<b>Chapter 1 - Empty</b>	<b>2</b>
<b>Chapter 2 - Leave me alone</b>	<b>3</b>

# 1 - Empty

Empty

v1

i never knew  
that i could feel this way before  
untill i met you  
you left an empty space in my heart  
that can never be filled again  
but stay empty forever  
and i don't know what to do  
i'm not sure if i'll pull through

(chorus)

i feel so empty and alone now that your gone  
like a child curled up in a corner crying  
with no one to help them  
and i'm feeling so angered  
asking God every day  
why did you take him away?  
why did you take him away?

v2

you were so young  
only the age of 4  
you got a disease  
that seemed to not have a cure  
you were battling it for nine years  
but unfortunatly it won  
and now i'm sitting here crying  
wishing you where still here

(repeat chorus)

(v3)

you were like a brother to me thats why it hurts so much in side  
and thats why i cry so many tears at night  
and i know that you wouldnt want for me to mourn  
but i'm so lost with out you

(repeat chorus)

## 2 - Leave me alone

Leave me alone

(verse 1)

you always knew how to make me laugh when i was down  
you were there to save me from my problems  
we were the best of friends but i kind of liked you a little more than that  
but than she came along and tore you and me apart  
and now i just can't stop thinking about you

(chorus)

Plz leave me alone  
it's like your a ghost inside my brain that is driving me insane  
and i just can't  
get you off my mind i need to leave my past behind and and move on

(verse 2)

i saw you the other day and she wasn't by your side  
so i desided to stop and say hi  
we started taking about the good old days and laughing the time away  
but than i saw her running to you  
then my laughter stop  
and my heart dropped into my stomach when i saw a wedding ring on her finger

(chorus)

Plz leave me alone  
it's like your a ghost inside my brain that is driving me insane  
and i just can't  
get you off my mind i need to leave my past behind and move on

(verse 3)

i loved you for the longest time  
but you just didn't see it  
even when i was right in front of you  
but i guess that it was my fault to  
for not telling you before so now i have to pay for my mistake

(chorus)

Plz leave me alone  
it's like your a ghost inside my brain that is driving me insane  
and i just can't  
get you off my mind i need to leave my past be hind.....and move on
