0 - What is a BridgeBrigader?

All these characters are part of a society called the BridgeBrigade, or just the Brigaders. So what is a Brigader?

A Brigader is someone who fights against Chaos or for Order, or both! Their main enemy is the ChaosKing of the time, and any ChaosLords the CK may release onto a world.

Their abilities include, but are not limited to:

- Moving between universes
- Moving between timelines in a universe
- Cross dimensional communication
- Cross universal communication
- All forms of scientists
- Magic that is understood
- Use of **slight** mind control
- Creating illusions around themselves and others
- Creating clothes, gear, and food
- Shapeshifting (most use only one form per universe unless necessary)
- Creating portals

They will generally avoid:

- Weaker forms of Chaos
- Stealing without notification of the subject
- Being unpredictable

1 - LuminousLynx

Brigade Name: LuminousLynx

Real Name: Lauren

Homeworld: Unknown Earth

Short Name: Lumi

Age: 14

Element: None (revealed later as Unity)

Personality: Lumi is the leader, so she has some responsibility. She puts up a very weak front, but is only hiding her strength of will. She likes to see others benefit, but only if they deserve it or if she really cares for them. Very smart, and a little proud of it. Nervous in new situations and fears the unknown and heights.

Favorites:

Guitar, cats, her family, her friends, Sighting

Regular Roles:

Leader, Protector, Summoner, Healer

2 - Chat1

LL: What should I draw? I'm tired with today's mission. What to do, what to do?

(Bugs brother: "No. I'm playing 150cc Mirror Mode.")

LL: OnyxOcelot? You there?

OO: Yes

LL: I need a new monologue.

OO: Why do I care?

LL: ... Just do it.

[Now leaving |A|: KittyWht]

[Now entering |C|: KittyWht]

LL: So, what to talk about...?

OO: go away

LL: No

OO: Leave

LL: No

OO: WHAT DO YOU WANT?

LL: I just said, a monologue.

OO: ... Fine.

LL: yay!

OO: ... Go away.

LL: agh! @?~!>

OO: XD

LL: Just give me some words!

OO: I just did...

LL: (reviewing chat room page) hm, you're right.

OO: Duh.

LL: I hate you.

OO: (obviously quoting a previous statement) I know. That's just the way I like it.

MUAHA!

[Now leaving |C|: KittyWht]

{System will now shut down.}

2 - Chat2

OO: What's an egg?

LL: Uh...You don't know?

OO: What part of "giant metal robot" do you not understand?

LL: Well...Eggs come from chickens.

OO: Okay...Then where do the chickens come from?

LL: The eggs...

OO: Then where do the eggs come from?

LL: I get the feeling that this is going to be a VERY long weekend. *rubs forehead*

2 - Chat4

LL: So what do you think of the story so far, Onyx?

OO: I can't believe you actual write that crap...

LL: You're right. Of course, the only other option is to draw it...

OO: OH GOSH! Never do that.

LL: So stick with writing it?

OO: I guess. But seriously, what is the point of this?

LL: Fill time up over summer. Mom's bound to have taken the Scrying Tool by then.

OO: She still thinks that it's a VG system?

LL: According to her (and the rest of the world), it is.

OO: If only they knew...

LL: Either that or it breaks down by then. Nintendo has a habit of faulting, especially with cheating devices.

OO: I'm guessing your brother took your DS and used the AR on it, so it's malfunctioning.

LL: You know my brother and video games.

OO: No, just boys in general and video games.

LL: :) It's great having you back Onyx.

OO: You'll change your mind in a little while. >:)

2 - Chat3

LL: So, I've finally gone from "fankid" to stalker...

OO: And you are proud of this because...?

LL: Well, it's a lot more fun than watching "Across the Universe".

OO: That movie needed car chases or Bond.

LL: My dad agrees with you.

OO: I mean, seriously, that is SUCH a CHICK FLICK.

LL: And you don't get chick flicks. Robots aren't very good with emotions.

OO: Well, no...It is just a really bad movie.

2 - Chat5

Thom: Hey, what's up sis?

LL: Not much. Tinkering with my bots. *Onyx is lying unconscious on a table*

Thom: Really? Looks like you're taking out her memory processor.

LL: You know this stuff?

Thom: Well, someone had to figure out what was wrong with my computer. Or buy me a new one, but mis padres won't get it.

LL: Mainly because you play games on it.

Thom: Still haven't figured out how to bypass that. Other than the Wii.

LL: Wanna help me?

Thom: Nah, too lazy. Besides, school's starting in five minutes.

LL: I work fast. *flips on a switch on a different table*

OO: Ugh...what happened.

LL: Next time I say I'm in the bathroom, DON'T GO BARGING IN!

OO: ...Thanks for erasing that memory.

Thom: Okay then...*walks out the door*

LL: *shrugging* Boys.

OO: Doesn't school start in five minutes?

LL: Hmm? Oh, no. There's a heat wave. School's closed.

OO: So why didn't you tell him.

LL: Meh, he deserves it for using an Action Replay.

OO: So...wanna go blow up stuff?

LL: As sure as sunrise. *opens portal in front of DS*

OO: This is gonna be fun. Now where's the sugar...
