This is how Taran views life and she expresses it through music. She says that if you don't like it, then don't complain to her, you're the one that's reading it. Any questions?

1 - Side of the Road

You don't know me
Don't say you do.
My heart isn't free
Because it's not for you.
Don't even try
To charm me.
I won't even lie,
I'm free to do as I please.
I see you walking down the street,
You're looking at me
Like I'm your property.
Don't say a word,
Just get away from me.
You disgust me.
I don't want to see
You anymore.

Chorus: You can get any girl you want
But you don't want them.
You want me but
I'm off the market.
Go for a cheerleader,
Leave me be.
Can't you see they want you,
So just leave me,
On the side of the road.
On the side of the road.

I'm not in love with you,
So stop saying I am.
I hate your guts!
So just get a cheerleader.
I don't want your love,
Your touch,
Your heart,
But I know some girls that want all that stuff.

(chorus)

Don't act like you own me
Because you don't!
I don't need your arms around my waist.

Just go to your night club
And leave me on the side of the road.

I can walk my way to the lights,
So just drive on and leave me
On the side of the road.

2 - Alone

You left me,
When I needed you,
You swore to hold me
But now you never come around.
You don't want me anymore,
You left me in the dust,
You left me alone,
You want someone else.
This room is empty and so is my heart
You left me alone.

Chorus: I wish I had you
But whatever I do,
You don't notice.
My heart is in pieces,
Can't you see it?
I wish you know,
How bad you hurt me
When you left me
Alone.

You can't see me
When I've disappeared
From the world
When you walked away.
You died
Before I could say Goodbye.
You left me alone.

3 - Ocean Waves

Under the ocean waves,
That s where you lay,
After drinking the salty water
You knew it was sink or swim,
You sent down with your ship.
You died honorably,
My captain, you make me proud.
But did you stop to think before you drowned,
About mom or me,
Or even Timothy.
You disappeared from my life
That day
Underneath the ocean waves.

4 - Cliffs

I wake up crying,
After seeing you down there lying
Dead
In the rock bed.
Why did you jump down there
Through the misty air?
Why did you leave us
In this land of dust?

Chorus: I m crying,
I m dying.
I can t stand you not being here.
I need you to hear me
Before I jump in to that same abyss,
Off the cliffs.

I knew you hurt.
I hurt too.
I miss him as much as you
So why did you want to be surrounded by dirt.
I can t ask you to come back,
You want to be with him,
You wasted away to a line so thin,
You left me hanging on a string,
You left me in the hands of those cliffs.

(chorus)

I m not leaving like you did.
I m walking off these cliffs.

5 - Me

Before you heard me sing
You never heard of me.
You say I m depressing,
You think you know me?
You said you knew my mind,
Before you read my poetry.
You say I write like a Goth,
Just so you know, I wasn t taught.

Chorus: How can you know my mind?
My mind is mine
And mine alone,
You have your own.
Stay within your boundaries.
Don t try to understand me.
Accept who I am.
No need to figure me out, man.

I ll always be that girl,
I always have, especially from birth.
To the end of eternity,
That s the way it s meant to be.
Leave my mind be,
My mind is only for me.
It s not for you
To view.

(chorus)

I can tell you
What you might never know
As long as you stop saying
You know my mind because
You don t know half of me.
You don t know half of me
Because I m keeping
A lot of secrets.
My friends know they can trust me.

(chorus)

There are secrets you ll never know.

There are secrets that can give a fatal blow.
But I can tell you now
I live on a basic cloud.
Just so you know,
To give one final realizing blow,
You can study me diligently,
But you'll never know even half of me.

6 - I'm Alive

You left me in the dirt,
Blood on my shirt,
Thinking I was dead,
Thought you paid off your debt.
You thought you were safe
Leaving me to chase
Some girl with a bust.
I rose from the dust.

Chorus: I m alive!
To break your spine.
Rose from the grave,
This is my vengeance day!
I m no zombie,
But you better start hiding.
From the dead I rise,
I m alive.

Break my heart again,
You ll be dead!
Thought I disappeared,
Time for you to fear.
Your time is up,
I m going to kick your butt.
You re going to die,
But unlike me, you aren t going to rise!

(chorus)

I m alive!
You ll die!
Don t you date beg for me
To show some mercy.
I ll get you
Before you even know
I m there.
You don t know where.
When you re asleep
Or in an alley.
You can try running home,
I ll come trough the window.
You ll be dead

Before you hit the bed.

(chorus)

You ve just died
But I m still alive.

7 - California Life

Walking down the street
Taking in the scenery.
These streets are quiet,
In these early hours before the tourists
Come out to play,
In the ocean waves.
This quiet can't last forever.
Teens will soon be out with their usual whatever.

Chorus: California life
Is faster than life.
Te strive to look young
With abuse from drugs
Make that hard.
Too many criminals not behind bars
The streets aren't safe at night.
People like to fight.

Whatever you say,
Whatever if you stay,
Whatever if you go,
Whatever to anything you know.
Whatever to who you like,
Whatever to the homework assigned.
They'll say whatever
To almost anything.

(chorus)

The school bell ring,
With a loud ding.
The students will go to class full of dread,
Wishing they were in bed.
What is the point of life
If you can't party day and night.
California life will fade away,
Not matter what the experts say.

(chorus)

Their way of life
Is like a knife.

Cutting them like bread
Till they re dead.

(chorus)

Whatever, whatever, whatever
Whatever to what you think.
Just whatever!

8 - Burnin Through the Night

The flames leapt high
Into the night.
You were still inside.
Why did you not come out?
What were you thinking about?
Did you have a doubt?
I don't blame you.
Our enemies never knew,
That I saw them run from view.
I know who started the blas,
I know every detail of their face.
I'll get them one day,
Unless I forgive
Them for what they did.
I don't think I will
But at the moment, I have to pay the bills.
I still see those flames leaping high,
Burning through the night.
Some say I have a fire burning in my eyes.
They burn in memory of you,
My brother, reborn in heaven anew.

9 - Lullaby for Diana

Hello my love,
You've called me on this phone
To hear me sing.
Thank you for calling,
You remind me I'm not alone.
Diana it's time for bed.
Go to sleep and find the Land of Dreams.
Go play in the lake,
With me.

Chorus: It's time for bed,
No monster's where you are.
Protected love,
No harm may come
As long as I love you.
You're safe forever,
I promise,
My love,
My cousin,
The one I cherish most.

Sleep well!
Fairy princess.
Sleep well!
Dragon warrior.
Sleep well!
Sweet girl.
No arm comes after you.
Sleep in peace!
Dream of glitter and sparkles.
Dream of sheep in the fields.

(chorus)

Goodnight Diana.
See you in the morning,
If not in your dreams.
Sleep tight, loved one.
Safety surrounds you.
Sleep well.
My cousin,
My love,

My most cherished one.

10 - I'm in Love

I m in Love

He s there,
In his car,
Driving past me
Smiling at me.
He s so hot,
Turns my stomach into a not.

Chorus: I think I m in love
With the guy over there.
I m free as a dove,
With him sitting there.
I m in love with the guy
That picks me up
And carries me away!

Spinning,
Kissing,
Hugging
And Dreaming
He makes me dizzy
And out of breath just being near me.

(chorus)
He takes me
In his arms
And I feel the world
Disappear.
I just want to stay
With him and
Never be alone
Or heart broken
Again!

(chorus)
I m in love
With the man
Waiting for me
Down the beach
By the sea.
