~well,what do you thing?its my first story!ill be continuing later! no fire,it doesnt effect me.~

2 - chapter 2-Almost there

~We just left off with you and Chaos leaving your house for prof.birch's lab.Before i start on the story,let me just clear something up.You and chaos are 11 because you both missed the last choosing of the pokemon.the same with your friend,kaze(aka-wind).~

"so,now we'll go pick up wind and really be headed off to the lab!"you said."oh,i cant wait!"chaos shouted.a few seconds later,you arrived at wind's house.she was waiting for you,already on her bike."a few minuets later and i was going to leave without you guys!"she said,jokingly.we started to ride our bikes the the lab."so,what pokemon do you want as a starter?i want a vulpix!"i asked"zubat"wind said"spheal"chaos replied."awesome!i really think this is going to be sooo much fun!our own pokemon!"i shouted."yeah,i cant wait!"chaos shouted.wind nodded in agreement.professor birch's lab was just coming into view.

~yeah!i finally added another chapter!next chapter-you get to choose your pkmn!~

3 - chapter 3-choosing pokemon

~Continued,oh and i know you are supposed to choose from the starter pokemon but not in my story!~

As you rode up to the lab,professor birch was waiting for you."follow me"he said,leading all 3 of you into his lab. Looking around,you saw a few other people there.they must be his assistants,you thought to yourself.before any of you realized it,you were in an open field with many pokemon roaming around."pick a pokemon,any pokemon!"prof.birch said"but it must be at its first stage!"he added.Quickly,before the words were out of his mouth,you ran over to a group of vulpix.chaos moved to some spheal and wind walked over to some zubat.all the vulpix babies trotted over to you.all but one.she was lighter in color than the others and she was smaller.her eyes were closed.moving all the other vulpix away,you moved over to her. you knelt down in front of her and she oppened her eyes.they were green.immediately,you fell in love with her."professor birch?i want this one!"you shouted.he walked over to you and so did wind and chaos.wind was holding a calm zubat and chaos was cuddling a resting spheal."awww....."your friends said in unison.prof.birch gave you a pokeball."can i use a luxury(sp?) ball?"you asked.he reached into his pocket and handed you a pink pokeball."catching"the vulpix,you quickly let her out of the ball.she hopped into your arms and fell asleep.you all left with your new pokemon and thanked prof.birch.you put the pokemon in your bike baskets and rode out of petalburg...

~yay!another chapter! hope you like!~

4 - chapter 4-Naming your pokemon

~sorry it is taking me so long to post a new story,ive been very busy!~

looking down at your vulpix, you decided to give her a nickname. thinking hard,you kept crossing out names in you mind. when you thought you had run out of names,one came to you. remembering the japanese class you took,you thought of the word fire in japanese."kasai",you said.your friends looked at you."huh?"chaos said."im naming my vulpix Kasai.it means fire in japanese." "oh...then ill nickname my spheal Koori,ice in japanese"chaos replied. " ill name my zubat koumori.japanese for bat!"wind said.just then,kasai woke up and blinked."hi kasai!"i said.she smiled and yawned.wind and chaos were talking to their pokemon.you smiled and started to talk to kasai telling her everything about you.about you family and friends,all the people you know,all the pokemon you know,and about what you were going to do together.
