1 - How souls Die

Life passes away in different times. so do I but to think of it my soul feels petrified.....my and your hearts could separate someday.....or....somehow?? but how sad I felt was like a nightmare.....maybe for sure we have to leave.....the world...Death fears me wherever I go.....but I still have but I can dream.....forever.....life could always stay with me wherever I go.the world will always be with my heart wherever world I go.....But.....I will always have it in my heart.....forever.....my blood will fade away when I die just like my heart and soul. when that happens I will still be me.
