This poem is actually how I envisioned. I will not explain it, but it really fits the song Kremlin Dusk by Utada Hikaru...

Chapter 1 - Untitled

1 - Untitled

I love you so much....

I hope one day you will understand.

I thank God for every moment you were with me,

Up until the end....

Save my soul, come back to me....

Life is no longer worth living,

You were truly, all I had.

With you, I can live forever.....

Calling you, home to me.

Won't you say you will come?

I cry so much. My eyes are fading to gray...

My heart is slowing. I am dying....

My love, don't you know I am out of time?

Can't you feel my pain.....

I only hope I was special to you.

God willing, you won't forget me....

I'm so lost and confused.....

I know you are gone,

But reality does not mean anything to me.

I will have you back, I will not believe them.

And we will be together....

For I know they are mistaken.

I need you, you are so vital...

You are all I have to live for.....
