# 1 - The Begining

**I ran through the darkness, my breath short and staggered and my heart pounding. I frantically looked back, looking to see if he was following me, covered in blood and glowing red.**

Well, let me go back to the begining....

*I was playing What I Want by Daughtry on my guitar in my room. I was home alone. Dad was at work, my sisters were at dance, and Mom was busy doing errands or something. Typical afternoon.*

*Then someone knocked on the door. I looked out the window and noticed there wasn't a car. I thought it might be my friend from down the street, so I went downstairs to see if she could come back later.*

*I turned the corner into the kitchen and fell back. A man in a black trench coat was in the doorway. He had dark sunglasses and a black hat, shadowing most of his face. My body started to burn with fear. All of a sudden, I had to duck from something. I looked behind me and the wall was burnt.*

*Did he just throw fire at me? I thought. That can't be-*

*Then I turned back around and in his hand was a sphere of fire. As he walked closer, it got bigger. He was a foot away from me and he brought his arm back. I cringed and suddenly, not even knowing it, I flung my arm out and a sphere of blue flames appeared in my hand. He looked down in surprise and I thrust my arm into his stomach. He gasped and I felt his blood running down my arm. I pushed him into the wall and ran out.*

***How?! How did I do that? What was that? Who was that?!*** Many questions ran through my head. The dominant thought was that I had hurt someone. I was the one who didn't like to say anything bad about anyone, never mind physically hurting them. Regret poured through my mind.

*Suddenly, I tripped and fell. I muttered and swore about how clumsy I was as I tried to get up. I pushed off the ground, but my hands were stuck. I looked down and saw the ground beneath me shimmering. I started to scream, but I was gone.*

\*\*I edited it a bit. It's not much, but I did. AND I'M NOT CURSING MY FEET!!! :-P

## 2 - Thruth Among My People

*Now where am I?!*

*I frantically looked around, still on the ground. The scenery around me was unfamiliar to my eyes& But somehow home to my heart& I couldn t explain it. The trees dripped long green leaves from their delicate looking branches. The grass was the most radiant color of green that seamed to shimmer. A crystal clear pond lay to my right that seamed to call to me to drink it. Thirsty, I dunked my head in it. The cold water seamed to clear away the previous event. When I came up for a breath, I looked down at my refection. To my surprise, there was a woman behind me.*

*I jumped and turned around to look at her. She had a beautiful red dress on. She had long blonde hair and blue hair. Before she said anything, I had to ask:*

*What the heck is this place?! It looks like something out of a Mary Sue!!!*

*She laughed, Yeah, a little, but get over it. An orb of fire appeared in her hand, like the dark man, and she threw it at a tree. I jumped. Better? I could see that she was a little aggravated, so I shut up.*

*What do you want?*

*Your help.*

*& With what? I don t like this already. Your hand& You did the same thing as that dark man.*

*So didn t you.*

*Yeah, I didn t think of it like that before&*

*Wait! How did you know that?*

*That man is a& Well, we don t call Them anything-*

*Big Creepy Scary Guys?*

*No!*

*Yeah, she was getting mad again& OK! Sorry!*

*She ignored my apology. We need as many of us as we can get.*

*Who s this us ?*

***You, me& Hamunaris. We have a gift-***

***Like the Big Creepy Scary Guys?***

***She started to steam, Yes, like the Big Creepy Scary Guys.***

***So& They re like& us ?***

***She walked over to the edge of the lake. They were& Hamunaris, but they betrayed us& It s been two centuries ago today. I still remember it&***

***You re THAT OLD?!***

***She turned around, once again angry. I am considered one of the youngest of my people!***

***So what about me? You ve got quite a few years on me.***

***As I was saying, two centuries ago, there were five people in royalty. In years past, their names have eroded from time.***

***You just forgot them, didn t you?***

***Oh! SHUT UP! Those five were the most powerful people among us. Then, one night, a group got together and& Killed them. No reason at all, but they believed that if they killed them, they could attain their powers, but they didn t. Now they believe that if they kill their reincarnations, they may attain it. She bowed her head. You may be one of them.***

***My eyes grew wide and I sat down. Well& This sucks&***
