1 - clues

If Hiei was truly in love with a girl (i mean enough to marry the girl) he would do the following:

1. he will always try to protect the girl even if others are in trouble.
2. he will blush if she says something nice to him.
3. he will give her special gifts on the holidays.
4. if the girl is not a good fighter he will teach her to fight with a sword on the roof of the house around Midnight.
5. after lessons on roof he will ask the girl to sit next to him and talk together on the roof.
6. if she tells him to do something he will do it even if it something he normal would not do.
7. he will go into a field of flowers and pick a bunch for the girl.
8. he will start hanging out somewhere near the girl but tries not to make it obvious that he following her.
9. he may start having "nightmares" in the middle of the night and have to get a glass of water or something else but he makes sure to pass the girl's room if for some reason she is sleeping in the same house as him.
10. around the time he is ready to ask the girl to marry him you will find him in the bathroom or any other secret room practicing.

Finally when he does ask the girl to marry him, Hiei is well... very romantic about it.
