Chapter 2 - chorus1	3
Chapter 3 - second verse	4
Chapter 4 - chorus2	5

1 - First Verse

Drip drop go my tears on the window sill
in time to the pouring rain
that is still
beating on the outside window pane.
ice charges through my veins
to my heart
and back again
until all i feel is pain.
and as my eyes will dull to gray,
there is no more for you to say,
my skin becomes chalky and pale
each breath i take becomes raspy and stail

2 - chorus1

The blood is frozen in my skin

due to you my life was a sin,

revive my soul

my heart stops beating

please make me whole

as i stop breathing

in and out

no longer

weak and frail

and yet much stronger

heal my heart

for it stops beating

save my life

before i stop breathing

3 - second verse

plip plop go their tears on the hardened ground
after the lifelessness they've found
the blood of the knife
the loss of a life.
gone is my soul as im placed in the freezing hole
to this she laughs
a life you stole
will you beleve her and cut this loss?
to leave me here so cold so lost
or turn and run
away from the inner war you've now begun.

4 - chorus2

the blood is frozen beneath my skin

due to you my life was a sin

revive my soul

my heart stops beating

please make me whole

as i stop breathing

(place the next few words here cuz i frgt)

save my life

before i stop breathing.
