Chapter 1 - I still shed a tear

2

1 - I still shed a tear

He was the hope
In my life
I would think of him
In my time of strife

I would call him
Just to hear him speak
When he hugged me
My knees when weak

His smell, so sweet
Like milk and honey
He made my day shine
When it wasn't sunny

But then she came along
And took that all away
And i was there
On that fateful day

When they held hands
And smiled at each other
My heart would split
A little bit further

When i got home
All i could do was cry
Grab the blade
And let it fly

If flew across my skin
Making a deep red line
And all i could think
Was he should be mine

I had to stop talking to him
Because every time i did
I would cut and cry
And make myself sick

The pain is not as strogn as before
But it is still here

And every time i think of him
I still shed a tear.
