<b>Chapter 1 - What you're done for me.</b>	<b>2</b>
<b>Chapter 2 - Only Pain</b>	<b>3</b>

## 1 - What you're done for me.

I look up at the setting sun  
And think of everything he's done  
I just want to hold him near  
And let him wash away my fear

He makes all the pain go away  
Leaving like the sunny day  
He melts my ever icy heart  
And I know we're not apart

It just makes me want to cry  
knowing that he had to die  
My heart is torn in several places  
Ripped apart by life's many phases

And without his loving stare  
I know that I'm going to wear  
But until that fatefull day  
All I can do is pray

That I can meet him in the clouds  
After we both are wrapped in shrouds  
The two of us in Harmony  
Living in our own Colony

## 2 - Only Pain

Every single night I dream  
About that day, his Requim  
Just this once I want to see  
What's it like to be free

From this never-ending nightmare  
Of re-occurring Dispair  
Sometimes the pain in my heart  
Is too much too impart

I never felt this way before  
I don't want to feel it anymore  
My bleeding heart is overflowing  
All those around me are unknowing

All this pain is too much to bear  
It all must seem like a scare  
But this is how the world works  
Full of horror and so few perks
