**Chapter 1 - The World Cries**

**2**

# 1 - The World Cries

Why do they say these things I hear  
I know they don't mean them from the heart  
And they have no reason to feel betrayed  
I have not seen them apart since late last may

I feel lost and I call  
My life is changing and I know I fall  
At the feet of those I love

What is this sudden change  
I feel I must catch up  
And I must not fall behind  
But I do not want to try  
Not one day more

Could you tell me I am odd  
So I can realize and rebound  
I feel the hurt  
It eats my heart inside  
But it's not you  
And it's not me

The world cries to you can't you hear  
From the skies it shouts the path  
And from inside you feel the wrath

Can't you see you are blind  
Mistaken in your course  
Listen to the voice inside  
If you want to see your goal  
Follow the road though it seems unwise  
Help your fellow man

If you are to be helped  
Then you must help  
Help your own share

Do not follow the wrong voice  
The one that speaks on only your behalf  
You have no need of greed in this task

But you can chose the life you lead

The world cries to you  
Please listen  
And heed
