## 1 - chapter 1

Inuyasha and the others were walking to a nearby village when they saw a group of people who were yelling and waving pitchforks in the air. "Hey what's going on over there?" Kagome asked "I don't know but I smell blood." Inuyasha replied "Let's go check it out." Miroku suggested as they started pushing through the angry crowd. In the middle of the commotion they saw a boy with ears like Inuyasha's but they were bigger like wolf ears "What's going on here?" Sango asked "This demon came into our village and killed our livestock!" a nearby man said "The boy looked over and said 'I swear I would never do a thing like that it was the wolf tribe!'" "CAN IT!" the man said as he hit him with a tree branch "GAH!" The boy yelled as he was hit in the face "Stop it he's innocent!" Kagome said "Yeah right he is a wolf demon!" the man said again "Yeah he's probably in line with that wolf demon Kouga!" another man said kicking the boy as he was on the ground in pain "Keh I doubt it, he doesn't have a scent of the wolf tribe on him." Inuyasha said as he walked towards the boy "Yes that means this boy is not in league with them, therefore he didn't attack your livestock." Miroku said "And besides the wolf tribe rejected me because I'm only a half demon!" the boy said as he got up but was soon knocked down again by an angry villager "SHUT IT!" the villager said "Leave him alone!" Inuyasha said as he punched the villager in the face "He doesn't smell like animal blood but he does smell like his own blood, and that's because you guys are ganging up on him! You people make me sick!" Inuyasha yelled at all the villagers, the villagers all went away as soon as he yelled at them. The boy fell to the ground unconscious "Oh no!" Kagome said as she ran over to him "Kagome is he ok?" Sango asked her "Yeah he's just unconscious." Kagome replied "Kirara, transform so you can carry him on your back." Sango said to her demon cat "Kirara transformed in a flash of flames and Inuyasha loaded the boy onto her back. They were all sitting by a campfire when they heard the boy wake up "Oh good your awake." Sango said looking over at the boy, when she said this he jumped up and hid behind a nearby tree "Who are you people?" he asked them "We are the ones who saved you from the villagers." Kagome replied "Oh that was you?" he asked and came out and sat next to them, they stared at his arms and saw they were all bruised and cut up "are all those from villagers?" Miroku asked "Huh? no some of these are from demons or wild animals, by the way my name is Erandor Konojo." he replied "I'm Miroku" he said "I'm Sango" she said as Kirara layed next to her "I'm Kagome." she said as she started to tend to his wounds "and this is Inuyasha" Kagome said as she pointed to him "Keh." is all Inuyasha said as he looked away "nice to meet people who don't want to kill me as soon as I meet them" Erandor said as Kagome finished tending to his wounds.
