1 - saved by a silver- haired boy

that's the main character in the story. her name is kyoji matsumoto. she actually (sp?) wears glasses though.

"Kyoji it's time to go to school!" Her mom said. "Coming mom! I'm going!!" She replied. "Have a nice day at school my little miko." Her mom told her. (note: her mom calls her that because she can play the flute so well basically everyone thinks it's magic so they call her a miko) "I will. Bye!" She said as she left. She ran down the stairs, out of the apartment, to the garage and grabbed her bike. As she pedaled down the street she could sense something weird happen. She stopped at the sidewalk and waited for the crosswalk sign to turn to walk. She noticed a figure standing in the street. "A little boy!" she yelled. She dashed in the street just as a semi-truck was appearing. "Watch out!!" She yelled as well as running as fast as her legs could take her. She finally got to the boy and shielded him in an embrace. Just then she could feel someone snatch the boy and herself out of the street. Then she was dropped. She fell with a thud. She opened her eyes and looked up. She saw a boy about a year older than herself with silver hair to mid-back and a red kimono. He had a hat in his hands. Then she noticed that he had ears that looked sort of dog like. "Inuyasha put your hat on!" The girl with him yelled. She just sat there looking at him forgetting about the little boy in her arms, until a woman came running about 35 years of age crying towards her. "Kisuki don't ever do that again! You got that? I could have lost you!!" The woman said tearing the little boy from her arms. She just sat there and stared at the mother of the little boy, not believing that she looked right at you without even noticing you. After that you finally made it to the school right before the bell. "Today class we have a new student." The teacher announced. She got a few smiles from girls and heard some boys talking in the back. "Please introduce yourself." The teacher added. "Hello..My name is Kyoji Matsumoto. Umm....I'm 16 years old." She said a little frightened of what they might think. "Everyone say hi." The teacher ordered. The class said hi. "Kyoji how about you go sit next to Kagome. As you walked down the aisles of the desks you could see people look you up and down, some with disgust and envy and some with interest and curiosity. "So your name is Kyoji." The girl they called Kagome said. She just nodded. "I'm Kagome! Nice to meet you!" Kagome said. "You to." She said. "May I ask you a question?" She said. "Sure!" Kagome replied. "Who was the boy with you this morning?" She asked. "I'll show you after school." Kagome said nervously. "Okay." She said back happily because she had made a new friend.

I'm sorry! I gotta get off now!
