## 1 - the shengonwou makers

“poor omi now no chance for the world now” said kimko omi was turned in to a cat be chase but when they got to the temple and gave master fung his chi bojo tall them some thing that he fort that he would never tell them “a long time go chase was a dragon gust like you guys he was one of the first dragon to de trained at this temple. One day the sangonwou maker came back and tall” dojo got interrupted by raimundo “wait a minute the sangonwou were made by two people” he said “let me finish” said dojo continued in “ that we must hind all of the sangonwou and we must keep a close eye on chase because they said to use that this would happen but they made three more sangonwou called the staff of Darkness that has all powers of all sangonwou but one the staff of light that has all powers of the sangonwou and the cat fangs that turn cat to people but chase catcher them but the turned them self in to the ying and yang yoyo's” said dojo the monks look at him then the yoyo's started to shack then they turned to bust “hay dojo is chase now ruling the world” said some one behind them they turn around “Anna kima long time no see” said dojo “it only din 1500 years and look what we got the late sangonwou that we ever made” said kima “lets go and kick butt” she said “first we make a plan” said Anna then they got in a fight of what to do. “So there back and they will turn my beloved pets back to normal we must get the here” said chase watching them “lets see if we can refresh there memory's” said kima to Anna “so were are the sands of time” they said together “the future omi hid it wait you mean that we stop him” said the remaining monks “ya” said Anna. “Chase is coming I should now I can sense his presents tome to try the voice of a 1000 it puts boys in a Trans VOICE OF A 1000”said Anna how was now singing and every one went in to battle excepted chase how was in a trans “the faint scent of tears on my rain - soaked cheeks the warm look of the face of travelers the music of are childhood faintly echoes in the background the memories that I hopelessly try to remember wander aimlessly but with this tiny wings, launched by my dreams, over distant oceans and skies we'll soar, together, to place where memories never fade. You light up the way for me in darkness of the night. Oh, that warm look and your face I miss you so much” sang Anna and chase coming out of his Trans only to see his army defied “cat fangs” and all the tiger lions and panthers became spirits but one of them was not there omi was not any were to be found “he must be at chase's lire but that place is like a maze with no entry's” said clay chase made a retreat “how could they do that to me my last pet is a cub omi come here” said chase complaining as omi the cub walked in meanwhile at the temple “now that we now the way to way to get omi back we can save him but how do we get ride of evil for ever” said kimko “ gust use the Fontana of wee” said kima “ ya but omi gave his word that he wouldn't do that” said raimundo “he gave his word but you guy didn't and do me a favor and get ride of jack” said Anna. “But you see chase broke his word he would all ways de good but he turned to the dark side so you guy find a way to stop evil and rescue omi” said kima “and you guys” said kimko “we are gone a make a little some thing we like to call a sangonwou detector ow and you mitt need the staff's of light and darkness don't let chase get the staff of light ok” said anna “got ya” as she got the sangonwou and ran to catch the other and then when they got there omi maws out side and attacked them “staff of darkness” shouted kimko and now omi was stuck he was frozen and raimundo in a cage and when to temple were a big surprise was wait in for them.

## 2 - a plan to save the world

The monks returned to find the scroll and a new shengonwou out and a page of the scroll was new and it said the shengonwou detector this shengonwou can detect other wou "cool now we can find the wou without waiting for it to activate" said Rai "ya but where are the cat fangs and the two pretty girls and master fung "open the cage" said kima behind them clay opened it and came out and attacked her "cat fangs" she said and omi came back to normal "guys what did you do I gave my word..... and how is she" he said madly has he looked at kima "omi so you now chase was a monk like you and gave his word that he would be good for ever but he broke his word oh and any one seen my pet his in visible he came from the ying and yang world" she said looking at every one "I did but that thing left after we got the two.....wa I a mean you and anna" said dojo "look how I have" said anna she was out side with master fung and the create from that kima was looking for "come here you good boy" said kima and then she swallowed him "his a part me of now I have my yang back" said kima "now that we got that settled how would you like to tell use some thing that can save the world from chase" said master fung "knowing chase he prepared for every thing he probably left the roof unprepared" said anna come on the tolled dojo to come last in there plan "we can shape shifters we'll tern in to dragons chase will go after use and will have fake people on use from the training field and when there gone you guys go inside with the staff of darkness if chase gets it use the staff of light ok" said kima and anna "got ya and it a great plan" said kimko "I've don all of your chouses for the next week" said the nice jack "made we should take jack with use in the devotion" said anna "good idea" said kima they were getting fed up with jack they used there voice to make it sound like the worriers and a it was very funny and chase and wuya fallowed them they even sounded like dojo and that made it work even more when they left the monks went in side the went to the center of chase liar they knew that is they use the staff of Darkness to absorb the evil that was unlashd by chase "staff of Darkness" said clay as so as he said it jack Spicer came crashing throw the window that meant that chase got anna and kima they staff only absorbed half of the evil they could do nothing could save the world if he got there before it finished it work "we must fight harder then we ever have before it time to punch butt" said omi "ah it kick butt" said Rai "that to" said omi they prepared for chase but what they did not now is when he de here then they got the shengonwou out omi oboe of torname, kimko star hanadie, Rai sword of the storm and clay third arm sash there fav shengonwou but kimko hade a surprise of chase and Rai two surprises one for chase and the other to Rai is they lose.

I think I named the shengonwou rough but I spelled it how I think it spelled but Raimundo and kimko mite have some thing to say to each other if they lose in the late battle could this de the end of the world and the monk and were are anna and kima have they suffered the same fate that they will fin out in the next party of this stroy

### 3 - the truth of the shengonwou makers

Chase entered “know my worriers get them” he said and anna and kima came out of no were they were in a Trans and chase was controlling them they attacked the young monks “use the staff of light kimko were only acting in 10 seconds from now” said anna telepathically and all of a sudden they attacked chase “we fooled you again” said kima chase was very surprised and scared and the quickly turned them to tigers but then they turned them self’s to half human and half tights they there even powerful then chase could think they could de “oh didn’t you now that we can change are form” said anna and kima. “Kimko use it now” said anna and kimko use the staff of light and chase tried to get away from the beams and wuya shield him but it was to strong and she was turned to a ghost again it was to powerful for kimko to handle on her own “Xiaolin worriers help her will get chase in the blast ya ready” said kima. anna and kima ran after him but chase had only put a foot up but the got to him at sonic speed and now the only thing to do was to kill chase but the next blast was so powerful that kimko said “Rai if we don’t made it you should now I love you ever sins we first met” raimundo was happy and said “I love you to” and chase had no way no escape and at the last seconded anna and kima let go and chase was destroy anna and kima turned back to normal “well we have to go and if you need use the dragon horn it hidden in England near a town called Cromer” said kima “ya and I live in that town in this diminish” said anna. “What do you mean in this diminish” said omi “we came here to help you see we come from different planets and we are traveling to kima world” said anna “kima” said the monks look at kima “that’s right we do help a lot of people in different worlds and we like it” said kima the looked happy but then they realized that jack was gone “we gave him his chi back ok and kimko you’re the only one how knows the how to use the shengonwou detector it like your GPA got to go bye” said anna. Anna and kima disappeared and the monks when to got the horn of the dragon and as so a they were half way there dojo stared to shack “the horn of the dragon just went active hang on we going at fall speed” he said and in 10 minutes they were at Cromer “dojo get in my bag pack” said raimundo “it change a lot” said dojo and soon they found out that Cromer was call shiptum 1500 years a go and I sank in to the ocean and it was 10 miles out to and the horn and it was winter kimko used the Giles of hamage and the over’s used the silver ray it took the a wail to find the old church kimko when in side but never came out then jack Spicer came out of no were out of the church and had kimko and the horn of the dragon “changing chopsticks” said jack Spicer and he get a way but he could not get away so far “he would only get as far as that town” said clay “ya mean anna home town” said raimundo “we better find her she know this place better then use” said omi

My real name is anna and my home town is Cromer and put my self in this story

Well I hope you like this story cuss now I am gone a put showdown in the next chapter

## 4 - helping kimko

“jack will have to stay in Anna's home town well the one in this world” said clay as soon as they got to land they went to a hotel and got a room the next day they went in search of kimko but could not find her and then try to find some one that new there way around. They went to the high school and got some uniforms and time tables but what they did not now was that jack Spicer was in there same classes but jack was planning to bring anna to the dark side and as soon as the break bell rang omi, clay and raimundo went right for jack “were is she jack we now you got her” said Rai “what's the matter love boy you miss your girlfriend” said jack “were is she” said Rai getting in a bad mood “she is a area that now I can take you there” said anna how was close behind them “anna??” said the guys surprised at how she looked “ya it me” she said “ah can you let me go now” said jack after school they fellow anna to the woods “how do you now use” said Rai “I don't now I just do and that girl tolled me to find you, I was just walking along when that monkey smelling guy came and berried his drill thing” said anna not far away were jack slipped away from the monks was planning to get out of the town with out being seen wuya was trying to make kimko gone them “gone use and you can have any thing you want” she said “no way” replied kimko “I will never gone you” she continue “like lover boy” said jack interrupting them “soon you will learn to love me how now's when I rule the world you will be my queen” said jack laughing his evil laugh then kimko went all green just thinking about it. “WHAT” every one looked at raimundo when they came throw the bushes going red with anger “your just sick” said Rai in anger voice “we must get the shengonwou” said omi “oh ya jack bots attack” said jack omi, clay and Raimundo where fighting them then jack put kimko in the drill viral but no one notes anna sneaking up to the shengonwou and as soon as jack picked up the dragon horn anna graded it too “jack I challenge you to a Xiaolin showdown” said anna “I accepted” he replied “the game is dancing 3 rounds best two out of tree win's first rap, then delay and last is hula lets go” she said and together they said gonyietellpie” music started to play and danced to it Anna new the song so she did all the right moves as for jack he slipped up and he lost the round the second round was much harder for anna jack won it easy the score was 1 to 1 but never of them ever bun hula be for “I now since never of use have ever bun hula will dance with the people how are doing hula in this move” said anna they agreed and they did there best then the scores were Xiaolin2/halin 1 “hay you the gills of harangue and the three arm sash but you did not wager any wou” said Rai “acutely I did it telepathically” said anna kimko ran up to them and thanked them for saving her but slipped and kiss raimundo when he stopped her by being in the way “look Rai before you think about it, it was a acceding ok” said kimko blushing and anger “ok” he replied after that dojo found them “what i miss I've bin every were looking for you guy's” he said “can I come with you guy's it not nice here for me and want to have a advancer” said anna every one look at her then they all said “ok” as soon as they got there master fue came out to see that there mission was successful “a new member to gone use have we” he said “yes this is (whisper)this dimension's anna” said omi “ the dragon of metal” every one looked at master fue “there are five element's and anna is the last dragon” said master fue “anna was the first one but that was before chase young” he continued “which one” said clay “ the other one” said master fue anna was to busies to hear there conversation and was shone around the temple by clay and kimko and then omi ran out of the temple and said “two shengonwou are now active the shengonwou detector and the cat fans” “we must protect the volt” said clay “from how be side's it a piece of pie” said omi “for the 30000000 time it's CAKE” said Rai “that too but I only said it 3000000 tim.....” omi was interrupted “come on you stop

talking and get moving” said anna the volt was guarded by omi, clay and Raimundo and inside was anna and kimko . Kimko guarded the cat fan's and anna guarded the shengonwou detector but nothing happened so every one went for the night or so they fort because one of them were not as it seemed

## 5 - robot kimko

Late that night "kimko, kimko are you here" said Anna how could not sleep and see that Kimko was not there kimko was gone "kimk...!!!!" Said Anna and to find the Kimko was taking the shengonwou with three arms "KIMKO IS A ROBOT!!!... wait that not right let me try again (deep breath) A ROBOT HAS REPLAST KIMKO AND IS STILING THE SHENGONWOU TO TAKE TO JACK SPICER or some thing like that" said anna screaming her head off Omi, Clay and Raimundo "what's going on?" "look" said anna "oh great" said rai mean while "what do you intend to do with me" said kimko "simple Chase want to now all about the shengonwou detector so that he can get his powers back but he said that I can become his apprentice and then you will be my queen" said jack (O-O ok that is rouge in so many ways kimko I fell so sorry for you kimko POV don't worry the gang will de here soon) "what chase is dead and like he'd ever make you his apprentice" said Kimko "that is what I said but chase is a live and he will rule the world" said wuya "hay kimko let me give you a kiss" said jack (O\_O; so rouge) "KIMKO" screamed rai "hu" said jack turning around to see the Xiaolin warriors "oh it's the wimp again" said anna "how are y6ou calling a wimp" said Jack.

"You're a mama's boy, wimp, useless cry baby and an idiot" said Anna filling prod of her self "ya well you're a lazy fat summio freak" said jack and he shouldn't have done that "what was that I should have warned you my temper is one a short fuss" said Anna and she really gets pissed when people call her summio "I think ill stand over here" said Raimundo "me two" said omi "me three" said clay anna then attacked jack turning her rage, anger and fury in to power but jack did not now was that she was a orange belt in kick boxing "sorry to keep you hanging kimko" said Anna. "no worries" said kimko "so jack how bus it fell to de bet by a how did you say it a fat lazy" said rai mocking jack " shut up" he said.

VISION

Two people are fighting and four people lye one the ground one got knocked on the ground "You can't escape me" said a guy with green hair and gold yellow eyes "like some one I now said never give up and you will never lose" said a girl with brown hair and brown eyes "to bad I have to kill you and your friends you'd make good pets but with your power I cant rise it" said the guy "NO" said the girl and a light appeared "never give up and she will come" said voice.

VISION END

"hello is any one home" said omi "she looks as empty as a empty bucket in the middle of desert" said

clay "speck English clay" said anna waking up "what happened to you" said clay "no idea but I had a strange" :I cant tell them then they will be on alert: said anna then thinking of what would happen if she talked them what happened "a strange what?" said rai "ah never mind" said anna.

Well this is creepier jack kissing kimko chase is what CHASE IS ALIVE NO!!!!!!! how much worse can this get (crash) I was wrong it is worse.

## 6 - perfect training or a little

Chase has taken over the story line no! now it is gone be his was in the story now but then a gain the Xiaolin worriers will be here any minute (crash)("hay I just fixed that window") im right well back to the story.

Anna was meditating "never give up and she will come, but how will come" anna was thinking of the vision "hay training is starting you what to watched" said clay "nhuu oh ya I'll be there in a sec" said anna then she went to join the over's "omi you must train anna" said master fung "anna you must be train in the art of the tiger instincts" said master fung "hi" said anna very quickly (hi is japans for yes) she put a bland fold on and omi had to snick up on her omi jump up and was about to pounce on anna but anna heard his robes flap in the wind and moved to the left "wwwooo" said the over monks omi jump up and was about to do a hand cop but anna bogged omi kept chopping but never lad a hand one her omi gave up in the end "well bun now try using the shengonwou" said master fung impressed with Anna's abilities "orb of tornamie" shouted omi "reversing mirror" shouted anna omi's attack turn against him "lucky guess" said omi "ok lets try again then" said anna not knowing how she did that "lotus twister" said omi "mantas flip coin" said anna she dogged all of omi's attacks "well bun you would make a great Xiaolin apprentice" said master fung all the monks were commenting her

"omi are you ok" said kimko finding him in the temple "oh no im just fin not that I care that there is someone better then me" said omi im a puff "look it not that she is better then you it just she put every thing in her diary" said kimko holding up Anna's diary "how did you" said omi "it fell out of her bag but its weird half says Anna's diary and the over half is foxy diary there the titles" said kimko looking puzzled at it omi snatched it out of her hands (reading Anna's dairy) "to day is very straight foxy keep's telling me the answers to my test and her brother's and sister's are no help, (turning page to the last page with righting on it) anna is cool but even when I purse her she can still talk throw her body she kept shouting at tero because he would not stoop blowing wind at her even when he was not supporter" said omi amazed "ok you what to now the true get the falcons eye and look be hide me" said anna in door way kimko got the falcons eye and did so only to see five people (2 boys 3 girls) be hide her waving at her "and im the only one how can see or hear them" said anna and then shouted at one of the 3 girls in an over language "ok please explain foxy is the oldest and one of my new best friends she made it so that im the only one that can see or hear her and her brothers and sisters.

LATER AFTER EXSPLAINNG IT TO KIMKO AND THE GUYS: "so that is how come you new what omi was doing in the fight" said clay "they weren't here then" said anna "man you out of all people" said raimundo amazed. "Ya but it kind of annoying" said anna "how come" said kimko "you try putting up with them for a year then tell about it" said anna not to happy

## 7 - the terrible five

Anna stared to look at a corner of the room \*sweat drops\* “ok that is just rouge” she said “what is” ask raimundo “well you see..... (Turn to the corner) what the hell do you mean by” anna stop for a minute then said “oh (turning to the overs) has there been another me from another dimension come throw here recently” the over's looked shocked then did a cheese smile and said “no” anna had her arms folded and raised an eye brow then the Xiaolin monks looked throw the falcons eye the (terrible five) people were doing the same thing “ok a blonde headed you came here and help use to save omi and the world but there was a very strange girl with red hair called kima and you could both shape shifted and you looked like you knew her” said clay anna looked shocked and then looked at one of the five “kima!? That is the over name for foxy she does all those things and she can turn human and she is fire” she said then looked at the same one and she said some thing and gave anna some thing and it appeared in Anna's hands “ok this would make you see hear, see and touch them” anna said giving a electric shock throw there ears when they blinked to clear there vision and saw the five “hi I'm foxy I control fire and im the oldest out of my brothers and sister here” said the girl red head “im kida second oldest I control water” said the girl black and red head “crash middle child and I control metal” said the boy with blonde hair “tero second youngest I control wind” said the guy with green spiky hair “and im kira youngest and I control earth” said the pink haired girl.

After the Xiaolin dragons explained about what they did with the over kima and anna it was even harder to deliver then foxy, kida, kira, crash, and tero but that was not the case.

“Wow that is so cool” said foxy “ya it is but we are not here when that happened” said tero they all started to talk to each over monks and the five but then a crow flow in the room and picked up the stick that shocked the monks in the ear and flow off to chases lair. Chase was just a live shocked him self with the stick and his energy boosted up he managed to get a cup of his soup and he was fully healed “time to pay back the two that did this to me” he said with two of his worrier cats.

It was the middle of the night every one was a sleep anna and foxy were fused and had two minds in one body they where both a sleep but then foxy mind woke up and there hair turn long red so did the eyes turn red she got dressed and walked around the temple she could sense some thing foxy's brothers and sisters were up as well but they fort it was just foxy up training in fusion form foxy turn around to go back to bed but as soon as she did chase knocked her out and anna and foxy spit in to there normal forms the over's came to see what was happening chase quickly graded anna and ran off foxy got up and ran after chase but all of a sudden chase stopped and shouted “scear of yon (sorry bad spelling) I'll be back for you” he said. “foxy turned even more red and throw a huge fit “YOU BASTERED GET BACK HERE SO I CAN DISTROY YOU” she shouted.

At chase lair anna woke up and looked around she was in a prison cell and said "cool now that's see....how does this go again nock on the bars and walls and find the weakest points" she got up and looked for a weak spot and found it and said "metal bomb" and a wall came down "thank you crash for teaching me this move" she said running around the place then ran past one of chase's cats and turn around to face it "cool a tiger" she said then turn around and bumped in to chase and fell "oh crap" said anna "so you're a wake" said chase anna got up "ya well I like to stay chat but I got to go so aahh BYE!!" she said running away at an incredible speed "speed won't do any thing for you now" said chase

## 9 - new dragons

Anna was running away from chase but then she found the exit but chase and his cats were there waiting for her "oh crap" she said. at the xiaolin temple foxy was passing back and forth in the garden hopping that anna was all right. foxy's sister kida look at her then looking at omi and help him with his water powers and foxy was just passing and passing and passing (<.<; boring) foxy then got a sudden pain in her throat she then teleported to chase's lair. foxy saw chase holding anna by the throat "fire blast" said foxy chase got shot in the back and let go of anna she was gasping for air foxy fused with her when she got to anna she stood up foxy was in control "shield" she shouted when chase got up and attacked her but it did not work then anna and foxy split in two "you idiot" said anna "how you calling a idiot i just save your life" said foxy (oh boy here we go again \*start's playing go fish\*) "thank's for that but now we can't get out of here this shield stop's things from getting in or out" shouted anna "so what at least it save's are sorry but's" shouted foxy back at her thinking.....thinking "good point" said anna, foxy:0.0;<.<;

"so your stuck here \*laught's\* let's see how long you last" said chase jack and wuya flow in "wo you got hurt by chase haha" said jack pissing anna off "hey nice shield but won't last long against chase" now pissing foxy off "THIS IS MY BEST SHIELD YOU LITTLE WORM" shouted foxy "what's the matter cat got your tongue" said jack anna looked puzzled at how come he could not hear foxy "ow ya he can't see you" said anna to foxy now jack was puzzled "what do you..." jack was interrupted by chase "shock yourself with this and what do you what?" said chase handing him the stick that made people see foxy and here sidling's "ow (kack shocked himself) wow your pretty much more than kimko" said jack to foxy "you little.....you do that again and i'll kill you" she said shacking jack (wait a minute) "who did you get out nothing can get out or in here and your out" said anna pissed off "ya your point i teleported out" said foxy "oh" said anna then foxy teleported anna and her self back to the xiaolin temple "no" shouted chase "ow and chase wuya said that there is a new shengonwou that make's people stop completely in time.....just thought you like to now" said jack now running for it

"shengon wou dead ahead.....wo anna are you ok chase glad you and then(yatter yatter yatter) and now your back with use^^" said dojo "so ya happy to be back with use" said clay "ya but i miss my friends back home but you guys are my some of my best friends" said anna "some of your best friend's" said omi "ya every one is equal in my book's so i have lot's of best friend's" said anna dojo landed "the shengonwou is around here some were" said rai kimko used the shengonwou detector to find the shengonwou "so what's the wou called" anna asked kimko "it's called the immobiliser of time" said kimko "FOUND IT!!!!" said kida "all right wait a go sis" said tero (all:-.-;) "ok that's get going now chase is on the way" said foxy.

as soon as the monk's got back to the temple anna got open her laptop and emailed her friend's master fung called all the monk's together "younge monk's to must go to the over xiaolin temple to join force's with the dragon's of time,light 'darkness,skies" he said "cool one of my friend's live's in a xiaolin temple she could be at this temple she live'd in south shield near my mum's city in england then she moved" said anna

"so you could have a friend at this temple" said rai "ya let's go" said anna every one when to shethe over dragon's were they were greeted "hi welcome to are temple im the dragon of time but you can call me rowena" said one of the temple monk's "aka toxic fairy one of my best bud's" said anna "anna as in themysticunicorn anna" said rowena "yep oh and hang on a sec" said anna get out the stick and shocking all the dragons at the temple "ok now that we call all see each over we are supost to join forces or some thing" said rai.

i put my best bud in this story and her name is toxic fairy she is one of my very best bud's and i deside'd tyo put her in so TOXIC FAIRY ROCK'S.

## 10 - a birthday

anna and rowena were training but anna made a total fool of her self doing a back flip but still. "rowena my little brother's birthday is next week do you want to come you can visit your family on the way" said anna "SURE" shouting rowena with joy "ill go ask the guys" said anna running off asking the others every one said yes and they made their way to england "hey guys ill see you later im gonna visit my cousin nessie" said dojo "ok my brother's birthday is next week so ill (unfortunately) intrude on your family" said anna happy "thats hope that your mom doesnt take us shopping" said foxy anna looked at foxy "good point (looking at the rest of the gang) my mom makes me buy clothes till we agree on one set of clothes aka its a battle field" said anna in a mopey way "why" said james and marcie at the same time "if my mum takes me and you guys shopping then you'll find out" said anna sadly again.

at newcastle anna walked up to a flat and knocked on the door but (i so wish this what would happen) got a bucket of water out a tall guy answered the door and anna frowned at him "hi tomes how ya doing" said anna very happy "anna that was not funny (ya right \*evil grin\*) and .....how are these people and how did you get here" he said noting omi, kimko, rai, clay, james, marcie, krissi and last but not least rowena (he cant see foxy and her brothers and sisters) "these are my friends and i got here by dragon" said anna "ya write well come one in" said tomes anna followed him and the others followed them it was small but it was anna's moms home (what my mom and dad are divorcing) "ANNA" said a two year old boy "LOGAN" shouted anna they hugged each other then anna said "logan how ya doing" "ok you" said the boy "ok" said anna then picking him up "guys this logan my little brother logan and he is gonna be 3 next week and i got a little sister but i dont know where she is"
