*Yeah, I know Yiruma isn't a Pop Star (xD) but at least he's Korean! :D*

*This is my lyrics to Yiruma's piece "Kiss the Rain". Enjoy or something! x)*

**Chapter 1 - Kiss the Rain**

**2**

## 1 - Kiss the Rain

Don't be afraid my dear  
Even though the end is near  
Forget about your fear  
Please sit here by me  
And get ready for the ride  
And die with pride  
We will meet again  
On the other side

So kiss the rain Nichole  
God bless your soul  
Have a happy time  
The rest of your life  
And then in heaven  
Will you be my wife?  
You know I love you  
And you love me

The sky is dark  
Can you see the lark  
Who terrified tries to escape  
From that mountain in human shape?  
We understand  
We should run  
But we have our eyes closed  
And thinks of the warm sun

Don't be afraid my dear  
Even though the end is near  
Forget about your fear  
Please sit here by me  
And get ready for the ride  
And die with pride  
We will meet again  
On the other side

So kiss the rain Nichole  
God bless your soul  
Have a happy time  
The rest of your life  
And then in heaven  
Will you be my wife?

You know I love you  
And you love me

It comes closer  
And destroys  
Everything in it's way  
And it'll be us next on the list  
But we don't care  
We hold each other tight  
I will soon meet you again

Don't be afraid my dear  
Even though the end is near  
Forget about your fear  
Please sit here by me  
And get ready for the ride  
And die with pride  
We will meet again  
On the other side

So kiss the rain Nichole  
God bless your soul  
Have a happy time  
The rest of your life  
And then in heaven  
Will you be my wife?  
You know I love you  
And you love me

You know I love you  
And you love me
