1 - New powers, Pokemon and a new Destiny

Disclaimer: I have decided to write this in 3rd person thank you...

It was October 31st and Pokemon trainers were scattered about in this Lovely Village/city of Orical. Everyone Who had Just turned the Lucky age of 13 are starting their journeys tonight For in this city Trainers don't start their journey until this age.....But one 11 year old boy Living all alone in a broken Down Orfanage Center and is very Sad. This Young mans Name was Leo. His father set out on his journey to become a Pokemon master, and sometimes came to visit Leo but always left the next morning. His Mother Died in a cross fire between The legendary Celabie and the Unbeatable Mew two(who was not randomly there but was trying to destroy all Life in the area so that the Pokemon didn't have to suffer and live an eternal life with Humans) She didn't go down without a fight. She used her so called "Physic Powers" To calm down the Pokemon so the blast wouldn't exactly kill her. But it did and that's old news. People say that Her son Leo Looks just Like her in every way but in the eyes. He has his father's eyes....That looked like blueish green sapphires. Leo Loved Pokemon, And Wished He could Leave the orphanage and start his journey. But the Mean and Rotten Care taker of The Orfanage Will Not allow it, For it is a tradition in the community to train for a long time with Pokemon then Go out on their journey. But The thing is because of his mother's Love for Pokemon and Her gift to Read minds and have visions of the future. The community feared Leo and what he could do with Pokemon..... He was the only One without a Pokemon In his whole class... Until One Night.....Something wonderful happened.....All his class mates were out Training and because it was Halloween. At exactly 1 hour before Halloween Ended they would Have a tournament. And the Winner would Receive The Right To represent Their City in the grand festival without needing any badges.....And Leo was not allowed to leave to watch the tournament, and was Locked in his Room for the night. But Leo really wanted to go and that's when our story begins.

Leo: I wonder what is all the racket down stairs I better go check...*tried to open the Door* Hey!! Let me out! Why did they Lock me in here... I don't Understand, they won't even Let me watch the tournament... Dangit I wish I could start my journey just like all those other trainers...Or at least Enter the tournament...Because then I could escape this town and set out on my journey early...

Voice: Well I don't see any reason why you can't...*the female voice said with curiosity*
