**Chapter 1 - I feel cold**

**2**

## 1 - I feel cold

I'm missing you, my love...  
Sorry for calling you 'my love'  
you aren't even mine, phew...  
Yet I am yours, completely  
and I love you from the bottom of my heart

I feel cold  
All the time  
when you're not around  
I'm trying to get used to it  
but I don't succeed  
I think I never will  
so my life's been frosted  
By myself, by my feelings

I try to curl up to my sheets  
but it's still cold  
There's too much space in my bed for me  
yet it's too small for two

I go to living room and light a candle  
I curl up to the sofa's corner and stare at the flame  
I still feel cold  
and lonely, very lonely

I stare at the shadows in a corner of the room  
they seem to grow as I look at 'em  
I ask them; "Would you keep me company? Would you?"  
They fade back to their normal size  
And I feel a bit lonelier again

I still miss you.
