1 - You Make The World Go 'Round

You make me think....life is wonderful when you're around. You make me fly off from the ground. Now, I must confess.....my love-you mean so much to me.....

Soft as music,

Lovely as the touch of silk,

Is my love for you.

As my voice wispers in the night,

I think of you.

For weeks,

I haven't been able to think,

It's thanks to you.

But, I can't leave you,

I would give up anything for u.

But you don't understand.

Soft as music,

Lovely as silk,

Is my love for you.

I continue to wait for you,

I won't give up.

My heart is already broken,

Thanks to unforgiving friends.

Think of me as I think of you,

It's just....

No one makes...

Me feel the way I do..

With you.

Soft as music,

Lovely as the touch of silk....

Is my I-love for.....

You.

2 - "For You"

"For You"

Your love and laughter,
I am after.
Your heart and breath,
I sense death.

Put down,
Thrown to the ground.
Blood I taste,
Hate I face.

Great and deeply,
Your soul is lovely.
Beautiful and pleasant,
Is your presence.

Tries and lies,
I hear their cries.
Do you now know,
That I will not go.

I protect you,
Just as they would do.
Please believe in me,
For they deceive me.

Look to the sky,
I will not die.
And that I pray,
I will stay.

For you I will.
Strength to kill.
That I will sell my soul,
If that's my role.

I walk this path,
I feel their wrath.
They will see,
I believe.

3 - "My Request"

"My Request"

Follow me,
I want you to.
Smile at me,
I long for you.

Ask me anything,
This isn't the end.
Confide in me,
My heart I'll lend.

Promise me,
There will be no other.
Let us be,
To be together.

Follow me,
I want you to.
Smile at me,
I long for you.

Near you,
I can't breathe.
To not see you here,
That I cannot bear.

I listen to you words,
And hope my heart will not tear.
Cuz' I know there's not much longer,
Until I run out of precious air.

Follow me,
I want you to.
Smile at me,
I long for you.

I'm not sure if you know,
To lose you I can't forgo.
Let this be heard by you,
That I love everything that you do.

I guess it's silly,
This of confession.
And this path, so hilly.
I love the thought of you.

So just say "yes".
Let my mind rest.
And for me to fulfill my own request.
To you, I promise to be the best.

Follow me,
I want you to.
Smile at me,
I long for you.
