The rainbow wind blows at a far off coast. Before dawn, there was a melody I heard. It's a very nostalgic song. The birds that fly towards the eastern sky now escape to the Treasure Island using this shortcut, where the paradise of the seven seas lies.

After the stormy night, to tell you my love I will be born again. Even if there comes a day where everyone is to journey away from here, as long as we sing the melody of the seven countries, I'll never forget

Clouds slowly float away, vanishing away as they aim for the rainbow's end. And then the stars, like pearls can start releasing a powerful, wondrous light. From the southern sky, a whistling sound could be heard. Yes, this is the time that's finally come, the time for me to become an adult.

While embracing the kind mother's wishes in her heart she wished that everyone would journey on a miracle-filled adventure. With over flowing tears and prayers, I just don't know anymore.

But their still remains a fantasy of a night where stars fall for the shining future to the paradise of the seven seas!

The rainbow wind blows at a far off coast. Before dawn, there was a melody I heard. It's a very nostalgic song. The birds that fly towards the eastern sky now escape to the Treasure Island using this shortcut, where the paradise of the seven seas lies.

After the stormy night, to tell you my love I will be born again. Even if there comes a day where everyone is to journey away from here, as long as we sing the melody of the seven countries, I'll never forget

Clouds slowly float away, vanishing away as they aim for the rainbow's end. And then the stars, like pearls can start releasing a powerful, wondrous light. From the southern sky, a whistling sound could be heard. Yes, this is the time that's finally come, the time for me to become an adult.

While embracing the kind mother's wishes in her heart she wished that everyone would journey on a miracle-filled adventure. With over flowing tears and prayers, I just don't know anymore.

But their still remains a fantasy of a night where stars fall for the shining future to the paradise of the seven seas!

I couldn't say farewell that day Because that would ve meant admitting we could no longer meet So I lied that it was all right until the very end Whenever I think about the truly valuable things I hide away my true self Too cowardly to act selfishly The city where you aren't present Is far too large for me alone Where should I walk towards' Diamonds overflow And roll sparkling down my cheeks No matter how sad a time I wish for the strength to not get hurt I am always too late and get left with nothing but regrets Whenever I shield my heart, the barrier grows thicker Everyone has tears falling behind their smiles With my fingers, I am still counting all the things you gave me I will never ever forget them

The pharaoh and his wife watch their son is dancing with the young mermaid princess of the Nile River and they smiled as they saw how happy their son is with her here. Eliza is happy for her older brother

and also Mana as she watches her best friend dancing with her new friend together.

Unstoppable diamonds Escape into the starry sky in sad colors Though I can no longer see you I have no choice but to walk forward I stand still, look back and search again and again But our shared memories are far off And the moon is gazing at my shadow only Diamonds overflow And roll sparkling down my cheeks No matter how sad a time I wish for the strength to not get hurt I couldn't say farewell that day Because that would ve meant admitting we could no longer meet So I lied that it was all right until the very end Surely I will one day become able to Not feel regret about being my docile self

If there were many tears falling down,

Every heart would become gentle.

If everybody expresses what they think.

Every heart can be satisfied.

I was frightened by the never ending night,

So I prayed to the distant stars.

In endlessly repeating time,

We were searching for love,

Because we wanted to become stronger.

We look up to the faraway sky. The two of us, smiling, meet here, Every heart has a habit of receiving its dreams. Sadness has no effect on us, Every heart gains happiness when it flies. Someday our souls will unite, We will give peaceful approval. In endlessly repeating time, We know why we are living. We go through the nighttime laughing, Both of us are mourning, yet we walk on. Memories of everything has settled, This is a warm place to be. The stars separate us from the future, We are always so brilliant, So shine. In endlessly repeating time, We were searching for love, Because we wanted to become stronger. We look up to the faraway sky. In endlessly repeating time,

In endlessly repeating time,

We know why we are living.

We go through the nighttime laughing,

Both of us are mourning, yet we walk on.
