Chapter 1 - Apart

2

1 - Apart

We've moved on,
You might not even
Remember me, and for that
I cannot blame you.
I want so much to forget
But at the same time
Never want to lose
Those memories of you.
I think back to
The day we met.
We did everything together,
We laughed together,
We cried together,
We fell asleep together,
Looking at the stars.
And together, we climbed,
Climbed to the highest mountain.
But our mountain
Must not have been high enough;
We reached the top,
And had to make
The long journey down.
And so it began:
The fire that once burned
Within my heart,
A fire only you could kindle,
Is nothing more than ashes
Left behind, forgotten.
There are so many things
That still take place
Within my shattered heart
I still miss you.
I still care for you.
I still want to
Know you're happy
And I would still
Protect you with my life.
Only one thing
Has truly changed:
I don't love you anymore.
