*A poemsong. About MISSINGNO. o\_O; My theory is that it only looks like it does 'cause it's got some kind of mental shield up. So... yeah.*

**Chapter 1 - What you See**

**2**

# 1 - What you See

I am beyond your comprehension  
I am beyond your comprehension  
Years of living without mention  
Had to fight for your attention

I am more than what you see  
I am more than what you see  
You never know what I could be  
I take your one and make it three

This is my song, this my cry  
Voice lifted up to the sky  
I am strong, you can't deny  
You might dream of finding I

I am beyond your comprehension  
I am more than what you see  
Years of living without mention  
You never know what I could be

I am beyond your comprehension  
I am more than what you see  
Had to fight for your attention  
Take your one and make it three

This is my song, this my cry  
Voice lifted up to the sky  
I am strong, you can't deny  
You might dream of finding I

A glitch, they tell you  
All I am is a curse, maybe it's true  
It's not yours to question what I do  
I live and I breathe, I'm thinking too

I am beyond your comprehension  
I am beyond your comprehension  
I am more than what you see  
I am more than what you see

I am beyond your comprehension  
This is my song, this my cry

Years of living without mention  
Years to live, I will not die

I am beyond your comprehension  
I am beyond your comprehension  
You can't solve the mystery  
The mystery of me
