the room for the first aid.**

**“Damn it! where'd it go?!” he sighed. moving things around.**

**There was another rustle before he sighed.**

**“Here, I found it for you” he said handing it to her.**

**“Thanks” Jade smiled taking the first aid kit and putting it next to her as she began to strip Jak of his clothes before applying some peroxide and bandages.**

**“What now?” Torn looked at her.**

**Jade was quit before she pulled a chair over.**

**“We wait” she said looking a him.**

Torn looked at her for a couple minutes as she looked at him.

“I'll go get us something to eat” he said turning heel and walking out the door.

Jade sighed and looked over at Jak resting peacefully, so what if his face was a little pale.

“Jak” she sighed sadly a little, Now that Torn was out of the room.

It took a while for Torn to get back, by that time she was already fast asleep in the chair.

Torn walked in the room and looked at Jade with a quiet smile and grabbed the extra blanket from the edge of the bed and put it around her.

A groaning sound from the bed made Torn sit up and look at Jak.

“You're up” he said looking at him.

Jak looked over at him, his face was pale still and he didn't look too good.

“Yea....I'm up he said lifting a hand before he realized his clothes were gone he glared at Torn who backed away.

“It wasn't me....Jade took them off” he said pointing at the snoring Jade against the chair.

Torn followed Jak's gaze till they finally landed on Jade who turned softly in her sleep.

“How long has she been up?” Jak asked without removing his eyes from Jade.

Torn didn't know the answer so he was quiet for a while before he cleared his thoughts.

“Not really sure, I left after she got you bandaged up” he said.

Torn noticed Jade slipping to the side so he walked over to her and turned the chair gently before lowering her down while Jak helped crossing her hands to use as a pillow before Torn took the blanket and putting it on her shoulders.

“You should go back to sleep” Torn advised looking at him.

Jak looked at him for a couple of minutes with a sigh.

“Fine” he sighed sadly

For a couple minutes he closed his eyes before he fell directly asleep resting peacefully.

Torn watched the two sleeping for a couple of minutes with a smile on his face,  
Smiling was a rare thing he almost NEVER did.

Before long he walked out of the room, closing the door behind him.

Jak awoke when he felt something crawling on the bed.

“Jak? pssst, Jak” Called a voice coming through the darkness.

Jak reached down a hand and heard a yelp than someone hitting his hand.

“Watch where you grab bub!” Dex snapped.

A smile came to Jak's face before he laughed quietly.

“Dex, what are you doing here?” Jak asked feeling the depressions on the bed continue up.

“What's it look like? Torn told me to check on you” Dex shrugged.

Jake sat up, wincing a little.

“He's still up?” Jak asked looking at him.

Dex jumped on to his lap.

“Yea, he's been plotting the movements of the enemy” he said looking over at Jade.

“She's fast asleep” Dex said looking under her short hair.

Jak picked Dex up.

“Don't even think about it!” he said before dropping him back on the bed.

Dex glared at him.

“I wouldn't!” he said jumping off the bed and on the ground.

“Besides, I know you like her” he ran out the room.

Jak blinked and looked at the door for a couple of minutes before getting up and getting dressed again.

**“Hey Torn” Jak greeted him as he walked out to where he is.**

**Torn raised his head and looked at him.**

**”It's good to see you up Jak” Torn said moving a figure that resembled the rembion.**

**Jak scanned the map that it was showing carefully.**

**“there planning attack on the wastelands?” Jak looked at Torn.**

**Torn shook his head.**

**“No, they already did” he sighed.**

**Jak crossed his arms scanning the map again before there was a click of the door closing, Jade emerged from the opened door.**

**“Hey Jak, feeling any better?” she asked through a yawn.**

**Jak smiled.**

**”Yea, Much better....But did you HAVE to remove my clothes?” he said with a cringe.**

**Jade laughed quietly.**

**“Of course, There's no way to bandage you up if your clothes are still on” she said smiling.**

**Jak laughed along with Dax who hopped on his shoulder.**

**Leaning in Dex whispered something that couldn't be herd by eather Torn or Jade.**

**After a while Jak shooed him off and walked over to Jade.**

**“Can I speak to you outside for a minute?” he asked polightly.**

**Jade blinked and nodded.**

**”Sure” she said walking out to where there was a balcony.**

**The night was cool, a couple of stars where out along with a bright one (plorais) and the moon that was full casting shadow's on them.**

**Jade looked up at the moon so it was reflected in her eyes.**

**“What did you want to talk to me about?” Jade asked looking at him.**

**Jak didn't say anything, his green eyes scanned across the land of Haven city with a frown.**

**Bellow there where Crimson guards scatted around stil looking for Jade.**

**“Jak?” Jade's voice floated back over to him and he looked at her.**

**Jade's eyes where full of concern.**

**“Are you alright Jak?” she asked looking a him.**

**Jak smiled.**

**“Yea, I'm fine” nodded.**

**Jade went back over to the belcany and looked down.**

**“Filthy, Look at them, looking like rats” she said before she bent down on her arms.**

**“Yea....and looking for you” he said looking at her,**

**Jade frowned.**

**“That makes it worse” she sighed.**

**Jak sighed and scanned the area again, his eyes finnaly resting on Jade.**

**“Jade....” Jak straightend up looking at her,**

**Jade didn't turn to face him.**

**“Hmm?” she said with an almost dreamy sigh.**

**Jak suddenly felt very small to this girl.**

**“Well, er....” he couldn't get the words out.**

**Instead of telling her how he feels he walked up to her, putting his hands on her shouldres he turned her around so she was facing her and kisisng her on the lips.**

**Once they sepreated she looked shock**

**“Jak...I....” she looked at him**

**Jak Frowned.**

**“I get it...sorry” he said./**

**Jade grabbed him around the waist in a tight hug.**

**“I was waiting for you...I was too nervous” she said from behind.**

**Jak smiled and turned around holding her close to him hugging her tightly.**

### Jak and the prisoner pt 4

Jak and Jade have been together after that for a little more than 3 months, still living each other, often retreating to their bed room together and not coming out for a while.

One night they were both fast asleep as the sun rose up in their window.

Jak was the first one up and he looked over at Jade with a smile, she was resting peacefully.

Jak got up with a little stretch and got his clothes back on before going over to the door coming out it and looking around.

It appeared that Torn fell asleep against the map...again

Rolling his eyes Jak went over to him and took the book that he was reading setting it down before he put a hand on his shoulder.

“Hey, Torn, wake up” he said shaking him.

Torn, out of habit took a knife from his pocket holding it up to Jak. Jak encountered it with his own knife.

“You really need to relax” he said laughing.

Torn glared at him before putting the knife away.

“It's not that easy Jak” he said shaking his head and looking at the map again.

**Jak shook his head and rolled his eyes before looking around.**

**“Have you seen Dex?” he said looking at him.**

**Torn, with his back still to him pointed to a box on the shelf.**

**Jak followed his gaze to the shelf and walked over there, Sure enough, Dax was sleeping in the box.**

**“Where's your girl friend?” Torn asked.**

**Jak laughed it was a stupid quiston.**

**“Still in bed, it's still pretty earlier” he said looking in the mirror at his messy hair before he ruffled it with his hand to get it it's normal way.**

**“Than WHY did you wake me up?!” Torn snapped throwing a knife at him.**

**Jak sighed and caught it by it's handle.**

**By now he was use to this, Torn wasn't exactly a morning person.**

**“Because, you'd hurt your neck sleeping like that” Jak mealy said throwing the knife back at him and walking away.**

**Jak walked back in the room again and looked at Jade.**

**It was time for there morning petroles.**

**“Jade....” he wisperd sitting on the side of the bed.**

**Jade yawned before flipping over.**

**”The suns not even up” she yawned in protest.**

**Jak laughed before kissing her on the lips.**

**“I'm up” she said grabbing him and hugging him close to her.**

**Jak laughed and hugged her back.**

**“We have to go on protocol” he informed her moving some hair from her face.**

**Jade smiled.**

**”Don’t you mean to make some trouble?” she laughed.**

**Jak laughed.**

**“Exactly” he laughed.**

**Jade's face brightened up and she got up quickly getting dressed.**

**After getting dressed both of them went out into the morning sun.**

**“See you later Tron” Jade smiled walking out of the room.**

**Torn looked after there retreating back.**

**“Becarefull! the guards all over the place!” he called after them.**

**Jade laughed.**

**“Don't worry Torn” Jade said before they disaperd.**

**Jak and Jade walked through the city of Haven carefully making sure the crimson guards didn't see them....yet.**

**While creeping around a narrow space a rock slipped undernith Jade sending her falling off the narrow cliff.**

**Her hands where turning white from holding on the edge tightly as Jak came slowly over to her.**

**But soon her hands, sweaty and dirty slipped from the jagged rocks falling below.**

**Thankfully there wern't any crimson guards around,**

**“JADE! Can you hear me?! are you alright!?” He called looking at her fallen boddie.**

Quickly as he could with out falling he walked to where there was a safe drop off and jumped down before running over to her.

Picking her up in his arms he looked over her boddie for the wounds.

Her dark hair [well pieces of it anyway] had blood soaking through and a couple of deep wounds.

Right at the moment there came a scream and people running past Jak

“What the hell?!” he looked around before spotting the situation.

A gigantic spider thing was heading there way, missels shooting in ever direction as it walked towards them.

“What the hell is that?!” Dax yelled looking at it.

Jak smirked.

“It looks like the crimson guards have a new toy” Jak said amused.

He held Jade close to him before jumping on his jet-board and going away from the robotic monster.

Carefully he placed Jade down on the ground before looking back at the monster.

“Jade. If your there, stay here” he said moving some hair from her face.

As he got up Jade's arm shot out and grabbed him.

“Jak, please...I'mcomeing with you” she pleaded sitting up.

Jak smiled at her and kissed her forehead.

“Alright, just stay safe” he said helping her up.

Jade was rummaging around in her bag for something.

“The jet boards should work” she looked at him

“Ok, good choice” Jak said looking at the jet board before getting on it as he took out a gun.

“Just be-”

“Carefully, I know Jak” she smiled before jumping on the jet board just as the monster crushed the building they were behind.

“How'd he find us so quickly!?” Jade called as she jumped over a pipe and out of the line of danger.

“It must have heat sensors” he said aiming his gun carefully at the big monster and shooting.

Unluckily the monster shot back, instead of going at him it stuck Jak,

“Hey! No fair!” Jade looked at the monster a few strands of blood falling down her arm.

“They may actually beat us this time” Jak mused himself by zig zagging over to Jade.

“Not funny” Jade said but laughing all the same.

The sped ahead, getting free from the monster.

Just as they were going around the corner the monster attacked again, this time directly at Jade. It was a dart connected to a long wire.

The dart landed directly on the back of the neck before there was blue electricity sparking through her,

Jade screamed in pain, falling off her board and skinning her face up badly.

“JADE!” Jak swore loudly going back to her but stopped quickly.

They were turning her against him, her hair went icy and her boddie did too, carvings came into her boddie.

Jade got up again her eyes cold and un-feeling before she struck out at Jak, sending ice through the air,

“Jade! listen to me! snap out of it!” he yelled dogging the ice.

No response.

Jade was walking toward him with a long staff of ice clutched tightly in her hand.

'Die Jak, die"she mouthed to him before running forward, back bent, arms back-wards and bent low to the ground.

“Jade! stop!” he begged her watching her closely.

Still no response.

Jade jumped up-ward but her movements sluggish, she got kicked back-wards by Jak's leg.

“Alright, if it's that way” he said looking at her with a saddened expression.

Jade came at him again, ice staff raised a dangerous look in her face and in her eyes.

Jak jumped it again kicking her easily in the face again but stopped

'Why are her moves sluggish?!' he thought watching her get up again.

Some of the ice melted off the top, making it super sharp before running at him again

This time, something happened, there was a ice crystal shield that came out of the ground sticking Jade in the face, making her fall backwards.

Jak gasped, looking at the figure surrounded by blew.

The staff unfortanly went through it..right through it's heart

When the light died he could see clearly and he gasped.

“JADE!” he yelled as she fell backwards.

Jade looked up at him.

“Hey Jak, I tried protecting you” she whispered to him gently.

Crystal blue tears began to fall from his blue eyes.

As Jade let the crystal fade she fell backwards into a strong grip.

“Jade! are you alright!” he asked looking at her.

Jade smiled softly at him.

“I don't think so” Jade said quietly with a frown.

Jak looked at her.

“Don't say that...I won't let you die” he said forgetting entirely about the robot or the other Jade.

“Jak, please, don't make it hard” Jade whimpered softly

Jak frowned.

“Jade, your not going to die! I won't let you!” he said hugging her.

The tears started to fall out of Jade's eyes quicker.

“Please Jak! stop it! I can't stop me from dying!” She cried.

When she raised her voice she started to cough up blood all over her and Jak's shirt.

“Don't die Jade...please” Jak held her close to him.

Jade lifted a hand to crease his face.

“I'm sorry Jak” she whispered to him breath coming in sharp gasps.

Jak held her close again.

“Just remember I love yo-” her arm fell to her side, her head, now pale and with a trail of blood fell

to the side, she went quit, her life gone....

Jak's eyes hardened, they went black and his skin blue, horns grew out of his now dark blue hair before putting Sam's fallen figure on the ground carefully and getting up.

“You will pay!” Dark Jak yelled hatefully

The monster didn't take heed, it went closer

The dark Jak took another step closer before charging at it fully.

“YOU'LL PAY!” He yelled as he ran with his raised claw.

Finally when his hand reached the mass of armor it slices through it, and glared at everyone else.

Torn came to the scene just as he ducked a piece of metal flying toward his head.

“Jak! what happened?!” he yelled before he suddenly stopped.

There were two Jades...One that was on the ground and the icy one that Jak was fighting now.

Torn took out his gun but Jak stopped him,

“No! She's mine!” Jak snarled dodging an ice attack from the icy Jade.

Torn stopped.

“I'm gonna get Jade outta here!” Torn yelled running over to Jade, carefully not to get in the line of fire.

As he got there he stopped dead.

“Jade” he said walking over to her quietly.

As hit between the dark Jak and the icy Jade he snapped out of it, picking her up he grabbed her jet board before going out of the area and to safety.

He placed Jade down carefully on the bed where Jak and Jade slept. Folding her hands over and on her chest, covering the gigantic wound on her.

“I'm sorry Jade, I wasn't able to help you!” he said moving some hair from the fallen girls face.

“I'm sorry, I wasn't with you all those years!” he said his head down word.

It was a couple of hours till Jak, with help of a walking stick, limped back into the room, his face was torn up, and there where tear makes from crying.

“Torn....” Jak wisperd softly limping into the room with every walk there was a 'clank' sound.

“Jak? your still alive” he said straighting up.

Jak nodded gloomily.

“I want her burned...and the ashes gathered” he said looking at him.

Torn nodded.

“Alright” Torn said.

An hour later when the sun rose spilling orange all over the ground,

In the square everyone gatherd to watch her burn.

Jade was placed on a bed, a tray undernith before Jak, with Torns help since he was still weak and wounded badly. Started the fire.
