THE ADVENTURES OF THREE BEST FRIENDS.

it was inuyasha's 18th birthday and also the day he left home to set out on his journey to a place outside the cage that for so many years he had called his home and he was about to leave and never look back. but then he remembered his two best friends sango and shippo he had to go pick them up which one of them was all the way across town. as he was going to get them he started having flashbacks to all of the happy days that he had spent in that town then he remembered that he was usually alone on all those days he didn't know why but he had never trusted anyone that's the way he had always grown up he remembered all of the people who called him a halfbreed or told him to go back to where he belongs and at that moment he realized he didn't belong anywhere. while picking up shippo he remembered all of the good time he spent with him then he went and picked up sango and as they were walking he started thinking how horrible his life would be without them he remembered all of the summers they had spent together but all of those memories had been inside a cage and he was happy for the first time in his life he was getting out of the cage for good and he was leaving with the only friends he had through the years they didn't call him a halfbreed but they treated him like he belonged. walking out of st. jo he thought with his friends by his side how great it was to be free not long after they had started walking some one had already wanted to challenge them. all inuyasha could manage to say was "who are you and what do you want?" the masked men then spoke "i want your life inuyasha" "but what did i ever do to you?" is all inuyasha said "what did you do well for starters YOU KILLED MY BROTHER!" "who was your brother?" "my brother was one of the drunks in the park a long time ago" "well can you refresh my memory on which drunk that was" "the one with the hat you numbskull" "oh that one he was tasty." "well lets see how 'tasty' you find this" *just then the masked man pulls out a gun and starts trying to shoot sango and shippo* shippo yelled "inuyasha HELP!!!" just then inuyasha and sango pull out their weapons and start blocking the bullet shots.

a few months after all of that happened the gang is in asia

it was midnight and all was quiet the gang decided to stop for the night then the unspeakable happens it's the NIGHT OF THE NEW MOON.

"oh no guys look at me" "why what happened inuyasha?" inuyasha said "it's the night of the new moon" "oh well inuyasha we should stop in here it looks like a good hotel" "fine but don't expect me to sleep" "don't worry we don't do we shippo" "uh uh"

inuyasha just recovered after a nasty hangover "inuyasha you feeling ok?" sango asked "ya i'm fine" "you sure you don't want to stop" "uh hu" just then some body started shooting at them inuyasha said "whoa suddenly i feel great time to fight" *then he started shooting at sango and shippo* "NO YOU'RE NOT GONNA HURT MY FRIENDS!" sango gasped

had inuyasha just called them his best friends? *inuyasha saw two bullets heading for both of them so inuyasha jumped in front of them and took both bullets to the chest *sango and shippo cried out* "INUYASHA!!!!!" inuyasha managed to choke up "good bye friends" then he was gone and as they looked into the midnight sky they saw that the stars rearranged in the form of inuyasha *and a tear rolled down the dead inuyasha's face* and then both sango and shippo broke down crying all that sango said was "good bye inuyasha you may be gone now but you will live forever in our hearts"

this story was dedicated to inuyasha who risked his life to save the only friends he ever had.

this story was made because everyone says to me go back to where you belong and every time i said that i dont belong anywhere and i only have 3 friends those 3 are max,rage,and edward elrics girl. and so this is the story of me my friends and the way i die and how sad people would be so when ever someone says i dont belong i think of my friends and how much they keep saying i belong when i know i really dont.but when im with my friends and my girlfriend over the internet or in person i feel like im accually wanted.
