1 - dream of a nitemare

Where are we, Sister?" asked a little girl with long, black hair and bright, purple eyes.

"I dont know." said another little girl who looked almost identical to the other. She, on the other hand, had short creamy light brown hair and aqua eyes. They seemed to be in a dark room with not much furniture in it. It was an underground celler which was hidden from anyone looking for whoever was hiding in it.

change scene

"They will die along with you if you don't tell me where they are." said an evil figure which was shadowed out.

"I will never tell you!" yelled the voice of another man of the same hieght and with dark hair.

"Well then, If I dont get what I want, you won't get back what you want. You lost." he said smugly. The other man looked a little confused at his remark. Then, in response to his confused gaze, the figure held up a women with black hair that had red tips at the end.

"No." said the man, noticing it was his love.

"Like I said, give up your daughters or she will die along with them once I find them." the person smirked.

The man could not reply. He could not chose his love for his wife over his love for his daughters. he staggered to say " I...I can't."

"Awww, what a pitty." he said with fake remorse "Then she dies." Before the other man even had time to reply, he pulled out a kunai and plunged it into the woman's heart. She let out a scearm of pain, waking from her unconcious. She then died and fell to the ground.

"Ahaha" the figure laughed at the man's pain. The man ran over to check to see if the woman was still alive, even though he knew it was too late. He clutched his fist.

"Ha. See I told you. You're foolish. If you would of just gave the girls to me this would never of happened, Brother." He gave an evil smile. The man could not speak. The villian pulled out a small device- an exploive.

"This is where we part," the figure said "but I'll be back for them again." As he threw the explosive, on the ground the timer started ticking. Just as the figure disappeared into the fog, it expoled the man got caught in it and vanished.

change scene

"Sister, what's going on?" the little sister asked, pulling her long black hair out of her face. When the explosion finally hit their area, they fell to the ground unconscious.

*wakes from dream *

ring ring

"Takashi, come on wake up. The bell rang." said a boy about the age of 14 or 15. He had short, black hair and long bangs that covered most of his eyes, which always seemed to be covered by very blackened out sun glasses.

"Shade, why'd you have to wake me?" a girl complained. She was about of the same age, with long black hair that was pulled into a long wrap and purple eyes.

"Well, the bell rung. It's time to go." shade explained

"Fine." The girl stood up, grabbed her backpack off the school desk, and started to follow Shade out the door.

"Hey, Takashi." a voice greeted her at the door.

"Hey, Hikari." Takashi said, seeming tired.

The three of them entered the hall to meet up with two other people.

"Hey, Kari-chan." said the voice of a boy around the same age. He had lavender hair and bright blue eyes.

"Hi, Mushra-kun." she beamed in delight at the sight of the him.

"Hello, Takashi." the other boy greeted. He had red hair and aqua-marine eyes and wore a large gourd on his back.

"Hey, Gaara." she replied. The five of them walked out the school door onto the concrete, the sun shining brightly down upon them.

"Ok, guys. I guess I'll see ya tomorrow." Shade said, walking to his house.

"See ya tomorrow." the four waved good-bye.

"Hey, Gaara." Mushra said smugly. Gaara looked up to see what he wanted.

"Race." he challenged, glaring at Gaara.

"You're on." Gaara said, glaring back.

"Ok then, lets make it intresting." he said evilly, "The loser has to treat everyone to ramen, how ever much they want, even if you go broke."

"Fine." Gaara accepted.

They got into position.

"On my mark!" Hikari yelled with her hand in the air. "Get set!" Time seemed to stand still as they waited. "Go!!!" She brought her hand down. The boys took off towards the house as fast as they could run.

"I bet Mushra will win." Hikari said mockingly to Takashi. Takashi wasn't really paying attention. Hikari was surprised that she didn't insult Mushra and make a come back about why Gaara would win. She stared at her sister, waiting for her to say something. She never did. Takashi continued to walk home, staring off into the distance.

"Hello? Takashi, you there?" she asked, waving her hand in front of the girl's face. Takashi looked up, but still didn't say anything. "You fell asleep again in class." She said finnally realizing what was wrong.

"Yeah." she answered quietly after a while.

"You also had that dream, didn't you?"

"I don't want to talk about it." she said, looking away.

"I know you don't but you can't sleep. It's been two weeks since you've slept without that dream."

"I know." They arrived at their house. Before Hikari could say any more they noticed Gaara and Mushra on the porch. Gaara looked tired and Mushra had a huge grin on his face, indicating that he had won the race.

"I feel a deep emptyness in the pit of my wallet." Gaara groaned.

"Ha!!! I won. Anyone feel like ramen?" Mushra asked triumphantly.

"ME!!!!" Hikari yelled happily.

2 - why me

Later at home after dinner

Gaara turned his wallet upside down, hoping for something to fall out. Nothing did. Mushra, who had fallen asleep while watching T.V., was knocked out cold on a pallet in the living room. Hikari was beside him, asleep in his arms. They both were smiling softly in their sleep. Takashi was nowhere to be seen.

"Ok. Mushra and Hikari are asleep and out of the way." Gaara thought to himself. "Now where is Takashi?" He looked around and out the window. Takashi was sitting on the porch steps, looking up at the stars. Gaara walked out to where she was.

"You still up? It's late." gaara said, sitting down next to her.

"I can't sleep." she replied quietly, still staring at the night sky.

"Welcome to my world." he said with a smile.

"So what do you do at night when everybody else is asleep?" she questioned, looking down from the stars and at him.

"Not much. Just think, I guess." he answered, staring back at her. She didn't say anything after that.

"Well, why haven't you been sleeping that well?" he asked. His eyes were full of concern.

"It's just that I've been having these dreams. It's nothing really to worry about." she said, trying to avoid the subject.

"Your avoiding the problem. I know it." He stared at her, hoping that she would talk. "I want to help, but I can't if you keep hiding things from me."

"You wouldn't understand." She averted her gaze from his aqua marine orbs to the floor.

"Maybe I would if you told me."

"Talking about it would just make the pain worse" she sadly told him.

"I know it hurts. Believe me. I know."

"My dream," she stuttered for a moment, "my m-mother," She clenched her fist. Gaara finally realized why she was acting like this.

"I can't stand to think of the dream." she continued. "It hurts too much. These dreams, they aren't just dreams. I feel all of the pain, all of it. The pain my mother felt when she was murdered, the pain my

father felt, the fear Hikari and me felt, all of it." Tears were threatening to spill from her purple eyes. She held them in even though they desperately needed to be released.

She's strong and has too much pride to cry, and for that it only makes it harder on her and much more painful.

"I know it hurts. I know how it feels, Takashi. My mother died too." he said, trying to help ease her pain.

"No..no you don't." Takashi said, unclenching her fists.

"Your just holding it in, your pain."

"Why do you even care?" she asked, re-clutching her fists tightly.

"Because I do. Is there something wrong about that?" he asked sarcastically. Then thought to himself "She's stubborn, I admit, but I do care. She just won't believe it."

"Yes, there is. This is my problem, not yours. You shouldn't concern yourself."

"What if I make it my problem, and what if I want to help. You can't do this on your own. Takashi who didn't say anything started to get up and walk off, but Gaara grabbed her shoulder.

"You can't go through this alone." Takashi's back was still turned to him. She couldn't turn around. She didn't want to turn around.

"I can't involve him." she thought to herself sadly. "It's just too hard. I won't let him get hurt. I know what I'm supposed to do, but I don't want him involved. I can't let him die trying to protect me."

She felt his tight grip on her shoulder. She knew he wasn't going to let go until she talked. Gaara blinked slowly when he reopened his eyes she was gone.

She had teleported away. When she opened her eyes she was in her room. "gomen." She said quietly under her breath.

~change scene~

"in do time takashi." gaara said under his breath "but why why wont you tell me now."

~change scene~

Takashi flopped down on her bed hugging her pillow tightly she couldn't sleep. She rolled over to stare at her the picture on the side of her bed. In the picture was her and her sister smiling happily. She wanted to be happy but every time she thought of happiness she saw her as a little girl playing outside with her mother and father and sister. She stayed awake all night staring at the picture, hoping for happiness.

~The next morning~

* beep beep beep *

3 - shcool...what a drag

Takashi's hand slammed down on the alarm clock. She sluggishly got out of bed yawned a little at her tiredness being she hadn't slept a wink. She went over to her closet and pulled out a pair of blue jeans with flare at the end, a sleeveless black jersey like hoodie, blue nin shoes, and a skull belt. She threw her cloths on and then went over to the mirror on her dresser to see her bed head, which looked a lot like a afro. Yanking and pulling her hair for a while it began to become untangled. After she was done brushing her hair she pulled it into a long wrap like she always did.

After all that was done she grabbed her backpack and went to the door. She looked out the door to see if Gaara was around cause she didn't feel like explaining to him why she ran away from him last night. She looked to her left, the coast was clear she look to right, no one was there ether but from behind her she heard

"Trying to hide from some one." The red head said

"No not at all Gaara." Takashi said with a guilty face.

Before Gaara could say any more to her she had stepped into the hallway and ran down the stairs. When she reached the bottom and entered the living room she saw that Hikari like always was still asleep. For once Hikari sleep later than Takashi cause she was use to being the last one up. She saw Mushra in the kitchen making some waffles. He noticed Takashi coming down the stairs.

"Takashi can you wake up Hikari ive tried everything." The lavender headed boy said.

"What no good morning Takashi." Takashi said smirking at him

"Good morning" he said agitated a little

She nodded and set her backpack down on the couch and went over by Hikari who was still sound asleep.

She bent down and shook her a little.

"I've tired that already." Mushra exclaimed.

"Watch the master." Takashi said trying to make her self sound smart

She bent down lower to wispear in her ear

"Mushra in hot boxers." Takashi said with a smirk on her face waiting for her sisters reaction.

To the sound of that her Hikari jumped three feet in the air.

"Where" she said in a very loud tone of voice looking from left to right.

"Not funny" she said noticing that she was lying

"Good your up" said a voice coming down the stairs, it was Gaara "you need to hurry or will be late.

"When are we not late" Mushra said pulling the waffle out of the toaster and smothering then in syrup and butter.

"You have a point trying to get those to up is like trying to get Naruto to stop eating ramen" Gaara said with a playful smile. Walking over to the toaster to cook him some waffles to.

"Go eat your waffles" Hikari said glaring at gaara.

"Fine but you still need to go get ready." Gaara said

"Fine" Hikari said tiredly.

She got up and went up the stairs.

Takashi sat down at the bar and buried her head in her arms.

"Are you going to eat Takashi" Gaara asked

Takashi lifted her head from her arms

"No you can have mine" she said giving a fake smile trying to hid the fact that she was very tired and just to tired to eat any thing.

"Ok" he said eating some of his waffles

Mushra who was still stuffing his mouth with waffles

"come on" Mushra said choking on the last piece if his waffle that he had also stuffed in his mouth.

"I'm coming" Hikari said walking down the stairs taking her sweet time and moving her brown hair out of her eyes.

Gaara took the last bite of his waffles and then put his and Mushras plate in the sink ans walked over to the door where Mushra and Takashi where waiting.

Hikari just reached the door just as Gaara went out the door with us.they started off Gaara along side Takashi and Mushra on Hikari's side.

"Ow that's just great how am I suppose to avoid him when I sit right next to him in like all my hours." Takashi thought to herself as they saw the gates of Tenjo High the school that they attended.

"come on" a voice said from the school steps.

The four of them noticed it was Shade on the steps, he always seemed to wait for them

"hurry up will be late.....again" he exclaimed

They hurried into the school yard and on to the steps meeting up with Shade. They went in the hall, the bell had already rung, went on their way and entered the classroom to their surprise the teacher hadn't arrived yet in the room but they weren't complaining. They sat down Takashi buried her arms in her head. The teacher walked in the class. She was an older woman with grey hair, hazel eyes and a pointy nose. She wore an old kimono that fit her name just right, Mrs. Scrubs.

"Good morning" she said in a shrill voice
"it's nice to see all your bright shining faces" she added

She looked out at the class no one was smiling.

"Ok then everybody get out your homework" the old hag said

The class did as she said most of them were scared of her so they didn't bother not to listen. The teacher stuck her nose in her book which was in one hand and a ruler in the other and started.

"Number one x/90"

She raised her eyes just above her book so she could see the class. She wasn't surprised to see Takashi like most days lately had her head down and wasn't paying attention. She slammed her ruler down on Takashi's desk so close it could have hit her in the head.

"Mrs. Kodoeachy (co doe each y) PAY ATTENTION"

Slowly Takashi pulled her head up. This was a regular day for her, for some reason the old hag always picked on her because she didn't like her last name no one knows why.

"Whatever" Takashi said turning her head to the side as if she was trying to annoy the teacher.

"Where's your homework"

"Homework" she flashed a confused look

"Yes problems 1-30 in your textbook" the teacher sneered

"Ow that.....I didn't do it" Takashi said it wasn't unusual for Takashi not to have her homework.

"Then you'll see me in after school detention"

"I don't want to see you anywhere" she mumbled under her breath "Like I'll be going" Takashi said getting a little annoyed with herself.

"You're a disgrace" the old hag was trying to work her nerve "Wait I take that back..... your whole family is a disgrace" she sneered.

Takashi's eyes filled with rage it wasn't hard to make her mad. She stood up knocking the chair behind her off its legs. She stared the teacher dead in the eye, clutching the collar of the woman's scrubby kimono while her other hand was engulfed in flames.

"This is the first time she's used her fire power since the dreams started" Hikari thought to herself as she stood up ready to catch Takashi's attack.

Mushra who was asleep at his desk, he never seemed to get in trouble for it.

Shade and Gaara stood as well knowing Takashi wasn't going to hold back after what the hag had said.

Takashi not even looking the teacher in the eye now had her fist balled up tight, she swung as her fist flew through the air stopping an inch in front of the teacher's face. Something was restraining her from moving on any further in her attack. She looked to her side she saw Shade at one shoulder and Gaara at the other shoulder while Hikari had her arm. Takashi knew that they wouldn't let her go any farther with her plan, her hand slowly returned to normal as the flames went out. The three of them let her go as she still stood in disgust.

" LEAVE NOW" the old hag yelled at the purple-eyed girl.

" GLADLY" she yelled back.

She left the room yanking the door open and slamming it almost tearing its hinges. The other three went to leave the room to go get her lord knows what she could do.

"Where do you think you're going" Mrs. Scrubs said

The three of them sat back down in their seats avoiding more trouble.

4 - rage that can only come from a demon

The bell for first hour to end rang. Hikari woke Mushra from his sleep and told him what had happened he didn't see why Takashi would want to hit the teacher she was always so nice.....to him. Hikari Mushra and Gaara went in the hall Shade followed.

"Hey Shade stay here and cover for the three of us were going to go find Takashi" she told the dark haired boy.

He nodded and went off to second hour while the other went down the hall.

"We better hurry before she runs to far" the red head said

"aw come on why now she's probably already ran to far for us to find her" the tired lavender head boy complained

"You and I both know that Takashi doesn't run she's probably just went to blow off sum steam" Hikari told the boy.

"Like she doesn't have enough of that" he mumbled "why cant we go home and wait for her there" he said a bit annoyed.

"No were going to go find her" Gaara said raising his voice at the lavender headed boy, they always seemed to get into a fight about something.

"hm I think you like her"

Gaara stunned at Mushra's remark didn't say anything after that.

"Come on we better hurry before another wild fire breaks out. Hikari said smiling a bit at Gaara's reaction.

They walked out on the steps as the bight sun shun in there eye's Hikari with one hand at her forehead to block out the sun. Looking around she saw a large gray smoke cloud coming up from some near by trees.

"See now what did I tell ya" Hakari said proudly and smiling.

The other didn't reply instead they walked over towards the trees, Mushra with his hands behide his head using them as a pillow, Gaara who still shooken up by Mushra's remark, and Hikari walking at a steady pace. When they finally reached the opening where Takashi had went they saw her shooting large fire balls or strikes at tree which had the impression of Mrs.Scrubs on it.

"Die" she yelled still very angry from before and her eyes were still flooded with rage.

"Takashi come down" Hikari said to her younger twin

Takashi not noticing who it was ready to turn and strike the person. She swiftly did turn around and charged after the closest person which was indeed Gaara. Gaara noticing that she was headed his way foamed a hand sign or two, his hand became encased in sand ready to catch Takashi's flaming fist which came so very close to hitting him. She fell to her knees her eyes changed from their ember red state back to their bright purple finally catching her thoughts and knowing what she had done fell to the ground on her knees.

Hikari busy stringing water from her hands and extinguishing the flames which were on all the surrounding trees.

"You know Gaara if that would have hit you even with your shield and sand armor it could have killed you" Hikari said not surprised this happened regularly except this time she was overpowered by her own power she wasn't even conscious of the hit she was about to land on Gaara

"It's like something's controlling her" Hikari thought to herself as she extinguished the last of the fire.

Gaara's sand on his arm fell to the ground and then flew up into the gourd on his back. Then helping Takashi off the ground and placing, then he placed one of her arms around his neck so she wouldn't fall. She was out of it and her energy was drained and she was struggling to keep her eyes open as.

"Now if that's not liking her I don't know what is" Mushra thought to himself while smiling.

5 - shining stars please lead the way

* Later when they arrived at the house *

Takashi and Gaara came threw the door first with Mushra and Hikari right behind them.

“I think you need to rest” Gaara said to the purple eyed girl with his eyes full of concern

Takashi and her headstrong self marched strait up the stairs pertending not to hear him and also acting as she was refusing to rest. When she got up stairs she did so intend to rest fro every bone in her body felt as if it was on fire. She walked into her bathroom and turned on the hot water adding no cold, the water began the fall from the fouset and steam filled the whole bathroom, slipping out of her cloths and into the bath she tired to relax leaning her head on the back of the tub.

down stair

“its so frustrating” the red hear said his face turning the color of his hair

“loved ones” his face confused

“heh you know like a best friend like loved one” she said scraching the back of her head

“and they cant relize they like each other, they really are slow” the lavender head boy thought to him self

“fine ill explain” Hikari said as she stared to tell all about what was going on .

Takashi who was already out of the tub in her cloths and on the balcony leaning against the stone railing with her head down she slowly looked up at the shinning stars and whispered slowly “what now elder.....what now”

down stair

“owwwwww so that’s why “ Gaara said dumbfounded

“yeah so that’s your story for ya” Hikari said takeing a large breath

Mushra quiet for once taking a sip of tea and seting down his cup “im going to bed” he said and headed up the stairs

“ill be up in a minute” she said looking up at the stair and then turning back to Gaara “so don’t worry about her shes only thinking of your safety “ she said and leaving it at that she went up the stair

* back up stairs *

Takashi was in bed and asleep surprisingly. Gaara walked in to say what he needed to say but to his dismay Takashi was asleep. He went over to the bed were she lay and pulled the covers up and placed a kiss on her forehead like a father would do. He began to walk out “ sweet dreams “ he walked out and just befor he shut it “hopefully”

Gaara who didn’t notice Mushra standing by the door, he went down stair with out a sound. Mushra still standing at the side of the door

“now if tjat isn’t like I don’t know what is” he thought to him self.

6 - is this for real is he really alive

* dream *

Takashi who seemed to be in a dark place with no light , so dark she couldn't even see her hand in front of her face. She felt an emptiness , loneliness , cold , like a jail . She saw something in the distance. It got closer and closer, unsure of what could be behind her she was afraid to move back. As it got closer it seemed to be an energy of some sort but as it got closer the air around became warm and soothing. When it was about 6ft from her it stopped moving. The ball like energy started to form a glowing silhouette formed a human figure and details formed as well right before Takashi's eyes. The figure that had formed seemed to be a women no older that 30. She wore a long plain purple kimono that covered her feet. The figures eye were closed but, when they opened the glistened in a sea green color. Her hair was long blond and pulled into two pig tails that draped over her shoulders.

"Young one Takashi you have called and I am hear to answer" the figure said in a soft voice that was calm and low.

"Wh.....who are you" Takashi said in a stutter

"Elder Hinabi I am your elder that helps you when you need it surly you remember your mother telling you the story about us"

"Ho.....how do you know about my mother"

"Dear I know every thing about you"

"everything" Takashi said with a confused look on her face.

"Yes, the day you were born, what happened to your mother, I know that you stutter when your nervous or thinking on something hard, that you have sister named Hikari, that your favorite color is blue, your element is fire, and that you secretly like that Gaara boy"

"Do not" Takashi said glaring at Hinabi.

Hinabi laughed a little at her reaction

"So who are you exactly sicne elders re sapose to be related to who ever there assigned to " Takashi said still glaring a little bit at her elder.

" I am your third great grandmother on your mothers side"

"Wow you don't look old"

"Well we stay looking young so that when we come to you you will under stand more than you would if

we looked old"

"HmMMM so your saposé me right"

"As much as I can"

"Could you tell me who killed my mother"

"Well if only we knew our self me and the other elders have been trying to figure that out for some time now ,but the enemy is cloking himself from us it is very high level magic to keep us from seeing him. He must be very powerful"

"HmMMM I have nothing to run on both my parents have died and I have no other family "

"Oh you don't know"

"Know what" Takashi face was confused looking.

"Your father has not died"

"Bu.....but I saw him get caught in the big explosion "

"But he didn't die he survived with a few scars "

"Then were is he" he voice raised

"We are unsure all we know is that he is possessed and under the cloking of your mothers killer"

Takashi's eyes were filled with joy

"Your are beginning to wake from your dream" the elder spoke

Dream, she thought to her self "wait is this a dream or is this real" Takashi said reaching for the figure.

"You believe what you think it is" the elder said as the started to fade

"But wait I have so many questions to ask" she said

"In do time you will learn" she said as she began to be transparent "remember don't let your anger take control if you do you'll lose sight of every thing" in saying that the elder turned into energy again and started to float away in the distance.

Takshi reached out to get it ,but from under her the invisible ground broke. Takashi seemed to be falling into nothing screaming but nothing was heard

end dream

Takashi flung up in her bed, her pillow was wet from sweat and the air around her was hot.

7 - wake up

She was still in shock from her dream. She quickly looked around the room to make sure she was home safe in her bed. She hopped out of her bed quickly and skittered past her sisters

Going back towards her room she went in almost tackling her sister who was sound asleep

"Wake up wake up" she yelled shaking her sister as if she was trying to wake a sloth.

"Noidontwanttogotoshcool" Hikari mumbled under her pillow throwing her arm out into the air hitting her sister in the face

As she twitched she continued to shake her sister

"Come on wake up wake up dads alive he's alive" she said still yelling

"rightsuregobacktosleep"she said with her face still under the pillow "WAIT WHAT" Hikari said popping up like an itachi out of a hole.

"What did say" Hikari said making sure she heard right>

"I said he is alive" she said with her face lighting up.

"are you sure...were did you hear it from"

"I'm positive and I heard it from my elder" Takashi said as she smiled with joy

"Wait were did you see an elder"

"In my dream"

"In your dream" she said with a confused yet a little bit of disbelief on her face

"Yah she was our third great grandmother she said that he wasn't dead, he's just been possessed."

"That's great then were is he" Hikari's face flooded with joy.

Takashi's face then got dull and expressionless "I don't know the elders cant find him he's been cloked"

"What are you two doing" said a recognizable voice in the door way, it could only be one person which was Gaara.

"Uhhhhh nothing I just had a bad dream" Takashi said with a guilty look on her face.

"Yah I was just about to go back to bed" she said leaping off the bed.

"Riiiiight" Gaara said lifting his invisible eyebrow

Takashi started to walk out the door. As she quickly went out Gaara nodded at Hikari indicating that he was leaving and shut the door to Hikari's room. Takashi who was headed back to her room, she was about to head though the door when she felt a hand on her shoulder, the same hand as before the same shoulder as before, she knew the only person it could be was Gaara.

He leaned in to her ear "You don't have to be afraid to tell me anything" he told her quietly in her ear, while still holding tight on to her shoulder.

She gently took her hand and pulled his off of her shoulder. She then went inside her room with her hands on the door ready to shut it, but before she did she looked him dead in the eye and said "If you only knew the half of it, the thing is I'm not afraid, I'm only protecting you". With that she shut the door. Gaara with his hand in the air just as last time, he pulled his arm down and crossed his arms.

"Why so stubborn" he thought to himself as he walked off away from her door and into his room.

* back in her room *

Takashi who after that went on the balcony as she did before look at the stars with delight.

"Now if only I could get a good night's sleep" she spoke softly to herself with her head down. As she turned and look back up at the sky, she saw a single star twinkle bright insuring her she at least have one night of sleep. As she went back into her room and shut the balcony door she felt as if it had been forever since she sleep peacefully.

"No go away I don't wanna go" Takashi said from underneath her pillow

Gaara sweatdropped and shook her again "come on ill throw water on you"

"No you wont" she said rather loudly

A figure stepped in the door way "don't think he wont" said Mushra with steam coming from his whole body.

"I only did that cause you refused to get up after the 11 time of going in your room.

"hm" his face was steaming red as he walked away.

By this time Takashi was already up and brushing her hair. Gaara turned and saw that she was up and left the room.
